

for children who are 17 or older at the time of the survey.

The survey is designed to provide SSA with data on SSI recipients in the following areas:

- Disability and health status;
- Health care utilization;
- Health insurance coverage;
- Out-of-pocket health care expenses;
- Education and training;
- Service utilization and cost;
- Employment income assets;
- Child care, and
- Housing and transportation.

This information will allow SSA to answer policy-relevant questions, for example, the impact of welfare reform on SSI children and young adults, cost of caring for children and young adults with disabilities, transition issues for young adults with disabilities, service utilization patterns, health care access, and unmet health care needs.

The data will be used for internal research and policy evaluation, for briefings, in mandated reports to Congress, in published descriptions in the Social Security Bulletin and elsewhere. External researchers will have access to public use files.

Respondents to the SOLID KIDS survey, children's version, will be parents or guardians of the sample children under age 17 at the time of the survey. The young adult version of the SOLID KIDS survey is designed for children who are 17 or older at the time of the survey. For young adults who are still living in their parents' household, the respondent will be the parent or guardian. For young adults who are living away from their parents—for example, in a group home or facility, or in their own home or apartment—the respondent will be the young adults themselves. In cases where the young adult is living outside of the parent's home and is unable to complete the survey due to disability, a proxy respondent will be selected.

Central Gulf Railway, Inc. (CGR), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to lease certain rail lines from the Terminal Railway Alabama State Docks (TASD), an agency of the State of Alabama, and operate either directly or through the use of a contract agent approximately 0.46 miles of rail line. The rail lines to be leased are located in TASD's Frascati Yard in Mobile, AL. CGR will be leasing Track Nos. 1, 2, and 4, beginning at a point of interchange with TASD 90 feet east of Ezra Trice Boulevard and extending east 590 feet for Track Nos. 1 and 2 and, 1271 feet for Track No. 4. CGR certifies that its projected revenues will not exceed those that would qualify it as a Class III carrier.

The transaction is scheduled to be consummated on or after June 30, 2000.

If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

The International Paper Company—Acquisition of Control Exemption—Moscow, Camden & San Augustine Railroad and Angelina & Neches River Railroad Company

The International Paper Company (IP), a noncarrier, has filed a notice of exemption to acquire control, through stock purchase, of Moscow, Camden & San Augustine Railroad (MCSA) and Angelina and Neches River Railroad Company (ANR) (collectively rail lines), Class III railroads, operating in the State of Texas.¹

While IP states that the transaction was consummated on or about June 16, 2000, the exemption will not be effective until June 30, 2000 (7 days after the notice of exemption was filed).

IP states that: (i) The rail lines do not connect; (ii) the transaction is not part of a series of anticipated transactions that would connect these railroads with each other or with any other railroad in their corporate family; and (iii) the transaction does not involve a Class I carrier. Therefore, the transaction is exempt from the prior approval requirements of 49 U.S.C. 11323. *See* 49 CFR 1180.2(d)(2).

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. Section 11326(c), however, does not provide for labor protection for transactions under sections 11324 and 11325 that involve only Class III rail

¹ IP's acquisition of control of MCSA and ANR was accomplished through an Agreement and Plan of Merger dated May 12, 2000, through which IP acquired over 90% of the outstanding common stock of the Champion International Corporation (Champion). Both prior and subsequent to the acquisition, Champion owned 100% of the stock of MCSA and 50% of the stock of ANR.

IP currently owns the Longview, Portland & Northern Railway Company, which operates in the State of Oregon.
