Adoption of Updated EDGAR Filer Manual

AGENCY: Securities and Exchange Commission.

ACTION: Final rule.

SUMMARY: The Commission is adopting revisions to the EDGAR Filer Manual and is providing for their incorporation by reference into the Code of Federal Regulations. In conjunction with the transition to the new capabilities made available in EDGAR Release 7.0, we will be redesignating the components of the Filer Manual into three parts: Volume I discusses the old (Legacy) EDGAR filing system; Volume II discusses modernized EDGAR and all its new features; and the N-SAR Supplement discusses the filing of N-SAR documents. Today, we are adopting new provisions to the Filer Manual that describe the modernized EDGAR system implemented in EDGAR Release 7.0. These new provisions are designated as Volume II of the EDGAR Manual.

EFFECTIVE DATE: May 30, 2000. The revisions to the EDGAR Filer Manual (Release 7.0), contained in Volume II—Modernized EDGARLink, will be effective on May 30, 2000. The incorporation by reference of the EDGAR Filer Manual is approved by the Director of the Federal Register as of May 30, 2000.

FOR FURTHER INFORMATION CONTACT: In the Office of Information Technology, Richard Heroux at (202) 942-8800; for questions concerning investment company filings, Ruth Armfield Sanders, Senior Special Counsel, or Shaswat K. Das, Attorney, Division of Investment Management, at (202) 942-0978; and for questions concerning Corporation Finance company filings, Herbert Scholl, Office Chief, EDGAR and Information Analysis, Division of Corporation Finance, at (202) 942-2930.

SUPPLEMENTARY INFORMATION: Today we are adopting a new Volume II of the

EDGAR Filer Manual ("Filer Manual"), which describes the technical formatting requirements for the preparation and submission of electronic filings through the Electronic Data Gathering, Analysis, and Retrieval (EDGAR) system.¹ Volume II describes the requirements for filing using the new EDGARLink.²

Previously, the EDGAR Manual was composed of two parts. With the addition of Volume II, the EDGAR Manual will consist of three parts because we will be maintaining two separate software applications for the preparation and transmission of filings until at least November 1, 2000. We are doing this to provide filers abundant time to transition to the new modernized system.

Volume II of the Manual contains all the new technical specifications for filers to submit filings using the new modernized EDGAR system available in Release 7.0. The specifications include features that will be available for the first time to filers using the new EDGARLink software, such as expanded hyperlinks, graphics, and filing over the Internet.

We also plan shortly to adopt revised versions of the remaining parts of the Manual. These revisions will reflect the limited changes effected by EDGAR Release 7.0 to the Legacy EDGAR systems and Form N-SAR filing. Until we do, the provisions of EDGAR Manual Release 6.75 and N-SAR Supplement for Release 6.1 will continue to apply to filers using the Legacy EDGAR system and to filers filing Form N-SAR.

Filers must comply with the applicable provisions of the Filer Manual in order to assure the timely acceptance and processing of filings made in electronic format.³ Filers should consult the Filer Manual in conjunction with our rules governing mandated electronic filing when preparing documents for electronic submission.⁴

¹ We originally adopted the Filer Manual on April 1, 1993, with an effective date of April 26, 1993. Release No. 33-6986 (Apr. 1, 1993) (58 FR 18638). We implemented the most recent update to the Filer Manual on January 24, 2000. See Release No. 33-7789 (January 20, 2000) (65 FR 3123).

² This is the Filer Assistance software we provide filers filing on the EDGAR system.

³ See Rule 301 Regulation S-T (17 CFR 232.301).

⁴ See Release Nos. 33-6977 (Feb. 23, 1993) (58 FR 14628), IC-19284 (Feb. 23, 1993) (58 FR 14848), and 35-25746 (Feb. 23, 1993) (58 FR 14999), and 33-6980 (Feb. 23, 1993) (58 FR 15009) in which we comprehensively discuss the rules we adopted to govern mandated electronic filing. See also Release No. 33-7122 (Dec. 19, 1994) (59 FR 67752), in which we made the EDGAR rules final and applicable to all domestic registrants; Release No. 33-7427 (July 1, 1997) (62 FR 36450), in which we

Continued

The purpose of EDGAR Release 7.0 is to implement the next stage of modernization that filers may begin using on May 30, 2000. The modernized version of EDGAR includes a number of changes: An easier to use EDGARLink for creating and submitting filings to the EDGAR system; graphics and image files in HTML filings; expanded use of hyperlinks in HTML filings; the addition of the Internet as a means of transmission; an update to use of magnetic tape cartridges and the removal of 9 track tapes when support of the Legacy EDGAR system ends; and the elimination of diskette filing in July 2000. The new EDGARLink will be available for download from the EDGAR Filing website; it will not be distributed by diskette.

Legacy EDGARLink is a DOS-based system. We believe the modernized EDGARLink will be easier to use under a Windows operating system, the system most filers use. The new EDGARLink will enable filers to transmit their filings to EDGAR using the Internet. As with the current EDGARLink, the new EDGARLink also assists filers with building the header, attaching documents to the header, checking for errors and transmitting documents to us. The new EDGARLink does not use the current tagging; instead, predefined templates are available for download through our EDGAR Filing web site. The new EDGARLink checks for errors so that filers can make corrections and increase the chance of acceptance by the system.

