AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Notice.

SUMMARY: This notice contains the revised fee schedules for processing certain types of requests for changes to National Flood Insurance Program (NFIP) maps, for processing requests for Flood Insurance Study (FIS) technical and administrative support data, and for processing requests for particular NFIP map and insurance products. The changes in the fee schedules will allow us (FEMA) to reduce further the expenses to the NFIP by recovering more fully the costs associated with: (1) Processing conditional and final map change requests; (2) retrieving, reproducing, and distributing technical and administrative support data related to FIS analyses and mapping; and (3) producing, retrieving, and distributing

particular NFIP map and insurance products.

EFFECTIVE DATE: The revised fee schedules are effective for all requests dated June 1, 2000, or later.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, by telephone at (202) 646-3461, by facsimile at (202) 646-4596 (not toll-free calls), or by email at matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION:

Throughout this notice, we use "we", "our", and "us" to refer to FEMA.

This notice contains the revised fee schedules for processing certain types of requests for changes to NFIP maps, requests for FIS technical and administrative support data, and requests for particular NFIP map and insurance products.

Effective Dates. The revised fee schedule for map changes is effective for all requests dated June 1, 2000, or later. The revised fee schedule supersedes the current fee schedule, which was established on March 1, 1999.

The revised fee schedule for requests for FIS technical and administrative support data also is effective for all requests dated June 1, 2000, or later. The revised fee schedule supersedes the current fee schedule, which was established on March 1, 1999.

The revised fee schedule for requests for particular NFIP map and insurance products, which are available through our Map Service Center (MSC), is effective for all written requests dated June 1, 2000, and for all telephone requests received on or after June 1, 2000. The revised fee schedule supersedes the current fee schedule.

Evaluations Performed. To develop the revised fee schedule for conditional and final map change requests, we evaluated the actual costs of reviewing and processing requests for Conditional Letters of Map Amendment (CLOMAs), Conditional Letters of Map Revision Based on Fill (CLOMR-Fs), Conditional Letters of Map Revision (CLOMRs), Letters of Map Revision Based on Fill (LOMR-Fs), Letters of Map Revision (LOMRs), and Physical Map Revisions (PMRs).

To develop the revised fee schedule for requests for FIS technical and administrative support data, we evaluated the actual costs of retrieving, reproducing, and distributing archived data in seven categories. We discuss these categories in more detail below.

To develop the revised fee schedule for requests for particular NFIP map and insurance products, we: (1) Evaluated

the actual costs incurred at the MSC for producing, retrieving, and distributing those products; (2) analyzed historical sales, cost data, and product unit cost for unusual trends or anomalies; and (3) analyzed the effect of program changes, new products, technology investments, and other factors on future sales and product costs. We discuss the products that this notice covers in detail below.

Periodic Evaluation of Fees. As we indicated in the **Federal Register** notice that we published on February 6, 1997, at 62 FR 5739-5740, primary components of the fees are the prevailing rates that the private sector charges to us for labor and materials. Because these rates and the actual review and processing costs may vary from year to year, we will evaluate the fees periodically and publish revised fee schedules as notices in the **Federal Register**.
