

rural residents. The regulations contain various requirements for information from the grantees, and some requirements may cause the grantees to require information from other parties. The information requested is vital for RBS to be able to process applications in a responsible manner, make prudent program decisions, and effectively monitor the grantees' activities to protect the Government's financial interest and ensure that funds obtained from the Government are used appropriately. It includes information used to determine eligibility; the specific purposes for which grant funds will be used; timeframes; who will be carrying out the grant purposes; project priority; applicant experience; employment improvement; and mitigation of economic distress.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1.95 hours per response.

Respondents: Non-profit corporations, public bodies.

Estimated Number of Respondents: 720.

Estimated Number of Responses per Respondent: 28.94.

Estimated Total Annual Burden on Respondents: 40,650 hours.

Copies of this information collection can be obtained from Jean Mosley, Regulations and Paperwork Management Branch at (202) 692-0041.

Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of Rural Business—Cooperative Service, including whether the information will have practical utility; (b) the accuracy of Rural Business—Cooperative Service estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Jean Mosley, Regulations and Paperwork Management Branch, U.S. Department of Agriculture, Rural Development, STOP 0742, 1400 Independence Ave. SW, Washington, DC 20250. All responses to this notice will be summarized and included in the request for OMB approval. All

comments will also become a matter of public record.

Dated: March 14, 2000.

Dayton J. Watkins,

Administrator, Rural Business—Cooperative Service.

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

Information Collection Activity; Comment Request

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended), the Rural Utilities Service (RUS) invites comments on this information collection for which RUS intends to request approval from the Office of Management and Budget (OMB).

DATES: Comments on this notice must be received by May 22, 2000.

FOR FURTHER INFORMATION CONTACT: F. Lamont Heppe, Jr., Program Development & Regulatory Analysis, Rural Utilities Service, USDA, 1400 Independence Ave., SW., STOP 1522, Room 4034 South Building, Washington, DC 20250-1522. Telephone: (202) 720-0736. FAX: (202) 720-4120.

SUPPLEMENTARY INFORMATION:

Title: State Telecommunications Modernization Plan.

OMB Control Number: 0572-0104.

Type of Request: Reinstatement of a previously approved collection with change.

Abstract: This information collection requirement stems from passage of the Rural Electrification Loan Restructuring Act (RELRA, P.L. 103-129) on November 1, 1993, which amended the Rural Electrification Act of 1936, 7 U.S.C. 901 *et seq.* (the RE Act). RELRA requires that a State Telecommunications Modernization Plan (STMP), covering at a minimum the Rural Utilities Service (RUS) borrowers in the state, be established in a state or RUS cannot make hardship or concurrent cost-of-money and Rural Telephone Bank (RTB) loans for construction in that state. It is the policy of RUS that every State have a Modernization Plan which provides for the improvement of the State's telecommunications network. A proposed Modernization Plan must be

submitted to RUS for approval. RUS will approve a proposed Modernization Plan if it conforms to the provisions of 7 CFR part 1751, subpart B.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 350 hours per response.

Respondents: Not-for-profit institutions and other businesses.

Estimated Number of Respondents: 1.

Estimated Number of Responses per Respondent: 1.

Estimate Total Annual Burden on Respondents: 350 hours.

Copies of this information collection can be obtained from Bob Turner, Program Development and Regulatory Analysis, Rural Utilities Service at (202) 720-0696.

Comments are invited on (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumption used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques on other forms of information technology. Comments may be sent to F. Lamont Heppe, Jr., Director, Program Development and Regulatory Analysis, Rural Utilities Service, U.S. Department of Agriculture, 1400 Independence Ave. SW, Stop 1522, Room 4034 South Building, Washington, DC 20250-1522.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: March 14, 2000.

Christopher A. McLean,

Acting Administrator, Rural Utilities Service.

