BILLING CODE 4310-GG-P

DEPARTMENT OF THE INTERIOR**Minerals Management Service (MMS)****Outer Continental Shelf (OCS) Policy Committee of the Minerals Management Advisory Board; Notice and Agenda for Meeting**

AGENCY: Minerals Management Service, Interior.

SUMMARY: The OCS Policy Committee of the Minerals Management Advisory Board will meet at the Atlantic Oakes Hotel in Bar Harbor, Maine, on May 16-17, 2000.

The agenda will cover the following principal subjects:

National Energy Overview. This presentation will address the price forecast and ramifications of high prices on the economy.

National Petroleum Council's Natural Gas Study Results. This panel presentation will address the final results of the Study, Meeting the Challenges of the Nation's Growing Natural Gas Demand.

North Atlantic Energy Issues—Regional Energy Profile. This panel presentation will address how the New England States are impacted by increases in oil prices and Canadian offshore activities.

North Atlantic Energy Issues—Implications of Canadian Activity on New England. This panel presentation will address the status of development offshore Nova Scotia and Newfoundland. It will also address the gas line from the Scotian Shelf through Maine, including a discussion of routing considerations and environmental impacts.

Gulf of Maine Ocean Observing System. This presentation will address the ocean technology/communications proposal to provide real time ocean information from satellites and buoys to a broad array of users. Similar systems are being developed around the country, and will likely have useful applications for the offshore oil and gas industry.

Hard Minerals Update. This presentation will provide an update on subcommittee activities, the status of the potential commercial sand and gravel lease offering offshore New Jersey, and other pertinent hard minerals information.

OCS Sand and Gravel Coastal Issues. This presentation will address the status and purpose of the National Coastal Study which has been authorized under the Fiscal Year 2000 Water Resources Development Act; current funding and initiatives of the sand and gravel program; and regional initiatives being pursued for beach nourishment.

Deepwater Gulf of Mexico. This panel presentation will address floating production, storage and offloading systems, and methane hydrates.

Impact Assistance Update. This presentation will provide an update on the status of the Conservation and Reinvestment Act, the Lands Legacy proposal, and any other pertinent information related to this issue.

Congressional Update. This presentation will focus on the status of timely congressional issues related to the OCS Program.

MMS Regional Updates. The Regional Directors will highlight activities in the Gulf of Mexico (GOM) and off the California and Alaska coasts.

OCS Scientific Committee Update. This presentation will provide an update on the activities of the Scientific Committee. It will also highlight the

activities that are related to energy issues/concerns, North Atlantic activity, GOM deepwater activity, hard mineral activity, and other topics that are relevant to both Committees.

The meeting is open to the public. Upon request, interested parties may make oral or written presentations to the OCS Policy Committee. Such requests should be made no later than May 10, 2000, to the Minerals Management Service, 381 Elden Street, MS-4001, Herndon, Virginia, 20170, Attention: Jeryne Bryant.

Requests to make oral statements should be accompanied by a summary of the statement to be made. For more information, call Jeryne Bryant at (703) 787-1211.

Minutes of the OCS Policy Committee meeting will be available for public inspection and copying at the MMS in Herndon, Virginia.

DATES: Tuesday, May 16 and Wednesday, May 17, 2000.

ADDRESSES: The Atlantic Oakes Hotel, 119 Eden Street, Bar Harbour, Maine 04609, (207) 288-5801.

FOR FURTHER INFORMATION CONTACT: Jeryne Bryant at the address and phone number listed above.

Authority: Federal Advisory Committee Act, Public Law 92-463, 5 U.S.C. Appendix 1, and the Office of Management and Budget's Circular No. A-63, Revised.

Dated: April 24, 2000.

Carolita U. Kallaur,

Associate Director for Offshore Minerals Management.

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Intent to Repatriate Cultural Items in the Possession of the Section of Anthropology, Carnegie Museum of Natural History, Pittsburgh, PA

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given under the Native American Graves Protection and Repatriation Act, 43 CFR 10.10(a)(3), of the intent to repatriate cultural items in the possession of the Section of Anthropology, Carnegie Museum of Natural History, Pittsburgh, PA which meet the definition of "unassociated funerary object" under Section 2 of the Act.

The 326 cultural items consist of a metal pipe (#01187), an English clay pipe (#01269); two shell ornaments (#15236); a shell bead (#15260); 214

shell beads (#16159); 9 shell beads (#16164); 95 shell disc beads, one cylindrical catlinite bead, one round catlinite bead (#16196); and one kettle fragment (#16404).

In 1968, these cultural items were donated by Miss Rhea E. Beck and Mrs. Hazel Beck Lees to the Carnegie Museum as part of the John A. Beck Archaeological and Ethnographic Collection. During the early 20th century, these cultural items were purchased from Wm. W. Adams, an individual known for digging into graves and sites for objects to sell.

Based on catalog information, these cultural items have been determined to come from locations within "old Indian Reservation, Cayuga, (Co.), NY", or Upper Cayuga, NY. Consultations with a representative of the Cayuga Nation of New York indicates these cultural items were taken from Cayuga tribal land.

Based on the above mentioned information, officials of the Carnegie Museum of Natural History have determined that, pursuant to 43 CFR 10.2(d)(2)(ii), these 326 cultural items are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from a specific burial site of a Native American individual. Officials of the Carnegie Museum of Natural History have also determined that, pursuant to 43 CFR 10.2(e), there is a relationship of shared group identity which can be reasonably traced between these items and the Cayuga Nation of New York.

This notice has been sent to officials of the Cayuga Nation of New York and the Seneca-Cayuga Tribe of Oklahoma. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these objects should contact Verna L. Cowin, Associate Curator, Section of Anthropology, Carnegie Museum of Natural History, 5800 Baum Blvd., Pittsburgh, PA 15206-3706; telephone: (412) 665-2601 before May 30, 2000. Repatriation of these objects to the Cayuga Nation of New York may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the determinations within this notice.

Dated: April 21, 2000.

Veletta Canouts,

Acting Departmental Consulting Archeologist, Deputy Manager, Archeology and Ethnography Program.
