AGENCY: Department of Education.

ACTION: Notice of intent to award grantback funds.

The Department's recovery of funds followed the settlement reached between the parties under which Massachusetts refunded \$2,111,810 to the Department in full resolution of the Department's final audit determination for State fiscal year (FY) 1992. ADDRESSES: All written comments should be addressed to Ron Castaldi, Chief, Division of Vocational-Technical Education, Office of Vocational and Adult Education, U.S. Department of Education, 400 Maryland Avenue SW, Mary E. Switzer Building, Room 4317, MS 7323, Washington, DC 20202.

SUPPLEMENTARY INFORMATION

A. Background

Under the settlement agreement between the Department and the Commonwealth of Massachusetts, the Department recovered \$2,111,810 from Massachusetts in full resolution of all claims arising from an audit of Massachusetts covering FY 1992 (ACN: 01-33145G).

The Department's original claim of \$4,604,211 was contained in a program determination letter (PDL) issued by the Assistant Secretary for Vocational and Adult Education on March 31, 1995. This claim arose from findings related to Massachusetts' administration of its vocational education program under the provisions of the Carl D. Perkins Vocational and Applied Technology Education Act, 20 U.S.C. 2301 *et seq.* (1988) (Perkins II).

In the March 31, 1995 PDL, the Assistant Secretary determined that Massachusetts violated the Federal requirements governing maintenance of fiscal effort. Specifically, the Assistant Secretary concluded that Massachusetts failed to expend non-Federal funds at an appropriate level to maintain fiscal effort on either an aggregate or per pupil basis, thus violating section 502(a) of Perkins II (20 U.S.C. 2463(a)).

The settlement negotiations resulting from Massachusetts' appeal of the Assistant Secretary's March 31, 1995 PDL culminated in a settlement agreement for a total repayment of a principal amount of \$2,111,810. The settlement agreement was executed on August 15, 1997. The Department received full payment for this determination in September 1997.

B. Authority for Awarding a Grantback

Section 459(a) of GEPA, 20 U.S.C. 1234h(a), provides that whenever the Secretary has recovered funds following a final audit determination with respect to any applicable program, the Secretary may consider those funds to be additional funds available for the program and may arrange to repay to the State or local educational agency affected by that determination an amount not to exceed 75 percent of the recovered funds. The Secretary may enter into this grantback arrangement if the Secretary determines that—

(1) The practices or procedures of the recipient that resulted in the violation of law have been corrected, and that the recipient is in all other respects in compliance with the requirements of that program;

(2) The recipient has submitted to the Secretary a plan for the use of those funds pursuant to the requirements of that program and, to the extent possible, for the benefit of the population that was affected by the failure to comply or by the misuse of funds that resulted in the recovery; and

(3) The use of the funds in accordance with that plan would serve to achieve the purposes of the program under which the funds were originally paid.

C. Plan for Use of Funds Awarded Under a Grantback Arrangement

Pursuant to section 459(a)(2) of GEPA, Massachusetts has applied for a grantback of \$1,583,858, or 75 percent of the \$2,111,810 repaid to the Department under the settlement agreement, and has submitted a plan for use of the proposed grantback funds, consistent with the Carl D. Perkins Vocational and Technical Education Act of 1998 (Perkins III), which is the successor statute to Perkins II and is currently in effect. Massachusetts plans to establish new career and technical education programs in high-wage, high-demand emerging career fields where there is a critical shortage of skilled workers, and to assist existing career and technical programs seeking national program certification.

Specifically, Massachusetts plans to utilize the requested grantback funds, totaling \$1,583,858, to offer a competitive Request for Proposal for Perkins-eligible secondary schools with career and technical programs. Funds will be used either to begin a career and technical education program in a new and emerging field, or to update an existing program using the National Program Standards as a framework. The award of grants will be weighed in favor of schools with a higher concentration
