

DEPARTMENT OF EDUCATION**Notice of Proposed Information Collection Requests**

AGENCY: Department of Education.

SUMMARY: The Leader, Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before January 25, 2000.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: November 22, 1999.

[Project No. 11656]

Lake Dorothy Hydro Inc.; Notice Soliciting Scoping Comments

November 19, 1999.

The Federal Energy Regulatory Commission (Commission) regulations allow applicants to prepare their own environmental Assessment (EA) for hydropower projects and file it with the Commission along with their license application as part of the applicant-prepared EA (APEA) process. Lake Dorothy Hydro Inc. (LDHI) received approval from the Commission to prepare an EA for the proposed Lake Dorothy Hydroelectric Project under Project No. 11556. Since that time LDHI has received a new Preliminary Permit for the project (Project No. 11656).

LDHI held two scoping meetings on April 24, 1996, pursuant to the National Environmental Policy Act (NEPA) of 1969, to identify the scope of environmental issues that should be analyzed in the EA. In addition, a site visit was held on April 23, 1996. At the scoping meetings, LDHI: (1) Summarized the environmental issues tentatively identified for analysis in the EA; (2) outlined the resources they believed would not require a detailed analysis; (3) identified reasonable alternatives to be addressed in the EA; (4) solicited from the meeting participants all available information, especially quantitative data, on the resources at issue; and (5) encouraged statements from experts and the public on issues that should be analyzed in the EA.

Scoping Document 1 (SD1) and 2 (SD2) were issued on September 9, 1996, and December 17, 1996, respectively. Since then, LDHI has made several changes to the project as earlier proposed. Because the parties have previously met to discuss the scoping issues and a site visit has been conducted, LDHI is not proposing another scoping meeting and site visit. Instead, LDHI is conducting paper scoping to solicit any new issues that should be addressed for the slightly different project configuration. The new scoping document is Scoping Document 3 (SD3). Copies of all three scoping documents can be obtained by calling Ms. Sue Tinney at (970) 944-1020 or E-mail tinney@rmi.net.

All interested individuals, organizations, and agencies are invited and encouraged to provide comment of the SD3 to identify and clarify the scope of environmental issues that should be analyzed in the EA.

Written comments must be submitted by December 18, 1999, and should be mailed to: Mr. Corry V. Hildenbrand, President, Lake Dorothy Hydro, Inc., 5601 Tonsgard Court, Juneau, AK 99801. All correspondence should show one of the following captions on the first page.

Scoping Comments, Lake Dorothy Hydroelectric Project, Project No. 11656, Alaska.

For further information please contact Sue Tinney at (970) 944-1020, or E-mail tinney@rmi.net, or Mike Henry of the Commission at (503) 944-6762, or E-mail mike.henry@ferc.fed.us.
