[Docket No. RP00-364-000]

Clear Creek Storage Company, L.L.C.; Notice of Tariff Filing

July 6, 2000.

Take notice that on June 30, 2000, Clear Creek Storage Company, L.L.C. (Clear Creek) tendered for filing to become part of its FERC Gas Tariff, Original Volume No. 1, the following tariff sheets, to be effective August 1, 2000:

First Revised Sheet No. 1
 First Revised Sheet No. 2
 First Revised Sheet No. 24
 Original Sheet No. 25
 Original Sheet No. 26
 First Revised Sheet No. 69
 Original Sheet No. 73A
 First Revised Sheet No. 74
 Original Sheet No. 99
 Original Sheet No. 100
 Original Sheet No. 101
 Original Sheet No. 102
 Original Sheet No. 103

Clear Creek states that the proposed tariff sheets, when approved, will enable it to implement unbundled sales service as provided by 18 CFR part 284, subpart J.

Clear Creek explains that on March 2, 1998, it filed an application in Docket No. CP98-256-000, pursuant to section 7 of the Natural Gas Act (NGA), for a certificate of public convenience and necessity to convert a natural gas production reservoir to a natural gas storage facility, to construct appurtenant facilities and to operate the storage field and related facilities for the sole use of Clear Creek's two owners, Questar Energy Trading Company and Montana Power Ventures, Inc.

Clear Creek explains further that on September 1, 1998, the Commission accepted Clear Creek's application and authorized the company to (1) convert a natural gas production reservoir to a gas storage facility, (2) operate the facility on an open-access basis and (3) perform certain storage-related transportation services under Part 284, Subpart G. Clear Creek states that as the holder of a Part 284, Subpart G certificate, the company automatically has blanket authority to provide unbundled sales in accordance with the provisions of Part 284, Subpart J of the Commission's regulations.

Clear Creek explains that although it has blanket authority to provide unbundled firm and interruptible sales of natural gas, Clear Creek's effective FERC Gas Tariff does not contain tariff provisions applicable to an unbundled sales service. Consequently, as required by 18 CFR 284.286 and 284.287, Clear Creek submits proposed tariff sheets that incorporate the provisions of Subpart J and explain how Clear Creek will comply with the Commission's standards applicable to unbundled sales service.

Clear Creek states that a copy of this filing has been served upon its customers and the Public Service Commission of Wyoming.

Millennium Pipeline Company, L.P.; Notice of Amendment

July 6, 2000.

Take notice that on June 28, 2000, Millennium Pipeline Company, L.P. (Millennium), 12801 Fair Lakes Parkway, Fairfax, Virginia 22030, filed in Docket No. CP09-150-002 an amendment to its pending application filed in Docket No. CP98-150-000, to reflect a route variation in Westchester County, New York, all as more fully set forth in the application to amend which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/htm> (call 202-208-2222 for assistance).

Millennium states that Millennium and the Public Service Commission of the State of New York (PSCNY) have identified an alternative pipeline route in Westchester County, New York which they believe could satisfy the safety concerns that have been expressed by the PSCNY. Millennium indicates that the alternative route for the most part departs from the powerline right-of-way of Consolidated Edison Company of New York, Inc. and instead follows public highways and bike trails for most of its length.
