

In May 2000, Staff from EPA's Office of Research and Development (ORD) requested that CASAC, through its Technical Subcommittee on Fine Particle Monitoring, conduct a peer review of the report prepared in response to Section 6102(e) of the Transportation Equity Act for the 21st Century, which states: "*The Administrator shall conduct a field study of the ability of the PM_{2.5} Federal Reference Method to differentiate those particles that are larger than 2.5 micrograms [sic] in diameter. This study shall be completed and provided to the Committee on Commerce of the House of Representatives and the Committee on Environment and Public Works of the United States Senate no later than two years from the date of enactment of this Act.*"

Charge to the Subcommittee: ORD has had the draft report reviewed by two external expert reviewers, incorporating their comments prior to submitting the report to the CASAC Subcommittee for a full independent peer review. The Agency has asked that the Subcommittee respond to the following questions: (a) Has the proper methodology been used to address the requirement in the Transportation Equity Act? (b) Was the methodology applied correctly? and (c) Is the Report's interpretation correct? The Subcommittee may also address other issues.

Availability of Review Materials: Single copies of the review document are available from Mr. Frank McElroy, Office of Research and Development (MD-46), U.S. EPA, Research Triangle Park, NC 27711. Mr. McElroy can also be reached by telephone at (919) 541-2622, fax at (919) 541-1153, or e-mail: <mcelroy.frank@epa.gov>. Please ask for: "*Response to Section 6102(e) of the Transportation Equity Act for the 21st Century*" dated May 2000, EPA 600/R-00/033, prepared by USEPA's National Exposure Research Laboratory (NERL), RTP, NC.

For Further Information: Members of the public desiring additional information about the meeting should contact Mr. Robert Flaak, Designated Federal Officer, Clean Air Scientific Advisory Committee, Science Advisory Board (1400A), Suite 6450, U.S. EPA, 1200 Pennsylvania Avenue, NW, Washington, DC 20460; telephone/voice mail at (202) 564-4546; fax at (202) 501-0582; or via e-mail at <flaak.robert@epa.gov>. A copy of the draft agenda is available from Ms. Diana Pozun at (202) 564-4544 or by FAX at (202) 501-0582 or via e-mail at <pozun.diana@epa.gov>.

Members of the public who wish to make a brief oral presentation to the Subcommittee (in Room 6013 only) must contact Mr. Flaak in writing (by letter or by fax—see previously stated information) no later than 12 noon Eastern Daylight Savings Time, Wednesday, June 14, 2000 in order to be included on the Agenda. Public comments will be limited to five minutes per speaker or organization; 15 minutes total. The request should identify the name of the individual making the presentation, and the organization (if any) they will represent.

Please note: If we receive more requests than we can accommodate, time of receipt in the CASAC office will determine priority, with the first three requests granted time. All others will have to provide written comments. Written comments of any length may be submitted to Mr. Flaak at any time until the date of the meeting. Please provide at least 25 copies. The Science Advisory Board expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements.

Individuals requiring special accommodation at this meeting, including wheelchair access to the conference room, should contact Mr. Flaak at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: May 31, 2000.

Donald G. Barnes,
Staff Director, Science Advisory Board.

Guam; Final Program Determination of Adequacy of State Municipal Solid Waste Landfill Permit Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final determination of adequacy of Guam's municipal solid waste landfill permit program.

SUMMARY: On August 24, 1998 Guam applied for a determination of adequacy of its municipal solid waste landfill permit program under section 4005 of the Resource Conservation and Recovery Act (RCRA). This section requires States to develop and implement permit programs that ensure that Municipal Solid Waste Landfills (MSWLFs) which may receive hazardous household waste or small quantity generator waste are obligated to comply with the revised Federal

MSWLF Criteria (40 CFR part 258). RCRA section 4005(c)(1)(C) requires the Environmental Protection Agency (EPA) to determine whether States have adequate "permit" programs for MSWLFs, but does not mandate issuance of a rule for such determination. Guam is identified as a "State" in 40 CFR 258.2.

Guam applied for a determination of adequacy under section 4005 of RCRA. EPA reviewed Guam's application and proposed a determination that Guam's MSWLF permit program is adequate to ensure compliance with the revised MSWLF Criteria. Further background on the tentative determination of adequacy appears at 64 FR 54013, Oct. 5, 1999. Along with the tentative determination, EPA announced the availability of the application for public comment. EPA offered to hold a public hearing if a sufficient number of people requested such a hearing. There were no requests for a public hearing, so a hearing was not held. EPA did not receive any comments on Guam's application. Therefore, EPA is today issuing a final determination that the State's program is adequate.

The full Guam application is on file and may be reviewed at the regional EPA office in San Francisco, California or alternatively at the offices of the Guam Environmental Protection Agency, Calibration Laboratory Building, 15-6101 Mariner Avenue, Tiyan, Barrigada, Guam.

