We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB. In calculating the burden, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Availability of Draft Director's Order Concerning National Park Service Policies and Procedures Governing Its Structural Fire Management Program

AGENCY: National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: The National Park Service (NPS) has prepared a Director's Order setting forth its policies and procedures governing structural fire prevention, protection, and suppression. When adopted, the policies and procedures will apply to all units of the national park system, and will supersede and replace the policies and procedures issued in June 1987.

DATES: Written comments will be accepted until June 26, 2000.

ADDRESSES: Draft Director's Order #58 is available on the Internet at <http://www.nps.gov/refdesk/DOrders/index.htm>. Requests for copies and written comments should be sent to Bill

Oswald, NPS Structural Fire Program Manager, Fire Management Program Center, 3833 S. Development Avenue, Boise, Idaho 83705, or to his Internet address: bill_oswald@nps.gov.

SUPPLEMENTARY INFORMATION: The NPS is updating its current system of internal written instructions. When these documents contain new policy or procedural requirements that may affect parties outside the NPS, they are first made available for public review and comment before being adopted. The policies and procedures governing structural fire management have previously been published in the form of guideline NPS-58. That guideline will be superseded by the new Director's Order 58 (and a reference manual that will be issued subsequent to the Director's Order). The draft Director's Order covers topics such as fire management planning, safety and health, cultural resources, concessions, reporting, investigation, training, coordination, program review, preparedness, and funding. Director's Order #58 addresses only structural fire management; wildland fire management is addressed in Director's Order #18, approved November 17, 1998 (and is also available on the Internet site listed above).

Dated: May 19, 2000.

Loran Fraser,

Chief, Office of Policy.

DEPARTMENT OF LABOR

Employment and Training Administration

Workforce Investment Act (WIA)(Section 167) National Farmworker Jobs Program (NFJP)

Allocations

AGENCY: Employment and Training Administration (ETA), Labor.

ACTION: Notice: Announcement of Formula Allocations for the Program Year (PY) 2000 NFJP.

SUMMARY: Pursuant to Section 182(d) of the WIA, the ETA is publishing the PY 2000 allocations for the NFJP authorized under Section 167 of the WIA.

FOR FURTHER INFORMATION CONTACT: Ms. Alicia Fernandez-Mott, Chief, Division of Seasonal Farmworker Programs. Her e-mail address is <afernandez-mott@doleta.gov>. Her telephone number is (202) 219-5500, ext. 121. (This is not a toll-free number.)

EFFECTIVE DATE: May 25, 2000. Comments must be submitted on or before June 26, 2000.

SUPPLEMENTARY INFORMATION: On May 19, 1999, a Notice of the new formula for allocating funds available for the NFJP (formerly referred to as the Migrant and Seasonal Farmworker (MSFW) program) was published in the **Federal Register** at 64 FR 27390 (May 19, 1999). The Notice explains how the new formula achieves its purpose, which is to distribute funds geographically by State service area on the basis of each area's relative share of farmworkers who are eligible for enrollment in the NFJP. The new formula consists of a rational organization of multiple data sets selected to yield the relative share distribution of eligible farmworkers. The result is substantially more relevant to the purpose than the allotments determined by the prior formula. Because it is the best available allocation tool and to maintain consistency, the Department of Labor is using the new formula described in the May 19 Notice to allocate PY 2000 WIA section 167 funds. The rationale for the new allocation formula and underlying methodology on how the new formula realigns the NFJP allocations, is fully explained in the May 19 Notice. The Department of Labor invites comments on our decision to use this formula for allocating PY 2000 funds.

Implementing the new formula in PY 1999 gave rise to significant changes in relative funding levels. The magnitude of the realignment for some State service areas is substantial. This is attributable to the inherent weaknesses of the data sources used under the prior formula and also to the fact the sources had gradually become substantially date-stale. To provide for a smooth transition from the original distributions, to the distributions provided by the new formula, Part IV of the May 19, 1999 Notice provides a strategy for implementation of the new formula through four incremental "hold harmless" stages. The stages adjust the formula allocations by limiting the rate of reduction in relative funding levels to the four annual increments of 95 percent, 90 percent, 85 percent and 80 percent of the 1998 level—the last year under the old formula. Full implementation of the new (combined-data) formula is reached on the 5th year allocation. The May 19, 1999 Notice provides that for PY 2000, which is the second stage hold-harmless year, each State service area will receive no less than 90 percent of its PY 1998 allocation (64 FR 27390, 27399 § IV(2)). PY 2000 is the operating year that begins on July 1, 2000.
