**Lucky Star Industries, Workers  
Employed at Double "L" Learning  
Center, Nettleton, MS; Notice of  
Termination of Investigation**

Pursuant to section 221 of the Trade Act of 1974, an investigation was initiated on March 27, 2000 in response to a worker petition which was filed on behalf of workers at Double "L" Learning Center who were employees of Lucky Star Industries, Nettleton, Mississippi.

The petitioning group of workers are covered under an existing Trade Adjustment Assistance certification, TA-W-35,320A, which is valid through March 23, 2001. Consequently, further investigation in this case would serve no purpose, and the investigation has been terminated.

Signed at Washington, D.C., this 13th day of April 2000.

[NAFTA-3454]

**Tektronix, Incorporated, Video and  
Networking Division, Beaverton, OR;  
Notice of Negative Determination  
Regarding Application for  
Reconsideration**

By application dated December 9, 1999, one of the petitioners requested administrative reconsideration of the Department's negative determination regarding worker eligibility to apply for NAFTA-TAA. The denial notice applicable to workers of the subject firm located in Beaverton, Oregon, was signed on November 16, 1999 and published in the **Federal Register** on December 2, 1999 (64 FR 67595).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

- (1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;
- (2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or
- (3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

Findings of the initial investigation showed that workers of Tektronix, Incorporated, Video and Networking Division, Beaverton, Oregon, produced profile products which are used for the production of videos and computer products. The Department's denial of NAFTA-TAA for workers of the subject firm was based on the finding that criterion (3) and (4) of the worker group eligibility requirements of paragraph (a)(1) of section 250 of the Trade Act of 1974, as amended, were not met. There were no company imports or increased customer imports from Mexico or Canada of profile products. Tektronix, Incorporated, did not shift production of articles produced in the Video and Networking Division to Mexico or Canada. Layoffs were attributable to a domestic shift in production.

The petitioner claims that the Lightworks product line was sold to a company in Montreal, Canada, which contributed to worker separations at the Beaverton plant of the subject firm.

In order to respond to the petitioner, the Department contacted the subject firm to learn whether Lightworks was produced in the Video and Networking Division of the subject firm, and

whether there was a shift in the production from Beaverton to Canada of Lightworks.

Information provided by the company affirms that Lightworks, a non-linear video editing product, was produced by workers in the Video and Networking Division of the subject firm. Further, the company official confirmed the sale of Lightworks to a Canadian firm within the time period relevant to the investigation. The sale of a product line by the subject firm to a company in Canada, however, is not a basis for worker group certification under NAFTA-TAA. In this case, only increased imports from Canada of articles like or directly competitive with those produced at the workers' firm, or a shift in production from the workers' firm to Canada would constitute a basis for NAFTA-TAA certification for the petitioners.

**Conclusion**

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed at Washington, DC this 14th day of April 2000.

BILLING CODE 4510-30-M

**DEPARTMENT OF LABOR****Employment Standards  
Administration, Wage and Hour  
Division****Minimum Wages for Federal and  
Federally Assisted Construction;  
General Wage Determination Decisions**

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29

CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issues, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under the Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by

writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S-3014, Washington, D.C. 20210.

## NUCLEAR REGULATORY COMMISSION

### Agency Information Collection Activities: Submission for OMB Review; Comment Request

**AGENCY:** U.S. Nuclear Regulatory Commission (NRC).

**ACTION:** Notice of the OMB review of information collection and solicitation of public comment.

**SUMMARY:** The NRC has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. *Type of submission, new, revision, or extension:* Revision.

2. *The title of the information collection:* Reports Concerning Possible Non-Routine Emergency Generic Problems.

3. *The form number if applicable:* N/A.

4. *How often the collection is required:* On occasion.

5. *Who will be required or asked to report:* Nuclear power plant, non-power reactor, and materials applicants and licensees.

6. *An estimate of the number of responses:* 203.

7. *The estimated number of annual respondents:* 203 (103 reactor licensees; 100 materials licensees).

8. *An estimate of the total number of hours needed annually to complete the requirement or request:* 43,260 (420 hours per reactor licensee respondent); 10,000 (100 hours per materials licensee respondent).

9. *An indication of whether Section 3507(d), Pub. L. 104-13 applies:* N/A.

10. *Abstract:* NRC is requesting approval authority to collect information concerning non-routine, emergency generic problems which would require prompt action from NRC to preclude potential threats to public health and safety.

A copy of the final supporting statement may be viewed free of charge at the NRC Public Document Room, 2120 L Street, NW (lower level), Washington, DC. OMB clearance requests are available at the NRC worldwide web site (<http://www.nrc.gov/NRC/PUBLIC/OMB/index.html>).
