Correction to the Notices of Continuation of Antidumping Duty Orders: Sulfanilic Acid From People's Republic of China and India; and Continuation of Countervailing Duty Order: Sulfanilic Acid From India

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Correction to the notices of continuation of antidumping duty orders: sulfanilic acid from People's Republic of China and India; and countervailing duty order: sulfanilic acid from India.

SUMMARY: On June 8, 2000, the Department of Commerce ("the Department"), pursuant to 19 CFR 351.218(f)(4), published notices of the continuation of antidumping duty orders on sulfanilic acid from the PRC and India, and the countervailing duty order on sulfanilic acid from India (65 FR 36404). Subsequent to the issuance of the continuation notices, we detected

a ministerial error. We are amending our continuation notices to correct the ministerial error.

EFFECTIVE DATE: June 16, 2000.

FOR FURTHER INFORMATION CONTACT: Eun W. Cho or James Maeder, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW, Washington, DC 20230; telephone: (202) 482-1698 or (202) 482-3330, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 8, 2000, the Department of Commerce ("the Department") published the continuation notices of antidumping duty orders on sulfanilic acid from the PRC and India, and the countervailing duty order on sulfanilic acid from India (65 FR 36404). Subsequent to the publication of the final results, we detected ministerial errors.

Clerical Error

The case number in reference to the antidumping order for sulfanilic acid from India should have been A-533-806 rather than A-533-807, as published. Similarly, the case number in reference to the countervailing duty order for sulfanilic acid from India should have been A-533-807 rather than A-533-806, as published. We inadvertently listed wrong case numbers in our notices of continuation. Therefore, we are amending the aforementioned notices of continuation to correct the ministerial error.

This amendment is issued and published in accordance with sections 751(h) and 777(i) of the Act.

Dated: June 12, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.

Suspension of Antidumping Duty Investigation: Solid Fertilizer Grade Ammonium Nitrate From the Russian Federation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") has suspended the

antidumping duty investigation involving solid fertilizer grade ammonium nitrate ("ammonium nitrate") from the Russian Federation ("Russia"). The basis for this action is an agreement between the Department and the Ministry of Trade of the Russian Federation ("MOT") accounting for substantially all imports of ammonium nitrate from Russia, wherein the MOT has agreed to restrict exports of ammonium nitrate from all Russian producers/exporters to the United States and to ensure that such exports are sold at or above the agreed reference price.

EFFECTIVE DATE: May 19, 2000.

FOR FURTHER INFORMATION CONTACT: Jean Kemp or Maria Dyczak at (202) 482-4037 and (202) 482-5811, respectively, Antidumping and Countervailing Duty Enforcement Group III, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On August 12, 1999, the Department initiated an antidumping duty investigation under section 732 of the Tariff Act of 1930 ("the Act"), as amended, to determine whether imports of ammonium nitrate from Russia are being, or are likely to be, sold in the United States at less than fair value. On September 3, 1999, the United States International Trade Commission ("ITC") preliminarily determined that "there is a reasonable indication that an industry in the United States is materially injured by reason of imports from Russia of solid fertilizer grade ammonium nitrate" (64 FR 50103, September 15, 1999). On January 7, 2000, the Department published its preliminary determination that ammonium nitrate is being, or is likely to be, sold in the United States at less than fair value ("LTFV"), as provided in section 733 of the Act (65 FR 1139).

The Department and MOT initialed a proposed agreement suspending this investigation on April 20, 2000, at which time we invited interested parties to provide written comments on the agreement. We received comments from petitioner (the Committee for Fair Ammonium Nitrate Trade) and the Committee for a Competitive AN Market on May 10, 2000. We have taken these comments into account in the final version of the suspension agreement.

The Department and MOT signed the final suspension agreement on May 19, 2000. Accordingly the Department has suspended the investigation pursuant to section 734(f) of the Act. Pursuant to

section 734(g) of the Act, parties have 20 days from the date of publication of this notice to request a continuation of the investigation.

Scope of Investigation

For a complete description of the scope of the investigation, *see Agreement Suspending the Antidumping Investigation on Solid Fertilizer Grade Ammonium Nitrate from the Russian Federation*, Appendix III, signed May 19, 2000, attached hereto.

Suspension of Investigation

The Department consulted with the parties to the proceeding and has considered the comments submitted with respect to the proposed suspension agreement. Based on our review of these comments, we made no changes to the agreement. In accordance with section 734(l) of the Act, we have determined that the agreement will prevent the suppression or undercutting of price levels of domestic products by imports of the merchandise under investigation (*see Memorandum to Troy H. Cribb from Joseph A. Spetrini, RE: The Prevention of Price Suppression or Undercutting of Price Levels in the Suspension Agreement On Solid Fertilizer Grade Ammonium Nitrate from the Russian Federation*). Moreover, in accordance with section 734(d) of the Act, we have determined that the agreement is in the public interest, and that the agreement can be monitored effectively (*see Memorandum to Troy H. Cribb from Jeffrey May, Re: Public Interest Assessment of the Agreement Suspending the Antidumping Duty Investigation of Solid Fertilizer Grade Ammonium Nitrate from the Russian Federation*). We find, therefore, that the criteria for suspension of an investigation pursuant to sections 734(d) and (l) of the Act have been met. The terms and conditions of this agreement, signed May 19, 2000, are set forth in Appendix I to this notice.

Pursuant to section 734(f)(2)(A) of the Act, the suspension of liquidation of all entries of ammonium nitrate from Russia entered, or withdrawn from warehouse, for consumption, as directed in our notice of *Preliminary Determination of Sales at Less than Fair Value: Solid Fertilizer Grade Ammonium Nitrate from the Russian Federation* (65 FR 1139 (January 7, 2000)), is hereby terminated.

Any cash deposits on entries of ammonium nitrate from Russia pursuant to that suspension of liquidation shall be refunded and any bonds shall be released.
