Committee for the Implementation of Textile Agreements

June 19, 2000.

Commissioner of Customs,
Department of the Treasury, Washington, DC 20229.

Dear Commissioner: This directive amends, but does not cancel, the directive issued to you on December 10, 1998, by the Chairman, Committee for the Implementation of Textile Agreements. That directive concerns imports of certain cotton, wool, man-made fiber, silk blend and other vegetable fiber textiles and textile products, produced or manufactured in Sri Lanka and exported during the twelve-month period which began on January 1, 2000 and extends through December 31, 2000.

Effective on June 23, 2000, you are directed to adjust the limits for the following categories, as provided for under the Uruguay Round Agreement on Textiles and Clothing:

| Category | Adjusted twelve-month limit ¹ |

Public Hearings for the Draft Environmental Impact Statement (DEIS) for the North Pacific Acoustic Laboratory (NPAL)

AGENCY: Department of the Navy, DOD.
ACTION: Notice.

SUMMARY: The Department of the Navy, Office of Naval Research (ONR), has prepared and filed with the U.S. Environmental Protection Agency (EPA) a DEIS for the reuse of the sound source and cable previously installed by the Acoustic Thermometry of Ocean Climate (ATOC) Project for the NPAL. Public hearings will be held to provide information and to receive oral and written comments on the DEIS. Federal, state and local agencies, and interested individuals are invited to be present or represented at the hearings.

DATES AND ADDRESSES: Public hearings will be held in: (1) Lihue, Kauai, HI on July 5, 2000 from 7 PM—9:30 PM at the Kauai Community College Dining Room, 3-1901 Kaunualii Highway; (2) Honolulu, HI on July 6, 2000 from 7 PM—9:30 PM at the Hawaii Imin

International Conference Center, East-West Center, 2nd Floor, Pacific Room, 1777 East-West Road, and (3) Kilauea, Kauai, HI on July 8, 2000 from 1:30 PM—4 PM at the Kilauea Neighborhood Center, 2460 Keneke Street.

The evening meetings in Lihue and Honolulu will consist of an informational presentation at 7 PM, followed by a public hearing at 8 PM. The afternoon meeting in Kilauea will consist of an informational presentation at 1:30 PM, followed by a public hearing at 2:30 PM.

FOR FURTHER INFORMATION CONTACT: Ms. Kathleen Vigness Raposa, telephone (401) 847-7508.

SUPPLEMENTARY INFORMATION: In accordance with the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4345) and its implementing regulations (40 CFR parts 1500 to 1508), and in accordance with the Hawaii Environmental Impact Statement (EIS) Law (Chapter 343, Hawaii Revised Statutes), ONR has prepared and filed with the EPA a joint state-federal DEIS for the reuse of the sound source and cable previously installed for use in ATOC research for NPAL.

A Notice of Intent for this EIS was published in the **Federal Register** on June 15, 1999. Public scoping meetings were held in Hanalei, Kauai, HI, on June 29, 1999; in Lihue, Kauai, HI, on June 30, 1999; and in Honolulu, HI, on July 1, 1999.

The proposed action is reuse of the ATOC sound source and cable for NPAL, an ONR basic research project, which would combine: a second phase of research on the feasibility and value of large-scale acoustic thermometry; long-range underwater sound transmission studies; and marine mammal monitoring and studies.

Under the proposed action, the seabed power cable and sound source would remain in their present locations, and transmissions would continue for a period of five years with approximately the same signal parameters and transmission schedule used in the ATOC project. The action would be carried out by Scripps Institution of Oceanography, University of California, San Diego, which is the applicant for necessary state and federal permits, and by the Applied Physics Laboratory of the University of Washington.

The DEIS addresses the potential effects of the transmissions on the marine environment, including potential auditory, behavioral, and physiological effects on marine mammals and other marine creatures. Alternatives developed and analyzed in

the DEIS include: the Preferred Alternative, in which the Kauai sound source would be used as described above; the No Action Alternative, in which no further activity with the Kauai source would occur; and the Midway Alternative, in which a sound source and cable would be located off Midway Island. The proposed action is the preferred alternative because it best meets the project's purpose and need.

The DEIS has been distributed to various federal, state, and local agencies, elected officials, special interest groups, and public libraries. The document is available for public review at the following libraries:

Navy will conduct three public hearings to receive oral and written comments concerning the DEIS. A brief presentation will precede a request for public information and comments. Navy representatives will be available at the hearings to receive information and comments from agencies and the public regarding issues of concern. Federal, state, and local agencies, and interested parties are invited and urged to be present or represented at the hearing. Those who intend to speak will be asked to submit a speaker card (available at the door). Oral comments will be heard and transcribed by a stenographer.

To assure accuracy of the record, all statements should be submitted in writing. All statements, both oral and written, will become part of the public record in the study. Equal weight will be given to both oral and written comments. In the interest of available time, each speaker will be asked to limit oral comments to three minutes. Longer comments should be summarized at the public hearings and submitted in writing either at the hearings or mailed to Office of Naval Research, Marine Acoustics, Inc., 809 Aquidneck Avenue, Middletown, RI 02842 (Attn. Ms. Kathleen Vigness Raposa, telephone (401) 847-7508, facsimile (401) 847-7864). Written comments are requested not later than July 24, 2000.

Dated: June 20, 2000.

C.G. Carlson,

Major, U.S. Marine Corps, Alternate Federal Register Liaison Officer.

Alaska Native and Native Hawaiian-Serving Institutions Program Notice of Reopening of Fiscal Year 2000 Deadline Dates for Receipt of Applications for Designation as Eligible Alaska Native-Serving Institutions and for Receipt of Grant Applications From Alaska Native-Serving Institutions

Purpose: On December 30, 1999 we published in the **Federal Register** (64 FR 73527) a closing date notice for applications from institutions that wished to be designated as eligible institutions under the Alaska Native and Native Hawaiian-Serving Institutions Program. This program is authorized under section 317 of Title III of the Higher Education Act of 1965, as amended (HEA). Under that notice, February 4, 2000 was the deadline date for submitting eligibility applications for institutions that wished to apply for Fiscal Year 2000 grants.

On December 30, 1999, we also published in the **Federal Register** (64 FR 73525) the grant application closing date notice for the Alaska Native and Native Hawaiian-Serving Institutions Program. That deadline date was February 18, 2000 for applications for development grants. (Planning grant deadline was March 2, 2000.)

In response to these notices, three institutions applied to be designated as an eligible Alaska Native-Serving Institution, but only one institutional applicant so qualified. This institution applied for a planning grant of roughly \$32,500. Approximately \$1.5 million of the Fiscal Year 2000 appropriation designated for Alaska Native-Serving Institutions under the Alaska Native and Native Hawaiian-Serving Institutions Program remains available for new awards.

There are four other institutions in Alaska that could have applied and qualified as eligible Alaska Native-Serving Institutions, and would have been considered for funding under the Alaska Native and Native Hawaiian-Serving Institutions Program had they applied. Accordingly, we are reopening the eligibility designation process and extending the deadline date to July 7, 2000 to allow institutions to apply for designation as eligible Alaska Native-Serving Institutions. We are also opening the grant application process and extending the deadline date to July 28, 2000 to allow *only* eligible Alaska Native-Serving Institutions to apply for a grant under the Alaska Native and
