Abstract: The Department of the Interior (DOI) is responsible for matters relevant to mineral resource development on Federal and Indian Lands and the Outer Continental Shelf (OCS). The Secretary of the Interior (Secretary) is responsible for managing the production of minerals from Federal and Indian Lands and the OCS; for collecting royalties from lessees who produce minerals; and for distributing the funds collected in accordance with applicable laws. The request must outline the activities to be undertaken and present evidence that the States and Tribes can meet the standards established by the Secretary for the activities to be conducted. After the application is accepted and a cooperative agreement is in effect, the States and Tribes submit an annual work plan and budget, and quarterly reimbursement vouchers.

ADDRESSES: Written comments and information concerning the scope of the EA and other matters, or requests to be added to the project mailing list should be directed to: Mr. Randy Wester, Site Manager, Ulysses S. Other provisions of the 1995 GMP will not be considered in this amendment and will continue to be in force.

The environmental review of the GMP Amendment/EA for the historic site will be conducted in accordance with requirements of the NEPA (42 U.S.C. 4371 *et seq.*), NEPA regulations (40 CFR 1500-1508), other appropriate Federal regulations, and National Park Service

procedures and policies for compliance with those regulations.

The National Park Service anticipates a draft GMP Amendment/EA will be available for public review in October of 2000. A public open house will be scheduled to explain the project and to receive comment after the draft is released for review.
