Foreign-Trade Zones Board

[Docket 62-99]

Foreign-Trade Zone 174—Tucson, AZ; Application for Subzone, Imation Enterprises Corporation, Tucson, AZ

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of Tucson, grantee of FTZ 174, requesting special-purpose subzone status for the manufacturing facilities (data storage products) of Imation Enterprises Corporation (Imation), located in Tucson, Arizona. The application was submitted pursuant

to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on November 24, 1999.

The Imation plant (73 acres) is located at 8500 S. Rita Road, Tucson, Arizona. The Imation facilities are used for the manufacturing, testing, packaging and warehousing of magnetic data storage tapes (HTS 8523.13, duty free).

Components and materials sourced from abroad (representing 48–52% of all parts consumed in manufacturing) include: carbon black, iron oxides, polypropylene, polystyrene and polycarbonate resin, acrylic polymers, articles of plastic and paper, and stainless steel tape guides (HTS 2803, 2821, 3902, 3903, 3907, 3920, 3923, 2926, 4807, 4811, 4819, 4821, 4823, 7320 and 7326.90 duty rate ranges from duty free to 10.2%). The application also indicates that the company may in the future import under FTZ procedures other materials used in the production of data storage products.

FTZ procedures would exempt Imation from Customs duty payments on the foreign components used in export production. Some 50 percent of the plant's shipments are exported. On its domestic sales, Imation would be able to choose the duty rates during Customs entry procedures that apply to finished data storage products (duty free) for the foreign inputs noted above. Also, Imation has submitted applications for subzone status at three additional locations, and products shipped to facilities with subzone status could be further processed while remaining in zone status. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ staff has been appointed examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is February 1, 2000. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to February 16, 2000).
