The purpose of the withdrawal is to protect resource values in the open and mountainous terrain in the southern Washoe County urban, suburban and rural residential area. Washoe County has recently developed an Open Space System that identifies a large acreage of public lands as having open space values. Much of this acreage is identified in BLM's resource management plan for disposal for community expansion. The joint land use plan amendment will address future management of these lands and the need for a protective withdrawal.

The withdrawal application will be processed in accordance with the regulations set forth in 43 CFR Part 2300. Notice is hereby given that a

public meeting in connection with the proposed withdrawal will be held at a later date. A notice of the time and place will be published in the **Federal Register** 30 days before the scheduled date of the meeting.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to either the State Director or Manager, Carson City Field Office.

For a period of 1 year from the date of publication of this notice in the **Federal Register**, the lands will be segregated as specified above unless the application is denied or cancelled or the withdrawal is approved prior to that date. Rights-of-way, leases, permits and other discretionary temporary land uses will be considered by the authorized officer during this segregative period.

Dated: July 6, 2000.

Margaret L. Jensen,

Deputy State Director, Natural Resources, Lands, and Planning.
