

Proposed Action would occur under a third alternative; however, the runway repair and landing systems installations would not occur. A fourth alternative would be the same as the Proposed Action except that the C-141 aircraft would not be phased out. Therefore, this alternative would include C-141 aircraft operations. The EIS will also evaluate the No Action alternative.

The EIS is being prepared in compliance with the National Environmental Policy Act. The Air Force invites government agency representatives and members of the community to hear a presentation on the proposal and to identify environmental issues to be analyzed in the EIS that will be used in the decision-making process.

A public scoping meeting on the proposal will be held Tuesday, June 13, 2000. An Open House will be held at 6:30 p.m. The meeting begins at 7:30 p.m. in Herschel H. Crow Auditorium, Western Oklahoma State College, 2801 N. Main, Altus, Oklahoma.

Comments on this proposed action may be sent (postmarked by June 30, 2000) to Linda C. Stokes, 97 AMW/PA, 100 Inez Blvd., Suite 2, Altus AFB, OK 73523-5047. Ms. Stokes can be reached at (580) 481-7229 or by facsimile at (580) 481-5966.
