Major Portion Prices and Due Dates for Additional Royalty Payments on Indian Gas Production in Designated Areas Not Associated with an Index Zone

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of major portion prices.

SUMMARY: Final regulations for valuing gas produced from Indian leases, published on August 10, 1999, require MMS to determine major portion values and notify industry by publishing the values in the **Federal Register**. The regulations also require MMS to publish a due date for industry to pay additional royalty based on the major portion value. This notice provides the major portion values and due dates for January and February 2000 production months.

EFFECTIVE DATES: January 1, 2000.

ADDRESSES: See **FOR FURTHER INFORMATION CONTACT** section below.

FOR FURTHER INFORMATION CONTACT: John Barder, Royalty Valuation Division, MMS; telephone, (303) 275-7234; FAX, (303) 275-7227; E-mail, John.Barder@mms.gov; mailing address, Minerals Management Service, Royalty Management Program, Royalty

Valuation Division, P.O. Box 25165, MS 3152, Denver, Colorado 80225-0165.

SUPPLEMENTARY INFORMATION: On August 10, 1999, MMS published a final rule, titled "Amendments to Gas Valuation Regulations for Indian Leases," with an effective date of January 1, 2000 (64 FR 43506). The gas regulations apply to all gas produced from Indian (tribal or allotted) oil and gas leases (except leases on the Osage Indian Reservation).

The rule requires that MMS publish major portion prices for each designated area not associated with an index zone for each production month beginning January 2000 along with a due date for additional royalty payments. See 30 CFR 206.174(a)(4)(ii) (64 FR 43520, August 10, 1999). If additional royalties are due based on a published major portion price, the lessee must submit an amended Form MMS-2014, Report of Sales and Royalty Remittance, to MMS by the due date. If additional royalties are not paid by the due date, late payment interest under 30 CFR 218.54 (1999) will accrue from the due date until payment is made and an amended Form MMS-2014 is received. The table below lists the major portion prices for all designated areas not associated with an index zone and the due date for payment of additional royalties.

GAS MAJOR PORTION PRICES FOR JANUARY AND FEBRUARY 2000 AND DUE DATES FOR DESIGNATED AREAS NOT ASSOCIATED WITH AN INDEX ZONE

BILLING CODE 4310-70-P

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Coachella Canal Lining Project, Coachella and Imperial Counties, California

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of Intent to update and revise the 1993 Draft Environmental Impact Statement (DEIS)/Draft Environmental Impact Report (DEIR) and to prepare the Final Environmental Impact Statement (FEIS)/Final Environmental Impact Report (FEIR) for the lining of the Coachella Canal, Riverside and Imperial Counties, California.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, and the California Environmental Quality Act (CEQA), the Bureau of Reclamation and the Coachella Valley Water District in conjunction with the State of California and the Metropolitan Water District of Southern California will update and revise the 1993 DEIS/DEIR and prepare a FEIS/FEIR to evaluate the environmental aspects associated with the proposed project to line 33.4 miles of the Coachella Canal (canal) between siphons 7 and 14 and siphons 15 and 32. Reduction of the seepage loss from the canal would conserve approximately 26,000 acre feet of water/year, which would be made available to the San Luis Rey Indian Tribe and Metropolitan Water District of Southern California and would help maintain the amount of Colorado River water available to California in accordance with the furtherance of implementing and achieving the goals of the "California Colorado River Water Use Plan." The allocation of the water conserved from the canal lining will be consistent with federal law, and shall be determined by an agreement among the Metropolitan Water District of Southern California, the Imperial Irrigation District, the Palo Verde Irrigation District, the Coachella Valley Water District, and the San Luis Rey settlement parties, reached after consultation with the United States Secretary of the Interior and the Director of the California Department of Water Resources.

DATES: It is anticipated that the Revised DEIS/DEIR will be completed during August-September, 2000. A Notice of Availability for this document will be published, and copies of the Revised DEIS/DEIR will be circulated for a 60-day review and comment period by the public and other agencies.
