

liquidate all appropriate entries without regard to antidumping duties.

On April 20, 2000, the International Trade Commission (ITC) determined that revoking the existing antidumping duty orders on EMD from Greece and Japan would not be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. Therefore, because the order will be revoked as a result of the ITC's determination with an effective date of January 1, 2000, no deposit requirements will be effective for shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this determination in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: May 1, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On February 1, 1991, the Department issued antidumping duty orders on HFHTs from the PRC. *See Antidumping Duty Orders: Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles from the People's Republic of China*, 56 FR 6622 (February 19, 1991) (*Antidumping Duty Orders*). On April 4, 1996, the Department published its final results of the third administrative review of HFHTs for two PRC exporters, Fujian Machinery and Equipment Import and Export Corporation (FMEC) and Shandong Machinery Import and Export Corporation (SMC). *See Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, from the People's Republic of China; Final Results of Antidumping Administrative Review*, 61 FR 15028 (April 4, 1996). On May 14, 1996, the Department published its amended final results of the third administrative review of HFHTs. *See Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, From the People's Republic of China; Amendment of Final Results of Antidumping Duty Administrative Review*, 61 FR 24285 (May 14, 1996).

On September 7, 1999, the Department filed with the CIT a consent motion for voluntary remand so that the Department may exclude statistics used as surrogate values that were found to be aberrational by the Department in the Final Results of Redetermination Pursuant to Court Remand relating to the second administrative review. The CIT granted the motion and remanded

to the Department on September 15, 1999.

On November 15, 1999, the Department filed its final results pursuant to remand. *See Final Results of Redetermination Pursuant to Court Remand, Fujian Machinery and Equipment Import & Export Corp., et. al v. United States* (November 15, 1999). On February 8, 2000, the CIT upheld the Department's redetermination on remand. *Fujian Machinery & Equipment Import & Export Corp., Shandong Machinery Import & Export Corp., et al. v. United States, CIT*, Slip. Op 00-14 (February 8, 2000). Neither party appealed the CIT's decision.

There is now a final and conclusive court decision in this action; therefore, we are amending our final results of review for the period February 1, 1993 through January 31, 1994. We recalculated margins on each product category for FMEC and SMC. The revised weighted average margins are as follows:

Manufacturer/Exporter	Margin (percent)
Fujian Machinery & Equipment Import & Export Corp.:	
Axes/Adzes	5.68
Bars/Wedges	16.14
Hammers/Sledges	8.90
Shandong Machinery Import & Export Corp.:	
Bars/Wedges	29.84
Hammers/Sledges	10.02
Picks/Mattocks	52.60

Accordingly, the Department will determine, and the Customs Service will assess, antidumping duties on all entries of subject merchandise from FMEC and SMC in accordance with these amended final results. For assessment purposes, we have calculated importer-specific duty assessment rates for each class or kind of merchandise based on the ratio of the total amount of antidumping duties calculated for the examined sales during the period of review (POR) to the total quantity of sales examined during the POR. The Department will issue appraisement instructions directly to Customs. The above rates will not affect FMEC or SMC's cash deposit rates currently in effect, which continue to be based on the margins found to exist in the most recently completed review.

This notice is published in accordance with section 751(a)(1) of the Tariff Act (19 U.S.C. 1675(a)(1)) and 19 CFR 351.221.

Dated: April 27, 2000.

Acting Assistant Secretary for Import Administration.
