**II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organizations has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

**A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change****1. Purpose**

The purpose of this proposed rule change is to amend the Phlx's fee schedule to exempt all customer executions on orders delivered through AUTOM electronic delivery and execution system of 250 contracts or less from equity option transaction and comparison charges and to offset the fee exemption by imposing increased per contract option transaction charges on firm, registered options traders and specialist executions to achieve a revenue neutral effect. The proposed amended schedule of equity option charges is designed to promote the Exchange's reputation as a cost effective environment for both customers and

traders to transact their options business.<sup>3</sup>

The Phlx believes that the amended equity option charges are reasonable and equitable and will encourage customer order flow to be executed over the Exchange's AUTOM electronic delivery and execution system by exempting customer transactions from per contract transaction and comparison charges. The amended schedule of equity options charges affords retail broker/dealers cost savings respecting electronic delivery and executions of customer orders.

The Exchange believes that these changes will help it to meet the changing needs of customers in the marketplace and give the Exchange better means of competing with other options exchanges for order flow, particularly in multiply traded issues. The Exchange also believes the changes will allow the Exchange to enhance its operational efficiency.

**2. Statutory Basis**

The Exchange represents that the proposed rule change is consistent with Section 6(b) of the Act<sup>4</sup> in general and furthers the objectives of Section 6(b)(4)<sup>5</sup> in particular because it provides for the equitable allocation of reasonable dues, fees and other charges among its members.<sup>6</sup>

**B. Self-Regulatory Organization's Statement on Burden on Competition**

The Phlx does not believe that the proposed rule change will impose any inappropriate burden on competition.

**C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others**

The Exchange neither solicited nor received written comments.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change establishes or changes a due, fee, or other charge and, therefore, has become effective pursuant to Section 19(b)(3)(A) of the

<sup>1</sup> Only Exchange member organizations are permitted to enter orders on AUTOM and are charged the relevant fees by the Exchange.