Today's action takes effect without further notice in 60 days unless the Agency receives relevant adverse comment or notice that someone intends to submit a relevant adverse comment within 30 days. Should the Agency receive such comments or notice, it will publish a timely notice informing the public that this rule has not taken effect.

FINAL ACTION: Guam is granted full program determination of adequacy for all areas of its municipal solid waste landfill permit program. By this action, EPA is granting Guam full program determination of adequacy for all parts of its municipal solid waste landfill permit program.

EFFECTIVE DATE: The determination of adequacy for Guam shall be June 6, 2000.

FOR FURTHER INFORMATION CONTACT: Ms. Heidi Hall, WST-7, U.S. EPA 75 Hawthorne Street, San Francisco, CA 94105, (415) 744-1284.

SUPPLEMENTARY INFORMATION:

Administrative Requirements

A. Executive Order 12866

The Office of Management and Budget has exempted this regulatory action from Executive Order 12866 review.

B. Certification Under the Regulatory Flexibility Act

Pursuant to the provisions of 5 U.S.C. 605(b), I hereby certify that this final approval will not have a significant impact on a substantial number of small entities. It does not impose any new burdens on small entities. This notice, therefore, does not require a regulatory flexibility analysis.

C. Unfunded Mandates Act

Under section 202 of the Unfunded Mandates Reform Act of 1995, EPA must prepare a budgetary impact statement to accompany any proposed or final rule that includes a federal mandate that may result in estimated costs to state or local governments in the aggregate, or to the private sector, or \$100 million or more. The EPA has determined that the approval action being promulgated does not include a federal mandate that may result in estimated costs of \$100 million or more to either state or local governments in the aggregate, or to the private sector. This federal action approves preexisting requirements under state law, and imposes no new requirements. Accordingly, no additional costs to State or local governments, or to the private sector, result from this action.

D. Executive Order 12875

Executive Order 12875 is intended to develop an effective process to permit elected officials and other representatives of state or local governments to provide meaningful input in the development of regulatory proposals containing significant unfunded mandates. Since this final federal action approves preexisting requirements of state law, no new unfunded mandates result from this action. See also the discussion under C, above, Unfunded Mandates Act.

E. Executive Order 13045

Executive Order 13045, effective April 21, 1997, concerns protection of children from environmental health and safety risks, and applies to regulatory action that is "economically significant" in that such action may result in an annual effect on the economy of \$100 million or more. The EPA has determined that the approval action being promulgated will not have a significant effect on the economy. This federal action approves preexisting requirements under state law, and imposes no new requirements.

Accordingly, Executive Order 13045 does not apply to this action.

F. Congressional Review Act

Under 5 U.S.C. 801(a)(1)(A), as added by the Small Business Regulatory Enforcement Fairness Act of 1996, EPA submitted a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives and the Comptroller General of the General Accounting Office prior to publication of this action in today's **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Authority: This notice is issued under the authority of section 4005 of the Solid Waste Disposal Act, as amended, 42 U.S.C. 6946.

Dated: May 23, 2000.

Felicia Marcus,

Regional Administrator, Region IX.

Pesticide Products; Registration Applications

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces receipt of applications to register pesticide products containing new active ingredients not included in any previously registered products pursuant to the provisions of section 3(c)(4) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. **DATES:** Written comments, identified by the docket control number OPP-30493, must be received on or before July 6, 2000.

ADDRESSES: Comments may be submitted by mail, electronically, or in person. Please follow the detailed instructions for each method as provided in Unit I. of the **SUPPLEMENTARY INFORMATION.** To ensure proper receipt by EPA, it is imperative that you identify docket control number OPP-30493 in the subject line on the first page of your response.

FOR FURTHER INFORMATION CONTACT: By mail: Linda Hollis, Biopesticides and Pollution Prevention Division (7511C), Office of Pesticide Programs, Environmental Protection Agency, Ariel Rios Bldg., 1200 Pennsylvania Ave., NW., Washington, DC 20460. Office location, telephone number, and e-mail address: Rm. 910W49, CM #2, 1921 Jefferson Davis Hwy., Arlington, VA 22202; telephone number: 703-308-8733; e-mail: hollis.linda@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does This Action Apply to Me?

You may be affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected categories and entities may include, but are not limited to:

Categories	NAICS codes	Examples of potentially affected entities
Industry	111	Crop production. Animal production. Food manufacturing. Pesticide manufacturing.
	112	
	311	
	32532	

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in the table could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether or not this action might apply to certain entities. If you have questions regarding the applicability of this action to a particular entity, consult the person listed under "FOR FURTHER INFORMATION CONTACT."

B. How Can I Get Additional Information, Including Copies of This Document and Other Related Documents?

1. *Electronically.* You may obtain electronic copies of this document, and certain other related documents that might be available electronically, from the EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select "Laws and Regulations" and then look up the entry for this document under the "**Federal Register**—Environmental Documents." You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

2. *In person.* The Agency has established an official record for this action under docket control number OPP-30493. The official record consists of the documents specifically referenced in this action, any public comments received during an applicable comment
