

Northern Border's contracted shippers and interested state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NW., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

### Federal Energy Regulatory Commission

[Docket No. CP00-371-000]

#### Northern Natural Gas Company; Notice of Application

June 2, 2000.

Take notice that on May 30, 2000, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124, filed in Docket No. CP00-371-000 an application pursuant to Sections 7(b) and (c) of the Natural Gas Act for permission and approval to abandon and replace certain pipeline facilities located in Iowa, all as more fully set forth in the application on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/htm> (call 202-208-2222 for assistance).

Northern states that during a hot spot survey conducted in April 1999, it discovered a leak on a portion of its A-Line located under a road in Cass County, Iowa. Northern indicates that, to immediately repair the leak, it replaced approximately 199 feet of its 24-inch line with 6-inch pipe without requesting authorization under the proper regulations. Northern states

instead that it listed the replacement project in its annual blanket report as a like-for-like replacement.

Northern indicates that a total of approximately 45 feet of pipe was removed from either end of the 24-inch pipe to facilitate installation of the new pipe, and that approximately 199 feet of 6-inch pipe was placed through the 24-inch line and tied into the existing 24-inch A-Line. It is asserted that the 6-inch line will have sufficient capacity to meet current maximum contract obligations. It is further asserted that the proposed abandonment and replacement will not result in any loss of service to Northern's existing customers. The cost of the proposed replacement is estimated at \$84,237.

Any questions regarding the application should be directed to Keith L. Petersen, Director, Certificates and Reporting, at (402) 398-7421, Northern Natural Gas Company, P.O. Box 3330, Omaha, Nebraska 68103-0330.

Any person desiring to be heard or to make any protest with reference to said application should on or before June 23, 2000, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be

unnecessary for Northern to appear or be represented at the hearing.

### Federal Energy Regulatory Commission

[Docket No. RP00-301-000]

#### Sea Robin Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

June 2, 2000.

Take notice that on May 30, 2000, Sea Robin Pipeline Company (Sea Robin) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the revised tariff sheets listed on Appendix A attached to the filing, to be effective June 30, 2000.

Sea Robin states that the purpose of this filing, made in accordance with the provisions of Section 154.204 of the Commission's Regulations, is to reflect tariff changes necessitated by the acquisition of Sea Robin by Trunkline Gas Company. Specifically, the modifications include: (1) Updating the General Terms and Conditions and the Form of Service Agreements for address and telephone number changes, as well as formatting the address area for consistency; (2) updating the marketing affiliate information in the General Terms and Conditions Section 18; (3) replacing references to Birmingham, Alabama time with Central Clock time; (4) reflecting that the laws of the State of Texas will govern the validity and interpretation of the service agreements; and (5) reflecting the system map image on Sheet No. 6.

Sea Robin states that copies of this filing are being served on all affected customers and applicable state regulatory agencies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party

must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

### Federal Energy Regulatory Commission

[Docket No. RP00-300-000]

#### Tennessee Gas Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

June 2, 2000.

Take notice that on May 24, 2000, Tennessee Gas Pipeline Company (Tennessee) tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, the tariff sheets listed on Appendix A to the filing, with an effective date of June 23, 2000.

Tennessee is requesting authority: (1) To choose to record and maintain reserve prices, if established, for validation purposes as opposed to disclosing such reserve price as part of the open season and (2) to allow prearranged deals with the customer with the pre-arranged transaction will have a right of to match any higher bid. In addition, Tennessee is adding language to clarify how the NPV will be calculated for bids that include a customer's option to terminate its contract early or reduce capacity separate from the primary term. Tennessee is also adding tariff language that allows for a *pro rata* distribution of capacity prior to the use of first-in-time as a tiebreaker or for when aggregated bids have the highest NPV.

Finally, in addition to other minor tariff clean-ups, Tennessee is clarifying that in package bids where part of the package includes a change in primary points that negatively affects Tennessee's revenues, the value of the primary point amendment will be treated as a negative adjustment to the value of the package bid.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's

Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

### Federal Energy Regulatory Commission

[Docket No. RP00-302-000]

#### Williams Gas Pipelines Central, Inc; Notice of Filing of Cash-Out Report

June 2, 2000.

Take notice that on May 30, 2000, Williams Gas Pipelines Central, Inc. (Williams) tendered for filing, pursuant to Article 9.8(d) of the General Terms and Conditions of its FERC Gas Tariff, its report of net revenue received from cash-outs. Williams proposes to make the refund upon Commission approval of its calculation method as set out in this report.

Williams states that pursuant to the cash-out mechanism in Article 9.8(a)(iv) of its FERC Gas Tariff, Shippers were given the option of resolving their imbalances by the end of the calendar month following the month in which the imbalance occurred by cashing-out such imbalances at 100% of the spot market price applicable to Williams as published in the first issue of Inside FERC's Gas Market Report for the month in which the imbalance occurred. Net monthly imbalances which were not resolved by the end of the second month following the month in which the imbalance occurred and which exceeded the tolerance specified in Article 9.8(b) were cashed-out at a premium or discount from the spot price according to the schedules set forth in Article 9.8(c). Williams is herewith filing its report of net revenue (sales less purchase cost) received from cash-outs.

Williams states that a copy of its filing was served on all jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before June 9, 2000. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene.

Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/rims.htm> (call 202-208-2222 for assistance).
