DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Notice of Application Accepted for Filing and Request for Motions to Intervene and Protests

February 18, 1999.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

- a. *Type of Application:* Preliminary Permit.
 - b. Project No.: P-11664-000.
 - c. Date filed: January 14, 1999.
- d. *Applicant:* Universal Electric Power Corp.
- e. *Name of Project:* Monongahela Lock and Dam No. 2 Project.
- f. Location: At the U.S. Army Corps of Engineers' Monongahela Lock and Dam No. 2 Project on the Monongahela River, near the Town of Braddock, Allegheny County, Pennsylvania.
- g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791 (a)–825(r)
- h. *Applicant Contact:* Mr. Ronald S. Feltenberger, Universal Electric Power Corp., 1145 Highbrook Street, Akron, Ohio 44301, (330) 535–7115.
- i. *FERC Contact:* Ed Lee (202) 219–2808 or E-mail address at Lee.EdFERC. fed.us.
- j. *Comment Date:* 60 days from the issuance date of this notice.
- k. *Description of Project:* The proposed project would utilize the U.S. Army Corps of Engineers' Monongahela Dam No. 2 and Reservoir, and would consist of the following facilities: (1) a new powerhouse to be constructed on the downstream side of the dam having an installed capacity of 6,140 kilowatts; (2) a new 14.7-kV transmission line; and (3) appurtenant facilities. The proposed average annual generation is estimated to be 24 gigawatthours. The cost of the studies under the permit will not exceed \$2,000,000.
- 1. This notice also consists of the following standard paragraphs: A5, A7, A9, A10, B, C, and D2.

m. Available Locations of Application: A copy of the application is available for inspection and reproduction at the Commission's Public Reference and Files Maintenance Branch, located at 888 North Capitol Street, NE, Room 2–A, Washington, DC 20426, or by calling (202) 219–1371. A copy is also available for inspection and reproduction at Universal Electric Power Corp., Mr. Ronald S. Feltenberger 1145 Highbrook Street, Akron, Ohio 44301, (330) 535–7115. A copy of the application may also be viewed or printed by accessing the Commission's website on the Internet at www.ferc.fed.us/online/rims.htm. For assistance, users may call (202) 208-2222

A5. Preliminary Permit—Anyone desiring to file a competing application for preliminary permit for a proposed project must submit the competing application itself, or a notice of intent to file such an application, to the Commission on or before the specified comment date for the particular application (see 18 CFR 4.36). Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 30 days after the specified comment date for the particular application. A competing preliminary permit application must conform with 18 CFR 4.30(b) and 4.36.

A7. Preliminary Permit—Any qualified development applicant desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application. Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.30(b) and 4.36.

A9. Notice of intent—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

A10. Proposed Scope of Studies under Permit—A preliminary permit, if issued, does not authorize construction. The

term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

B. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

C. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "NOTICE OF INTENT TO FILE COMPETING APPLICATION", "COMPETING APPLICATION", "PROTEST", "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. An additional copy must be sent to Director, Division of Project Review, Federal Energy Regulatory Commission, at the abovementioned address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

D2. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also

be sent to the Applicant's representatives.

Linwood A. Watson, Jr.,

Acting Secretary.

BILLING CODE 6717-01-M

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6235-1]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Mobile Source Emission Factor Recruitment Questionnaire

AGENCY: Environmental Protection

Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 et seq.), this document announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: Mobile Source Emission Factor Recruitment Questionnaire OMB Control Number 2060–0078, expiration date 2/27/99. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before March 26, 1999.

FOR FURTHER INFORMATION CONTACT:

Sandy Farmer at EPA by phone at (202) 260–2740, by E-Mail at Farmer.Sandy@epamail.epa.gov or download off the Internet at http://www.epa.gov/icr and refer to EPA ICR No. 0619.08.

SUPPLEMENTARY INFORMATION:

Title: Mobile Source Emission Factor Recruitment Questionnaire, OMB Control Number 2060–0078, EPA ICR Number 0619.08, expiration date February 27, 1999. This is a request for extension of a currently approved collection.

Abstract: The EPA Emission Inventory Group, through contractors, solicits the general public to voluntarily offer their vehicle for emissions testing. The owner is also asked to complete a multiple choice form of nine questions that summarize vehicle usage. There are two methods of soliciting the general public for participation in Emission Factor Program (EFP):

1. Postal cards are sent to a random selection of vehicle owners using State motor vehicle registration lists.

2. Motor vehicle owners, who arrive at State inspection lanes for yearly certification, are randomly solicited.

Information from the EFP provides a basis for developing State Implementation Plans (SIPs), Reasonable Further Progress (RFP) reports, attainment status assessments for the National Ambient Air Quality Standards (NAAQS).

The legislative basis for the Emission Factor Program is section 103(a)(1)(2)(3) of the Clean Air Act, which requires the Administrator to "conduct * * * research, investigations, experiments, demonstrations, surveys, and studies relating to the causes, effects, extent, prevention, and control of air pollution" and "conduct investigations and research and make surveys concerning any specific problem of air pollution in cooperation with any air pollution control agency * * *"

EPA uses the data from the EFP to verify predictions of the computer model known as MOBILE, which calculates the contribution of mobile source emissions to ambient air pollution. MOBILE is used by EPA, state and local air pollution agencies, the auto industry, and other parties interested in estimating mobile source emissions.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on August 3, 1998 (63 FR 41251); no comments were received.

Burden Statement: The annual public reporting and record keeping burden for this collection of information is estimated to average 10 minutes to 2 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of

information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: General public owners of "on road motor vehicles."

Estimated Number of Respondents: Frequency of Response: Estimated Total Annual Hour Burden: Estimated Total Annualized Cost Burden:

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 0619.08 and OMB Control No. 2060–0078 in any correspondence.

Ms. Sandy Farmer, U.S. Environmental Protection Agency, Office of Policy, Regulatory Information Division (2137), 401 M Street, SW, Washington, DC 20460 and

Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for EPA, 725 17th Street, NW, Washington, DC 20503

Dated: February 18, 1999.

Richard T. Westlund,

Acting Director, Regulatory Information Division.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6235-3]

Regulatory Reinvention (XL) Pilot Projects

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability of Atlantic Steel Project XL Draft Phase 1 Project Agreement and Related Documents.

SUMMARY: EPA is requesting comments on a proposed Phase 1 Project XL Agreement for the Atlantic Steel XL Project. The Phase 1 Project Agreement is a voluntary agreement developed collaboratively by the project sponsor, Atlantis 16th, L.L.C., stakeholders, and EPA. Project XL, announced in the Federal Register on May 23, 1995 (60 FR 27282), gives regulated entities the flexibility to develop alternative strategies that will replace or modify specific regulatory requirements on the condition that the alternative strategy will produce greater environmental benefits. EPA has set a goal of