BILLING CODE 3410-15-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[DOCKET 9-2000]

Foreign-Trade Zone 25—Broward County, FL; Application for Subzone Status, Coastal Fuels Marketing, Inc. (Fuel Terminal), Port Everglades, FL

An application has been submitted to the Foreign-Trade Zones Board (the

Board) by Broward County, Florida, grantee of FTZ 25, requesting special-purpose subzone status for the fuel distribution terminal of Coastal Fuel Marketing, Inc. (Coastal), located in Port Everglades, Florida. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 15, 2000.

The Coastal facilities (56.5 acres) are located at 2401 Eisenhower Boulevard, Port Everglades, Florida. The terminal facilities (72 employees), are used for the receipt, storage, blending and distribution of jet fuel, gasoline, crude oil, asphalt, distillates, residual fuels and motor fuel blending stocks for the domestic and foreign markets. Some of the products will be sourced from abroad, or from U.S. refineries under FTZ procedures.

Zone procedures would exempt Coastal from Customs duties and federal excise taxes on exports and on foreign status jet fuel used for international flights. On domestic sales, the company would be able to defer Customs duty payments until the products leave the facility. The application indicates that the savings from FTZ procedures will help improve the facility's international competitiveness.

No specific manufacturing request is being made at this time. Such a request would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 22, 2000. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to June 5, 2000.

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce, Export Assistance Center, 200 E. las Olas Blvd. (Sun Sentinel Building), Suite 1600, Ft. Lauderdale, Florida 33301-2284

Office of the Executive Secretary, Foreign-Trade Zones Board, Room 4008, U.S. Department of Commerce, 14th & Pennsylvania Avenue, NW, Washington, DC 20230

Dated: March 16, 2000.

Dennis Puccinelli,

Acting Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 10-2000]

Foreign-Trade Zone 86—Tacoma, WA; Application for Subzone, Tesoro Petroleum Corporation, Anacortes, WA

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Tacoma, grantee of FTZ 86, requesting special-purpose subzone status for the oil refinery complex of Tesoro Petroleum Corporation, located in Anacortes, Washington. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 15, 2000.

The refinery complex (903 acres, 300 employees) is located on West March Point Road in Anacortes, Washington (Skagit County), some 100 miles north of Tacoma. The refinery (108,200 BPD) is used to produce fuels and liquid petroleum gases, including gasoline, jet fuel, distillates, residual fuels, naphthas, motor fuel blendstocks, liquefied natural gas, butane, isobutane, and propane. Refinery by-products include petroleum coke, asphalt and sulfur. Some 68 percent of the crude oil (96 percent of inputs), and some naphthas, virgin gas oil and field butanes are sourced abroad. Zone procedures would exempt the refinery from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the Customs duty rates that apply to certain petrochemical feedstocks and refinery by-products (duty-free) by admitting incoming foreign crude oil in non-privileged foreign status. The duty rates on inputs range from 5.25 cents/barrel to 10.5 cents/barrel. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the

address below. The closing period for their receipt is May 22, 2000. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to June 5, 2000.

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce, Export Assistance Center, 2001 Sixth Ave., Suite 650, Seattle, WA 98121
Office of the Executive Secretary, Foreign-Trade Zones Board, Room 4008, U.S. Department of Commerce, 14th and Pennsylvania Avenue, N.W., Washington, D.C. 20230

Dated: March 16, 2000.

Dennis Puccinelli,

Acting Executive Secretary.

International Trade Administration

[A-588-835]

Oil Country Tubular Goods From Japan; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative review.

SUMMARY: On September 7, 1999, the Department of Commerce (the Department) published the preliminary results of administrative review of the antidumping duty order on oil country tubular goods (OCTG) from Japan (64 FR 48589). The merchandise covered by this order is hollow steel products of circular cross-section, including oil well casing, tubing, and drill pipe, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished or unfinished (including green tubes and limited service OCTG products). The review covers one manufacturer. The period of review is August 1, 1997 through July 31, 1998.

Based on our analysis of the comments received, we have made changes in the margin calculations. The final weighted-average dumping margin for the reviewed firm is listed below in the section entitled "Final Results of the Review."
