BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[OR 82-7297b; FRL-6714-6]

Approval and Promulgation of State Implementation Plans: Oregon

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve the State Implementation Plan (SIP) revisions submitted by Oregon Department of Environmental Quality (ODEQ), for the purpose of repealing the Consumer Products Rules, repealing the Architectural Coatings Rules, revising and partially repealing the Motor Vehicle Refinishings Rules, and revising the Volatile Organic Compounds Definitions. The SIP revisions were submitted by the State to satisfy certain Federal Clean Air Act requirements under section 110 and part D. In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If the EPA receives adverse comments, the direct final rule

will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments must be received in writing by August 4, 2000.

ADDRESSES: Written comments should be addressed to: Debra Suzuki, SIP Manager, EPA, Office of Air Quality (OAQ-107), 1200 Sixth Avenue, Seattle, Washington 98101. Copies of the state submittal and other information supporting this action are available at the following addresses for inspection during normal business hours. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day: Environmental Protection Agency, Region 10, Office of Air Quality (OAQ-107), 1200 Sixth Avenue, Seattle, Washington 98101; and Oregon Department of Environmental Quality, 811 SW Sixth Avenue, Portland, Oregon 97204-1390.

FOR FURTHER INFORMATION CONTACT: Debra Suzuki, EPA, Office of Air Quality (OAQ-107), 1200 Sixth Avenue, Seattle, Washington 98101, (206) 553-0985.

SUPPLEMENTARY INFORMATION: For additional information, see the Direct Final rule which is located in the Rules section of this **Federal Register**.

Dated: May 22, 2000.

Chuck Clarke,

Regional Administrator, Region 10.

Approval and Promulgation of Implementation Plan; Indiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve Indiana's State Implementation Plan (SIP) revision request to control emissions of volatile organic compounds (VOCs) from steel mill sinter plants in Lake and Porter Counties. The Indiana Department of Environmental Management (IDEM) submitted the SIP revision request on

April 6, 1999. The revision applies to integrated steel mills and provides for seasonal limits on emissions of VOCs. VOC emissions are a precursor of ground-level ozone, commonly known as smog. High ozone levels are detrimental to human health and contribute to upper respiratory ailments such as asthma. In the Final Rules section of this **Federal Register**, EPA is approving as described herein, the State's SIP revision, as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If we receive no adverse comments in response to that direct final rule we plan to take no further activity in relation to this proposed rule. If EPA receives significant adverse comments, in writing, which have not been addressed, we will withdraw the direct final rule and address all public comments received in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document.

DATES: EPA must receive written comments by August 4, 2000.

ADDRESSES: You should mail written comments to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

You may inspect copies of the State submittal and EPA's analysis of it at: Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Francisco J. Acevedo, Environmental Protection Specialist, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-3299.

SUPPLEMENTARY INFORMATION: Throughout this document wherever "we," "us," or "our" are used we mean EPA.

Table of Contents

- I. What action is EPA taking today?
- II. Where can I find more information about this proposal and the corresponding direct final rule?

I. What Action Is EPA Taking Today?

We are proposing to approve Indiana's rule IAC 8-plants in Lake and Porter Counties. Our approval makes the

Indiana sinter plant rules part of the federally enforceable SIP.

II. Where Can I Find More Information About This Proposal and the Corresponding Direct Final Rule?

For additional information see the direct final rule published in the rules section of this **Federal Register**.

Dated: June 12, 2000.

Approval and Promulgation of Implementation Plan; Indiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revised opacity limits for three casting complexes at ALCOA Warrick Operations, which were submitted by the Indiana Department of Environmental Management (IDEM) on January 13, 2000 as amendments to its State Implementation Plan (SIP). ALCOA Warrick Operations is a primary aluminum smelter located in Newburgh, Indiana. The revised limits allow higher opacity emissions during fluxing operations at three casting complexes. This action does not reverse applicable mass emissions limits.

DATES: EPA must receive written comments by August 4, 2000.

ADDRESSES: You should mail written comments to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

You may inspect copies of the State submittal and EPA's analysis of it at: Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: David Pohlman, Environmental Scientist, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-3299.

Guidelines Establishing Test Procedures for the Analysis of Pollutants; Centralized Waste Treatment and Landfills Point Source Categories; Notice of Data Availability and Request for Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of data availability and request for comment.

SUMMARY: On January 13, 1999, EPA proposed effluent limitations guidelines, pretreatment standards, and new source performance standards for the Centralized Waste Treatment (CWT) Point Source Category to limit effluent discharges to waters of the United States and the introduction of pollutants into publicly owned treatment works. The comment period for the proposal closed on March 15, 1999.

In the CWT proposal, EPA noted plans for a validation study for several pollutants found during EPA's data gathering, using EPA Methods 625 and 1625. Today, EPA invites comment on the validation data for the pollutants

included in the CWT proposal. EPA plans to use these data to support the use of EPA Methods 625 and 1625, as amended, in the upcoming final CWT rule, and to establish performance criteria for the additional analytes. EPA is soliciting comment only on the new information and data being made available today.

Today's document also provides notice that EPA will clarify the scope of recently-published amendments to EPA Methods 625 and 1625 for the Landfills Point Source Category.

DATES: Submit an original and three copies of your comments on or before August 4, 2000.

ADDRESSES: Please send an original and 3 copies of your comments and enclosures (including references) to "Centralized Waste Treatment—Notice of Data Availability," W-98-21 Comment Clerk, Water Docket (MC-4101), U.S. Environmental Protection Agency, Ariel Rios Building, 1200 Pennsylvania Ave., NW, Washington, DC 20460. Hand deliveries should be delivered to: EPA's Water Docket at 401 M St., SW., Room EB-57, Washington, DC.

Commenters who want EPA to acknowledge receipt of their comments should enclose a self-addressed, stamped envelope. No facsimiles (faxes) will be accepted. Comments may also be submitted electronically to owdocket@epamail.epa.gov. Electronic comments must be submitted as an ASCII, WP5.1, WP6.1 or WP8 file avoiding the use of special characters and any form of encryption. Electronic comments must be identified by the docket number [W-98-21]. Comments and data will also be accepted on disks in WP5.1, WP6.1, WP8 or ASCII file format. Electronic comments on this notice may be filed online at many Federal Depository Libraries.

The record for this rulemaking has been established under docket number [W-98-21], and includes supporting documentation as well as printed, paper versions of electronic comments. The record is available for inspection from 9:00 a.m. to 4:00 p.m., Monday through Friday, excluding legal holidays, at EPA's Water Docket, 401 M St., Room EB-57, SW., Washington, DC. For access to docket materials, please call 202/260-3027 to schedule an appointment.

FOR FURTHER INFORMATION CONTACT: Dr. Maria Gomez-Taylor, Engineering and Analysis Division (MC-4303), USEPA Office of Science and Technology, 1200 Pennsylvania Avenue, Ariel Rios Building, N.W. Washington, D.C., 20460, or call (202) 260-1639.
