#### SUPPLEMENTARY INFORMATION:

##### Background

On May 12, 1995, the Department of Commerce issued antidumping duty orders on imports of pure magnesium from China and Russia (60 FR 25691). The Commission is conducting reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full reviews or expedited reviews. The Commission's determinations in expedited reviews will be based on the facts available, which may include information provided in response to this notice.

**Definitions.**—The following definitions apply to these reviews:

(1) Subject Merchandise is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The Subject Countries in these reviews are China and Russia.

(3) The Domestic Like Product is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determinations, the Commission defined the Domestic Like Product as all pure magnesium, whether or not it meets ASTM specifications. One

Commissioner defined the Domestic Like Product differently.

(4) The Domestic Industry is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the Domestic Industry as producers of all pure magnesium, whether or not it meets ASTM specifications. One Commissioner defined the Domestic Industry differently.

(5) The Order Date is the date that the antidumping duty orders under review became effective. In these reviews, the Order Date is May 12, 1995.

(6) An Importer is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the Subject Merchandise into the United States from a foreign manufacturer or through its selling agent.

**Participation in the reviews and public service list.**—Persons, including industrial users of the Subject Merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the reviews as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the reviews.

Former Commission employees who are seeking to appear in Commission five-year reviews are reminded that they are required, pursuant to 19 CFR 201.15, to seek Commission approval if the matter in which they are seeking to appear was pending in any manner or form during their Commission employment. The Commission's designated agency ethics official has advised that a five-year review is the "same particular matter" as the underlying original investigation for purposes of 19 CFR 201.15 and 18 U.S.C. 207, the post employment statute for Federal employees. Former employees may seek informal advice from Commission ethics officials with respect to this and the related issue of whether the employee's participation was "personal and substantial." However, any informal consultation will not relieve former employees of the obligation to seek approval to appear from the Commission under its rule 201.15. For ethics advice, contact Carol

Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the reviews. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

**Certification.**—Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with these reviews must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. The deadline for filing such responses is May 23, 2000. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct expedited or full reviews. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means. Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the reviews

must be served on all other parties to the reviews (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the reviews you do not need to serve your response).

**Inability to provide requested information.**—Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act in making its determinations in the reviews.

## DEPARTMENT OF JUSTICE

### Notice of Lodging of Consent Decree Under the Clean Air Act

Under 28 CFR 50.7, notice is hereby given that on March 22, 2000, a proposed consent decree ("Consent Decree") in *United States v. Brownwood Furniture, Inc.*, Civil Action No. EDCV00-182 RT(BQR) (C.D. Cal.), was lodged with the United States District Court for the Central District of California.

The Consent Decree resolves claims that the United States asserted against Brownwood Furniture, Inc. ("Brownwood") in a civil complaint filed concurrently with the lodging of the Consent Decree. The complaint alleges violations of the Clean Air Act and the State Implementation Plan ("SIP") at Brownwood's Rancho Cucamonga facility located in San Bernardino County, California. Specifically, the complaint alleges that defendant, Brownwood violated emissions and record-keeping conditions of its 1989 New Source Review permit to operate its original spray booth. The complaint also alleges that, with respect to the two spray booths defendant added in 1998, it failed to obtain valid permits to construct or permits to operate before constructing and operating that additional equipment; failed to apply Best Available Control Technology

("BACT"); and failed to provide emission offsets. In addition, the complaint alleges that defendant failed to provide all information necessary for the South Coast Air Quality Management District's permit determination. The complaint also alleges in the alternative, that if the permits to operate the new spray booths were valid, then defendant violated the emission limit of one of those permits. The Consent Decree requires defendant to pay a civil penalty of \$115,000, plus interest, and follow a compliance plan to reduce volatile organic compound (VOC) emissions at the two additional booths by using ultra-low VOC coatings and/or the addition of control equipment.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. Brownwood Furniture, Inc.*, Civil Action No. EDCV00-182 RT(BQR) (C.D. Cal.), and D.J. Ref. 90-5-2-1-06555.

The Consent Decree may be examined at the Office of the United States Attorney, Federal Building Room, 7516, 300 North Los Angeles Street, Los Angeles, California 90012, and at U.S. EPA Region 9, 75 Hawthorne Street, San Francisco, CA 94105. A copy of the Consent Decree may be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611. In requesting a copy, please enclose a check in the amount of \$4.50 (25 cents per page reproduction cost) payable to the Consent Decree Library.
