Recreation Management Restrictions, etc.: Wyoming; Camping Stay Limits

AGENCY: Bureau of Land Management, Interior.

ACTION: Establishment of 14-day camping limit on all public lands in Wyoming.

SUMMARY: In accordance with 43 CFR, part 8364, subpart 8364.1 and part 8365, 8365.1-2, 8365.1-6, and 8365.2-3, persons may camp or occupy any specific location within designated campgrounds or on undeveloped public lands within the State of Wyoming for a period of not more than 14 days within any period of 28 consecutive days. Exceptions would include areas closed to camping, areas with specially designated camping-stay limits, and activities authorized by permit. The 28-day period will begin when a camper initially occupies a specific location on public land. The 14-day limit may be reached either through several separate visits or through 14 days of continuous occupation during the 28-day period. After the 14th day of occupation, campers must move outside of a 5-mile radius of the previous location. The authorized officer may give written permission for extension of the 14-day limit if extenuating circumstances warrant. Camping means overnight occupancy. Occupancy is defined as the taking or holding possession of a camp or residence on public land. Occupancy or holding for occupancy is placing private property used in connection for camping; such as, but not limited to

vehicles, trailers, structures, tents, stoves, chairs, notes, or other personal items. In addition, no person shall leave personal property unattended on public lands for a period of more than 72 hours without written permission from the authorized officer. Unattended personal property will be counted towards the 14 day continuous camp limit and/or the 28 day maximum camp limit. Any property left on public land beyond the camping or hours limit may be impounded by the authorized officer pending disposition in court. Exempted from this camping limit are administrative authorized personnel, law enforcement officers, and fire or emergency personnel.

EFFECTIVE DATE: November 26, 1999.

FOR FURTHER INFORMATION CONTACT: Mark Goldbach, Recreation Program Leader, Division of Resources Policy and Management, Bureau of Land Management, 5353 Yellowstone Road, Cheyenne, WY 82009. Telephone: 307-775-6102.

SUPPLEMENTARY INFORMATION: This occupancy and camping-stay limit is being established in order to assist the Bureau in reducing the incidence of unauthorized long-term occupancy being conducted under the guise of camping, both within campgrounds and on undeveloped public lands. Of equal importance is the problem of exclusion, whereby long-term camping at a given location will deny equal opportunities for other members of the public to camp in the same area or location.

Dated: November 18, 1999.

Alan R. Pierson,
State Director.
