

denial, and how these rights are waived if they refuse to allow their medical information to be sent to Medicare. It is essential that such notice be timely, readable and comprehensible, provide clear directions, and provide accurate and complete information about the services affected and the reason that Medicare denial of payment for those services is expected by the HHA. For these reasons, uniform mandatory notices (the HHABNs) with very specific content and graphic design have been prepared (they are attached as Exhibits 1–3 hereto), which are to be used by all HHAs furnishing services to Medicare beneficiaries.

When an HHA expects payment for the home health services to be denied by Medicare, a beneficiary must be advised before home health care is initiated or continued, that in the HHA's opinion, payment probably will be required from him or her personally. The attached HHABNs are designed to ensure that HHAs inform beneficiaries in writing, in a timely fashion, about changes to their home health care, the fact that they may have to pay for care themselves if Medicare does not pay, the process they must follow in order to obtain an initial determination by Medicare and, if payment is denied, to file an appeal, and the fact that they waive those rights if they refuse to allow their medical information to be sent to Medicare. The HHABNs are to be issued by the HHA each time, and as soon as, the HHA makes the assessment that it believes Medicare payment will not be made. The HHABNs are to be provided by HHAs in any case where a reduction or termination of services is to occur, or where services are to be denied before being initiated, except in any case in which a physician concurs in the reduction, termination, or denial of services. Failure to do so would be a violation of the HHA Conditions of Participation in the Medicare Program, which are currently approved PRA requirements approved under OMB number 0938–0365, and may result in the HHA being held liable under the Limitation on Liability (LOL) provision.

Home Health Advance Beneficiary Notices (HHABNs) HHABNs, Exhibits 1–3 serve as notice to the beneficiary that the HHA believes that home health services are not, or will no longer be, covered in different situations. HHABN–T, Termination, is used when all home health services will be terminated. HHABN–I, Initiation, is used when the HHA expects that Medicare will not pay, even before services have been initiated. HHABN–R, Reduction, is used when ongoing home health services will be reduced (e.g.,

reduced in number, frequency, or for a particular subset of services, or otherwise).

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission determines,² pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)) (the Act), that revocation of the antidumping duty finding and orders on certain steel wire rope from Japan, Korea, and Mexico would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on January 4, 1999 (64 FR 367) and determined on April 8, 1999 that it would conduct full reviews (64 FR 19198, April 19, 1999). Notice of the scheduling of the Commission's reviews and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the *Federal Register* on June 30, 1999 (64 FR 35181). The hearing was held in Washington, DC, on October 14, 1999, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on December 20, 1999. The views of the Commission are contained in USITC Publication 3259 (December 1999), entitled Certain

DEPARTMENT OF LABOR

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by

the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued

Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, NW, Room S-3014, Washington, DC 20210.
