

appropriate for use by nonprofit private entities. Since 1994, CSAP has met this responsibility through the High Risk Populations Databank on programs for the prevention of substance abuse funded by direct CSAP grants. Because relatively few direct grants of this type have been issued in recent years, CSAP must expand its information collection to include voluntary submission of descriptions of effective substance abuse prevention conducted by state and local governments, nonprofit entities, and the private sector.

CSAP has developed a template to enable practitioners who have evidence that their program reduces risk factors or increases protective factors pertaining to substance abuse to nominate their own standardized program for the Registry. Each program that is nominated should have been standardized (including curriculum manuals, implementation manuals, videotapes, etc.), well implemented, and findings should derive from well designed research efforts. Program models nominated will be reviewed and rated by experts annually to be recommended to the field.

CSAP will promote selected models by providing funds to support development of program materials for dissemination, by connecting program developers with organizations able to help in the dissemination efforts, and by promoting model programs nationally through CSAP's State Incentive Grant recipients and regional Centers for Applied Prevention Technology. Annual burden estimates for the Registry are shown in the table below.

SUMMARY: This notice announces the availability of grant funds under the Rehabilitation phase of the Urban Park and Recreation Recovery (UPARR) Program and provides information on the application process including eligible recipients and deadlines for submission of proposals.

DATES: NPS will accept preapplications on or before March 31, 2000.

ADDRESSES: See **SUPPLEMENTARY INFORMATION** section for NPS addresses.

FOR FURTHER INFORMATION CONTACT: Tom Ross, Assistant Director, Recreation and Conservation, National Park Service, Department of the Interior, 1849 "C" Street, N.W., Washington, D.C. 20240; (202) 565-1200.

SUPPLEMENTARY INFORMATION: For Fiscal Year 2000, Congress has appropriated \$2,000,000 for the funding of projects under the Urban Park and Recreation Recovery Act of 1978 (Pub. L. 95-625). By law, grants made for projects in any one State are not to exceed 15 percent of the funds appropriated. Preapplications must be received by the appropriate NPS field office by no later than March 31, 2000.

Rehabilitation grants will be targeted to rehabilitate existing neighborhood recreation areas and facilities which have deteriorated to the point where health and safety are endangered or the community's range of quality recreation service is impaired. Proposals must be designed to provide recreation services within a specified area identified by the applicant. Proposals may identify improvements at multiple sites or facilities, each of which must be individually addressed. Grants may be used to remodel, rebuild, or develop existing outdoor or indoor recreation areas and facilities.

Eligible Jurisdictions: Eligible urban jurisdictions as listed in 36 CFR part 72, appendix B and which have an approved Recovery Action Program (RAP) on file with and approved by NPS within the last five years will be eligible to compete for Rehabilitation grant funds. If a jurisdiction's RAP plan expired since the last Congressional appropriation for the UPARR program (FY 1995), the highest elected official of that jurisdiction may submit either (1) A new or updated RAP for NPS review
