

DEPARTMENT OF THE INTERIOR**National Park Service****Notice of Proposed Land Exchange:
U.S. Reservation 515**

SUMMARY: Notice is hereby given that the National Park Service (NPS) is proposing to conduct an exchange of perpetual easement interests with Saint Paul's English Lutheran Church, (St. Paul's) located at 4900 Connecticut Avenue, NW., Washington, DC.

FOR FURTHER INFORMATION CONTACT: Chief, Land Resources Program Center, National Capital Region, National Park Service, 1100 Ohio Drive, SW., Washington, DC 20242.

SUPPLEMENTARY INFORMATION: Public Law 90-401, enacted July 15, 1968, authorizes the Secretary of the Interior to accept title to any non-Federal property or interests therein within a unit of the National Park System or miscellaneous area under his administration, and in exchange therefore he may convey to the grantor of such property or interest any Federally-owned property or interest therein under his jurisdiction which he determines is suitable for exchange or other disposal and which is located in the same state as the non-Federal property to be acquired. Such an exchange of land or interests therein must be conducted in accordance with all NPS Land Exchange Guidelines.

As proposed, NPS intends to convey to St. Paul's certain interests in land located within U.S. Reservation 515, Washington, DC, and more particularly identified as portions of Lot 809, Square 1983. Specifically, NPS will convey to St. Paul's easement interests in 3 parcels containing 2,341 square feet, 1,035 square feet and 342 square feet, respectively, to allow St. Paul's to construct a designated handicapped parking area and paving associated with a proposed colonnade and connecting walkways located adjacent to the existing church structure. In return, St. Paul's will convey to NPS certain interests in 2 adjacent parcels of land more particularly identified as portions of Lot 64 in Square 1983 and containing 6,197 square feet and 424 square feet, respectively. The easement interests St. Paul's will convey to NPS are intended to retain and enhance the continuity of open space within that portion of U.S. Reservation 515, located adjacent to St. Paul's property.

A recently completed independent appraisal of the land interests to be conveyed as part of the proposed exchange indicates that the respective land interests are of equal value.

NPS has concluded that the proposed exchange of land interests will have no impact either directly or indirectly on natural or cultural resources associated with U.S. Reservation 515.

Detailed information concerning this proposed exchange is available from the Land Resources Program Center, National Capital Region, National Park Service, 1100 Ohio Drive, SW., Washington, DC 20242.

For a period of 45 calendar days from the date of this notice, interested parties may submit comments to the above address. Adverse comments will be evaluated and this action may be modified or vacated accordingly. In the absence of any action to modify or vacate, this realty action will become the final determination of the NPS.

Dated: February 9, 2000.

Joseph M. Lawler,

Acting Regional Director, National Capital Region.

INTERNATIONAL TRADE COMMISSION

Certain Cigarettes and Packaging Thereof; Notice of Commission Determination To Review and Affirm an Initial Determination Terminating the Investigation as to Respondent Allstate Cigarette Distributors, Inc. on the Basis of a Consent Order; Issuance of Consent Order

[INV. NO. 337–TA–424]

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review and affirm an initial determination (“ID”) (Order No. 30) issued by the presiding administrative law judge (“ALJ”) terminating the above-referenced investigation as to respondent Allstate Cigarette Distributors, Inc. (“Allstate”) on the basis of a consent order; to grant complainant Brown & Williamson Tobacco Corp.’s (“complainant”) motion for leave to reply to Allstate’s motion to strike the petition for review; and to deny Allstate’s motion to strike the petition for review.

FOR FURTHER INFORMATION CONTACT: Shara L. Aranoff, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone 202–205–3090, e-mail saranoff@usitc.gov.

SUPPLEMENTARY INFORMATION: The Commission instituted this trademark-based investigation on September 16, 1999, based on a complaint filed by Brown & Williamson Tobacco Corp. (“complainant”) alleging violations of section 337 by reason of: (a) Infringement of 11 federally registered U.S. trademarks; (b) unfair competition under the Lanham Act; (c) improper importation of products under the Lanham Act; and (d) dilution of the registered trademarks. On January 7, 2000, Allstate filed a motion to terminate the investigation based on a proposed consent order. Complainant opposed the motion and the Commission investigative attorney (“IA”) supported the motion. On January 20, 2000, the ALJ issued the subject ID granting the motion to terminate the investigation as to Allstate by consent order. On January 27, 2000, complainant timely moved for a two-day extension of time within which to file its petition for review. The Chairman granted the request pursuant to Commission rule 210.14(b) (19 CFR 210.14(b)). On January 31, 2000, complainant timely filed a petition for

review. On February 7, 2000, Allstate and the IA filed timely responses to the petition for review, and Allstate filed a motion to strike the petition for review. On February 8, 2000, complainant filed a motion for leave to respond to the motion to strike and an opposition to the motion.

Having examined the record in this investigation, the final ID, the petition for review, and the responses thereto, the Commission has determined to review the ID, because it raises an issue of Commission policy. Specifically, the Commission has considered whether it is appropriate, as a matter of Commission policy, to grant a motion to terminate based on a consent order, over the objection of the complainant, in the circumstances of this investigation.

The Commission's rules no longer provide that a motion to terminate an investigation based on a consent order must be a joint motion of the respondent(s) and the complainant(s). However, there may be circumstances where granting a consent order motion over a complainant's objection may be inappropriate as a matter of policy. Such circumstances may include, for example, where granting a consent order and terminating an investigation as to a respondent would deprive the complainant of the opportunity to obtain a general exclusion order. Another circumstance may be where the respondent has failed to provide sufficient discovery such that a consent order may undermine the complainant's ability to obtain a general exclusion order. These circumstances are not presented by this ID. We agree with the administrative law judge's conclusion that this motion does not present a situation where the movant's discovery conduct undermines complainant's ability to seek a general exclusion order, and there is no indication that complainant would be deprived of its opportunity to pursue a general exclusion order given the particular circumstances of the participation of the intervener and the remaining respondents in this investigation. Accordingly, the Commission has determined to affirm the ID.

This action is taken under the authority of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) and section 210.45 of the Commission's Rules of Practice and Procedure (19 CFR 210.45).

Copies of the public versions of Order No. 30 and all other nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E