Filers must use the new EDGARLink if they wish to include graphics and expanded hyperlinks in their HTML documents. Filers using the old version of EDGARLink will not be able to take advantage of EDGAR's new features. Also, as of May 30th, filers using the Legacy EDGAR software system will be able to update company information, change their passwords or change their CIK confirmation codes only by submitting an amended Form ID.

Finally, we are amending Rule 301 of Regulation S-T to provide for the incorporation by reference into the Code of Federal Regulations the revisions to the Filer Manual reflected in Volume II. This incorporation by reference was

approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. The revised Filer Manual and the amendments to Rule 301 will be effective on May 30, 2000.

You may obtain paper copies of the updated Filer Manual at the following address: Public Reference Room, U.S. Securities and Exchange Commission, 450 Fifth Street, NW., Washington DC. 20549-0102. We will post electronic format copies on the SEC's Web Site. The SEC's Web Site address for the Filer Manual is <http://www.sec.gov/asec/ofis/filerman.htm>. You may also obtain copies from Disclosure Incorporated, the paper and microfiche contractor for the Commission, at (800) 638-8241.

Since the Filer Manual relates solely to agency procedures or practice, publication for notice and comment is not required under the Administrative Procedure Act (APA).⁵ It follows that the requirements of the Regulatory Flexibility Act⁶ do not apply.

The effective date for the updated Filer Manual and the rule amendments is May 30, 2000. In accordance with the APA,⁷ we find that there is good cause to establish an effective date less than 30 days after publication of these rules. The EDGAR system is scheduled to be upgraded to Release 7.0 on May 30, 2000. The Commission believes that it is necessary to coordinate the effectiveness of the updated Filer Manual with the scheduled system upgrade in order to minimize confusion to EDGAR filers.

Statutory Basis

We are adopting the amendments to Regulation S-T under sections 6, 7, 8, 10, and 19(a) of the Securities Act,⁸ Sections 3, 12, 13, 14, 15, 23, and 35A of the Securities Exchange Act of 1934,⁹ Section 20 of the Public Utility Holding Company Act of 1935,¹⁰ Section 319 of the Trust Indenture Act of 1939,¹¹ and Sections 8, 30, 31, and 38 of the Investment Company Act.¹²

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

21 CFR Part 176

[Docket No. 00F-0813]

Indirect Food Additives: Paper and Paperboard Components

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule.

SUMMARY: The Food and Drug Administration (FDA) is amending the food additive regulations to provide for the safe use of sodium xylenesulfonate as a component of paper and paperboard intended to contact food. This action is in response to a petition filed by Tritex Co., Inc.

DATES: This rule is effective May 26, 2000. Submit written objections and requests for a hearing by June 26, 2000.

ADDRESSES: Submit written objections to the Dockets Management Branch (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852.

FOR FURTHER INFORMATION CONTACT:

Mark A. Hepp, Center for Food Safety and Applied Nutrition (HFS-215), Food and Drug Administration, 200 C St. SW., Washington, DC 20204, 202-418-3098.

SUPPLEMENTARY INFORMATION: In a notice published in the **Federal Register** of March 7, 2000 (65 FR 12015), FDA announced that a food additive petition (FAP 0B4719) had been filed by Tritex Co., Inc., 1001 Boul. Industriel, Saint-Eustache (Quebec), CANADA J7R 6C3 (zip code was incorrectly identified as J7H 6C3 in the March notice). The petition proposed to amend the food additive regulations in § 176.170 *Components of paper and paperboard in contact with aqueous and fatty foods*

(21 CFR 176.170) to provide for the safe use of sodium xylene sulfonated as a component of paper and paperboard intended to contact food. Although the additive was identified as sodium xylene sulfonated in the notice of filing, FDA feels that it is more appropriately listed as sodium xylenesulfonate in this final rule.

FDA has evaluated data in the petition and other relevant material. Based on this information, the agency concludes that the proposed use of the additive is safe, that the additive will achieve its intended technical effect, and therefore, that the regulations in § 176.170 should be amended as set forth below.

In accordance with § 171.1(h) (21 CFR 171.1(h)), the petition and the documents that FDA considered and relied upon in reaching its decision to approve the petition are available for inspection at the Center for Food Safety and Applied Nutrition by appointment with the information contact person listed above. As provided in § 171.1(h), the agency will delete from the documents any materials that are not available for public disclosure before making the documents available for inspection.

The agency has previously considered the potential environmental effects of this rule as announced in the notice of filing for FAP 0B4719. No new information or comments have been received that would affect the agency's previous determination that there is no significant impact on the human environment and that an environmental impact statement is not required.

This final rule contains no collections of information. Therefore, clearance by the Office of Management and Budget under the Paperwork Reduction Act of 1995 is not required.

Any person who will be adversely affected by this regulation may at any time file with the Dockets Management Branch (address above) written objections by June 26, 2000. Each objection shall be separately numbered, and each numbered objection shall specify with particularity the provisions of the regulation to which objection is made and the grounds for the objection.

Each numbered objection on which a hearing is requested shall specifically so state. Failure to request a hearing for any particular objection shall constitute a waiver of the right to a hearing on that objection. Each numbered objection for which a hearing is requested shall include a detailed description and analysis of the specific factual information intended to be presented in support of the objection in the event that a hearing is held. Failure to include such a description and analysis for any particular objection shall constitute a waiver of the right to a hearing on the objection. Three copies of all documents are to be submitted and are to be identified with the docket number found in brackets in the heading of this document. Any objections received in response to the regulation may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.
