

## Background

On January 4, 1999, the Department initiated and the Commission instituted sunset reviews (64 FR 364 and 64 FR 369, respectively) of the antidumping duty orders on malleable cast iron pipe fittings from Japan and Korea pursuant to section 751(c) of the Act. As a result of these reviews the Department found that revocation of the antidumping orders would likely lead to continuation or recurrence of dumping, and notified the Commission of the magnitude of the margin likely to prevail were the orders to be revoked (*see Final Results of Expedited Sunset Reviews: Malleable Cast Iron Pipe Fittings from Japan and South Korea*, 64 FR 42665 (August 5, 1999)).

On February 16, 2000, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders on malleable cast iron pipe fittings from Japan and Korea would likely lead to the continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (*see Malleable Cast Iron Pipe Fittings from Japan and South Korea*, 65 FR 7891 (February 16, 2000) and USITC Publication 3274, Inv. Nos. 731-TA-374 (REVIEW), and 731-TA-279 (REVIEW) (February 2000)).

## Scope

### Japan and Korea

Imports covered by these orders are shipments of certain malleable cast iron pipe fittings, other than grooved and alloy cast iron, from Japan and Korea. In the original orders, the merchandise was classified in the Tariff Schedules of the United States, Annotated, under item numbers 610.7000 and 610.7400. The merchandise is currently classified under item numbers 7307.19.90.30, 7307.19.90.60 and 7307.19.90.80 of the Harmonized Tariff Schedule.

## Determination

As a result of the determinations by the Department and the Commission that revocation of these antidumping duty orders would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty orders on malleable cast iron pipe fittings from Japan and Korea. The Department will instruct the U.S. Customs Service to continue to collect antidumping duty deposits at the rate in effect at the time of entry for all imports of subject merchandise. The effective date of continuation of these

orders will be the date of publication in the **Federal Register** of this notice of continuation.

As a result, pursuant to sections 751(c)(2) and 751(c)(6)(A) of the Act, the Department intends to initiate the next five-year review of these orders not later than January 2005.

Dated: February 22, 2000.

**SUPPLEMENTARY INFORMATION:****Statute and Regulations**

This review is being conducted pursuant to sections 751(c) and 752 of the Act. The Department's procedures for the conduct of sunset reviews are set forth in *Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*, 63 FR 13516 (March 20, 1998) ("Sunset Regulations") and in CFR Part 351 (1999) in general. Guidance on methodological or analytical issues relevant to the Department's conduct of sunset reviews is set forth in the Department's Policy Bulletin 98.3—*Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*; Policy Bulletin, 63 FR 18871

(April 16, 1998) ("Sunset Policy Bulletin").

**Background**

On August 2, 1999, the Department initiated a sunset review of the antidumping duty suspension agreement on uranium from Uzbekistan (64 FR 41915), pursuant to section 751(c) of the Act. The Department received Notices of Intent to Participate on behalf of domestic interested parties, the Ad Hoc Committee,<sup>1</sup> USEC, Inc. and its subsidiary, the United States Enrichment Corporation (collectively, "USEC"), and Paper, Allied-Industrial, Chemical and Energy Workers International Union, AFL-CIO ("PACE"), within the applicable deadline (August 17, 1999) specified in section 351.218(d)(1)(i) of the *Sunset Regulations*. On August 27, 1999, we received a notice of intent to participate on behalf of AHUG.<sup>2</sup> The Ad Hoc Committee claimed interested-party status under section 771(9)(C) of the Act, as the only U.S. producers of a domestic like product; AHUG claimed interested-party status as industrial users of uranium; <sup>3</sup> PACE claimed interested-party status as a union representing workers of two domestic gaseous diffusion plants that produce uranium products.

The Ad Hoc Committee claims that, along with the Oil, Chemical and Atomic Workers International Union, it was the original petitioner in the suspended antidumping investigation and resulting suspension agreement under review (see September 1, 1999, Substantive Response of the Ad Hoc Committee at 4). AHUG did not submit a summary of its past participation in the proceeding.

On September 1, 1999, the Government of Uzbekistan ("GOU") and Navoi Mining and Metallurgical Combinat ("Navoi") notified the Department of their intent to participate in the review. GOU is an interested party pursuant to section 771(9)(B) of the Act as the government of a country in which subject merchandise is produced and exported; Navoi is an

<sup>3</sup> The Department notes that, although industrial users are allowed to participate in sunset reviews, they are not considered "interested parties" as defined in the statute and regulations. See section 771(9) and 777(h) of the Act, and 19 CFR 351.32.
