BILLING CODE 4410-18-M

DEPARTMENT OF JUSTICE**Notice of Lodging of Consent Decree Pursuant to the Comprehensive Environmental Response, Compensation and Liability Act**

In accordance with Department of Justice policy codified at 28 CFR 50.7

and Section 122 of CERCLA, 42 U.S.C. 9622, notice is hereby given that on April 11, 2000, a proposed Consent Decree in *United States v. SC Holding, et al.*, Civ. Action No. 1:00CV150, was lodged with the United States District Court for the Northern District of Indiana. This Consent Decree represents a settlement of claims of the United States and the State of Indiana, on behalf of federal and State natural resource trustees, under Section 107(a) of CERCLA, 42 U.S.C. 9607(a), against SC Holdings and eight-six (86) other potentially responsible parties for natural resource damages resulting from the release of hazardous substances at or from the Fort Wayne Reduction Superfund Site located in Fort Wayne, Allen County, Indiana. Under this Consent Decree, the Settling Defendants, which include two site owners and seventeen generators of hazardous substances, will implement a restoration plan under which they will, among other things, acquire approximately 75 acres of land adjacent to the Maumee River ("Property"), reforest and restore approximately 45 acres of the Property, place a deed restriction (in the form of a conservation easement) on the Property and convey the Property to the Indiana Department of Natural Resources. The Settling Defendants will reimburse the federal natural resource trustee, the United States Department of Interior, through the United States Fish and Wildlife Service, \$90,000 in estimated natural resource damage assessment costs and \$8,000 in estimated project oversight costs. The Settling Defendants will also reimburse the State natural resource damage trustee, the State of Indiana, through the Indiana Department of Environmental Management and the Indiana Department of Natural Resources, \$2,000 and \$1,500 respectively, for their natural resource damage assessment costs and estimated project oversight costs. Finally, sixty-eight (68) parties who contributed small amounts of hazardous substances to the Site and who previously settled their natural resource damage liability with the Settling Defendants will receive a covenant not to sue from the United States and the State of Indiana for natural resource damages resulting from releases of hazardous substances at or from the Site.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General of the Environment and Natural Resources

Division, Department of Justice, 950 Pennsylvania Avenue, NW, Washington, DC 20530, and should refer to *United States v. SC Holdings et al.*, Civ. Action No. 1:00CV150, D.J. Ref. Nos. 90-11-3-1687/2, 90-11-6-05585.

The Consent Decree may be examined at the Office of the United States Attorney, 3128 Federal Building, 1300 South Harrison Street, Fort Wayne, Indiana 46802, and at the United States Fish and Wildlife Service, 620 South Walker Street, Bloomington, Indiana 47403. A copy of the Consent Decree may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611. In requesting a copy of the Consent Decree, please enclose a check in amount of \$22.50 (90 pages at 25 cents per page reproduction cost) payable to the Consent Decree Library.

BILLING CODE 4410-15-M

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Clean Air Act, Comprehensive Environmental Response, Compensation, and Liability Act, Emergency Planning and Community Right-To-Know Act, and the Federal Water Pollution Control Act

In accordance with Departmental policy, 28 CFR 50.7, notice is hereby given that a proposed consent decree in the case of *United States v. BHP Petroleum Americas Refining, Inc.*, now known as *Tesoro Hawaii Corporation*, Civil Action No. 00-00264 DAE (D. Hawaii), was lodged with the United States District Court for the District of Hawaii on April 10, 2000.

The proposed consent decree resolves claims that the United States asserted against Tesoro Hawaii Corporation (Tesoro) in a civil complaint filed concurrently with the lodging of the consent decree. The complaint alleges that Tesoro failed to comply with New Source Performance Standards under the Clean Air Act, including requirements to: provide notice of startup; maintain facilities consistent with good air quality practice; meet limits on hydrogen sulfide in fuel gas; comply with a leak detection and repair program for equipment in volatile organic compound service; and comply with work practice standards for the refinery's wastewater system. In addition, the complaint alleges that Tesoro failed to comply with National

Emission Standards for Hazardous Air Pollutants under the Clean Air Act, including requirements to provide notice of construction startup and to comply with a leak detection and repair program for benzene sources. The complaint also alleges that Tesoro failed on several days to properly notify the National Response Center, the State Emergency Response Commission, and the Local Emergency Planning Committee of the releases of hazardous substances from the refinery as required by section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act and section 304 of the Emergency Planning and Community Right-to-Know Act. Finally, the complaint alleges that Tesoro failed to prepare and implement a Spill Prevention Control and Countermeasure Plan and failed to revise and implement a Facility Response Plan, as required by regulations issued pursuant to section 311 of the Federal Water Pollution Control Act.

The proposed consent decree requires defendant to pay a civil penalty of \$681,780. In addition, defendant is required to modify the air blower and burner systems at the refinery's sulfur recovery units to avoid unplanned shutdowns of the units, which leads to excess sulfur dioxide air emissions from the refinery. In addition, Tesoro is required to add capacity to its containment areas and to place new coatings on its berms and containment floors to contain spilled oil and to prevent an oil spill to waters of the United States. Tesoro also agreed to undertake a supplemental environmental project to provide equipment worth \$50,000 to the City and County of Honolulu for management of inventory data and emergency planning.

The Department of Justice will accept comments relating to this consent decree for a period of thirty (30) days from the date of this publication. Address your comments to the Assistant Attorney General for the Environment and Natural Resources Division, Department of Justice, Washington, DC 20530, and send a copy to the Environmental Enforcement Section, Attn: Robert Mullaney, U.S. Department of Justice, 301 Howard Street, Suite 870, San Francisco, CA 94105. Your comments should refer to *United States v. BHP Petroleum Americas Refining, Inc.*, now known as *Tesoro Hawaii Corporation*, Civil Action No. 00-00264 DAE (D. Hawaii), and DOJ No. 90-5-2-1-2124.
