

HCFA Will Have a Full Day Roundtable Session on May 10 on Provider Enrollment for Medicare Billing Privileges

HCFA is proposing to revise its provider enrollment forms. It has consulted with the industry, conducted various outreach, including at least one town meeting. In response to the industry input, HCFA has made some changes to the new forms and other aspects of the proposal. Prior to publishing the proposal for agency review and public comment, HCFA would like additional public dialogue on the proposed forms. Drafts of the proposed forms are at <http://www.hcfa.gov/regs/prdact95.htm>. Key issues are:

- (1) Use of three separate forms to target specific providers and suppliers (855 for individual practitioners, 855A for providers billing fiscal intermediaries, and 855B for organizations billing carriers);
- (2) Differences between current and proposed forms;
- (3) Needs and use of the information; and
- (4) Use of information technology.

On May 11, the IRS Will Have a Full Day Roundtable on Post Filing Burden

Post-filing time and out-of-pocket costs incurred by taxpayers in an effort to comply with the existing tax laws have been largely unmeasured. In 1983 Arthur D. Little developed a methodology to measure filing burden. However, no method was developed to measure post-filing burden. The focus of this roundtable discussion will be to assess ways in which post-filing burden can and should be measured.

The issues to be discussed during this roundtable session are:

- (1) Defining Post Filing Burden. When does the post-filing process begin? Can post filing burden be initiated by the taxpayer or only by IRS? What specific activities constitute post-filing burden? What is the best way to measure post-filing burden?
- (2) Wage and Investment versus Small Business. How is post-filing burden on small businesses and the self employed different from the post-filing burden on wage and investment taxpayers?
- (3) New Approaches. Given IRS's mission to provide American taxpayers with quality service by helping them understand and meet their tax responsibilities what processes and procedures do you think IRS can streamline to alleviate post-filing burden? As the IRS restructures, what operational issues should it consider that would reduce small business/self-employed filing burden?

(4) The IRS is conducting a pilot in which qualified tax professionals can discuss taxpayer account issues with IRS customer service representatives by e-mail over the IRS Web site 24 hours a day. How effective is such a program in reducing post-filing burden? How might the IRS maximize the benefit of information technology to minimize post filing burden?

Among the information collections that DOT has chosen for this initiative are two associated with rulemakings that are either proposed or about to be proposed. First, the Department published in the **Federal Register** on December 9, 1999 (64 FR 69076) a notice of proposed rulemaking (NPRM) to revise the Department's drug and alcohol testing procedures. DOT has held public listening sessions on its proposed rulemaking in Washington DC on March 20 and 21, in Los Angeles, California on March 28, and in Dallas Texas on March 30. Due to the close proximity of the Information Initiative's roundtables to the drug and alcohol sessions, the latter will be treated as part of the Information Initiative in lieu of a roundtable. The Department also will conduct an electronic chat room regarding the drug and alcohol NPRM from April 3 to April 7. The issues discussed and the comments submitted in the drug and alcohol meetings and in the electronic chat room will be considered at the final Forum and in OMB's final report and recommendations. Similarly, the Department expects to publish shortly an NPRM to revise its Motor Carrier Hours of Service. After it is published, DOT intends to hold a series of listening sessions similar to those conducted for the drug and alcohol NPRM. These sessions also will be considered part of the Information Initiative in lieu of a Roundtable.

ED recently has begun a negotiated rulemaking that would reengineer its regulations to make it easier for educational and financial institutions to use electronic technology to document interactions with students and ED. ED expects to conduct a number of stakeholder sessions between now and early summer. These sessions will be part of the Information Initiative.

On May 5, the participating agencies will conduct an interagency roundtable to share best practices and discuss the challenges and opportunities of information technology with respect to information collections. This roundtable will not be open to the public. An agency may hold additional roundtables on one or more of the collections, topics or issues during the month of May if warranted.

OMB recommends that attendees register for the Forum and each roundtable that they wish to attend. Attendees may register by e-mail to rmatzner@omb.eop.gov, or by fax at 202-395-7285. Submit registrations at least 3 working days before the date of a Roundtable. All attendees must provide the following: full name, full mailing address, telephone number, e-mail address, and each roundtable that he or she will attend. If an attendee will attend the Forum held in the EEOB, he or she must also provide his or her date of birth and social security number.
