SUPPLEMENTARY INFORMATION:

I. Abstract

The Massachusetts Division of Marine Fisheries has been conducting an experimental fishery, referred to as the Raised Footrope Whiting Trawl Experimental Fishery (Raised Footrope Experiment), to allow trawlers to target whiting, red hake, dogfish and other small mesh species using a raised footrope trawl. The experiment was designed to assess the effectiveness of a raised footrope small mesh otter trawl in reducing bycatch of regulated multispecies. The proposed Framework Adjustment 35 to the Multispecies Fishery Management Plan will recommend that the Raised Footrope Experiment become a multispecies exempted fishery. The collection-of-information requirements are: (1) A request for a certificate to fish in the Raised Footrope Whiting Trawl Exemption; and (2) a notification of intention to withdraw from the Raised Footrope Whiting Trawl Exemption. Requests for a certificate identify the person, the vessel name, the permit number, and how long he/she intends to fish in the exemption area (no less than seven days but not more than four months).

USPTO will continue to issue patents, register trademarks, and disseminate information about patents and trademarks under the policy direction of the Secretary of Commerce, but will otherwise exercise independent control of its budget allocations and expenditures, personnel decisions and processes, procurements, and other administrative and management functions. This notice will explain some key aspects of USPTO's new functions and authorities.

EFFECTIVE DATE: March 29, 2000.

ADDRESSES: Director of the United States Patent and Trademark Office, Washington, D.C. 20231.

FOR FURTHER INFORMATION CONTACT: Richard Torczon, 703-305-9035.

SUPPLEMENTARY INFORMATION: The Patent and Trademark Office Efficiency Act (PTOE) (Pub. L. 106-113, 113 Stat.

1501A-572) becomes effective March 29, 2000, and reestablishes the Patent and Trademark Office as an agency of the United States, within the Department of Commerce. The PTOEA transforms USPTO into a performance-based organization that uses quantitative and qualitative measures and standards for evaluating cost-effectiveness that are consistent with the principles of impartiality and competitiveness. Under the PTOEA, USPTO will continue to issue patents, register trademarks, and disseminate information about patents and trademarks under the policy direction of the Secretary of Commerce, but USPTO will exercise independent control over its budget allocations and expenditures, personnel decisions and processes, procurements, and other administrative and management functions. Some key aspects of the reestablishment of USPTO include:

1. New Titles

The head of USPTO is the "Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office". The Director is assisted by the "Deputy Under Secretary of Commerce for Intellectual Property and Deputy Director of the United States Patent and Trademark Office".

The patent operations of USPTO are now headed by the "Commissioner for Patents".

The trademark operations of USPTO are now headed by the "Commissioner for Trademarks".

Under section 4741(b) of the PTOEA, any reference to the Commissioner of Patents and Trademarks, the Assistant Commissioner for Patents, or the Assistant Commissioner for Trademarks is deemed to refer to the Director, the Commissioner for Patents, or the Commissioner for Trademarks, respectively. Hence, until further notice, no change is necessary to any mailing procedure, form, or other document submitted to USPTO. Appropriate use of the new titles is acceptable as well.

2. Mailing Address

The mailing address remains the same, as reflected in the **ADDRESSES** section above. USPTO will accept mail addressed to either the Director of the United States Patent and Trademark Office or the Commissioner of Patents and Trademarks.

3. Continuity of Operations

Under subsection 4743(a) of the PTOEA, all orders, determinations, rules, regulations, permits, grants, loans, contracts, agreements, certificates,

licenses, and privileges in effect on March 28, 2000, shall remain in effect with equal force. Similarly, under subsection 4743(b), all proceedings under way on March 28, 2000, shall continue. To this end, USPTO adopts all authorities, including rules, manuals, orders, and precedent, of the Patent and Trademark Office in effect on March 28, 2000. Until otherwise indicated, USPTO will continue to follow the Federal Acquisition Regulations and Department of Commerce regulations applicable to the Patent and Trademark Office on March 28, 2000.

USPTO may continue to use existing stocks of letterhead and other products.
