

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 2047 is issued to Erie Boulevard Hydropower, L.P. for a period effective June 1, 2000, through May 31, 2001, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before May 31, 2001, notice is hereby given that, pursuant to 18 CFR 16.18(c)(2000), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that Erie Boulevard Hydropower, L.P. is authorized to continue operation of the Stewarts Bridge Project No. 2047 until such time as the Commission acts on its application for subsequent license.

[Project No. 2651]

Indiana Michigan Power Company; Notice of Authorization for Continued Project Operation

June 13, 2000.

On May 19, 1998, Indiana Michigan Power Company, licensee for the Elkhart Project No. 2651, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2651 is located on the St. Joseph River in Elkhart County, Indiana.

The license for Project No. 2651 was issued for a period ending May 31, 2000. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR

16.21(a)(2000), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b)(2000), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 2651 is issued to Indiana Michigan Power Company for a period effective June 1, 2000, through May 31, 2000, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before May 31, 2001, notice is hereby given that, pursuant to 18 CFR 16.18(c)(2000), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that Indiana Michigan Power Company is authorized to continue operation of the Elkhart Project No. 2651 until such time as the Commission acts on its application for subsequent license.

[Docket No. EL00-82-000]

Niagara Mohawk Energy Marketing, Inc., Complainant, v. New York Independent System Operator, Respondent; Notice of Filing

June 13, 2000.

Take notice that on June 12, 2000, Niagara Mohawk Energy Marketing, Inc. (NMEM), tendered for filing a complaint pursuant to Section 205 of the Federal Power Act against the New York Independent System Operator (NYISO) alleging that the NYISO has unlawfully denied NMEM transmission service in connection with exports of power from

the New York Control Area. NMEM alleges the denial of service was the result of a flaw in the NYISO's Security Constrained Unit Commitment (SCUC) scheduling system and that the NYISO's current plans for addressing flaws in its scheduling software do not address the SCUC problem that cause NMEM's export transactions to be rejected. NMEM alleges it has suffered monetary damages to date as a result of this problem and that NMEM and other transmission customers face the potential for very significant damages during the upcoming summer period. Accordingly, NMEM requests fast track processing of its complaint and the imposition of a stay pending final Commission action on NMEM's Complaint.

Copies of the filing were upon the NYISO and other interested parties.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before June 19, 2000. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Answer to the complaint shall be due on or before June 19, 2000.

[Docket No. EC00-83-001]

Potomac Edison Company, Allegheny Energy Supply Company, L.L.C., PE Transferring Agent, L.L.C., [To be Named], L.L.C., and Green Valley Hydro, LLC; Notice of Filing

June 13, 2000.

Take notice that on June 8, 2000, Potomac Edison Company (Potomac),

Allegheny Energy Supply Company, L.L.C. (AE Supply), PE Transferring Agent, L.L.C., [To be named], L.L.C., and Green Valley Hydro, LLC (Green Valley), (collectively, Applicants) tendered for filing an amendment to their April 26, 2000, application in this proceeding. In the amendment, Applicants request Commission authorization to permit Potomac to transfer the following assets to AE Supply: (1) The shares of jurisdictional step-up transformers allocable to Potomac's Maryland, West Virginia and Virginia service areas (excluding Potomac's Virginia hydroelectric assets); (2) securities evidencing Potomac's ownership share of Allegheny Generating Company; (3) certain wholesale power purchase and supply agreements, including those jurisdictional agreements Potomac may enter into between the date of the Application and the date of the proposed corporate reorganization; and (4) Potomac's pollution control and solid waste bonds associated with the transferred generating assets. The amendment requests authorization to transfer jurisdictional transmission facilities associated with Potomac's Virginia hydro electric facilities to Green Valley.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before June 23, 2000. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings.
