Included in this review are flat-rolled products of non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling")—for example, products which have been beveled or rounded at the edges. Excluded from this review is certain shadow mask steel, *i.e.*, aluminum-killed, cold-rolled steel coil that is open-coil annealed, has a carbon content of less than 0.002 percent, of 0.003 to 0.012 inch in thickness, 15 to 30 inches in width, and has an ultra flat, isotropic surface. These HTS item numbers are provided for convenience and Customs purposes. The written description remains dispositive.

Period of Review

The POR is August 1, 1998, through July 31, 1999. This review covers entries of certain cold-rolled carbon steel flat products from the Netherlands produced by Hoogovens Staal B.V. (Hoogovens).

Changes Since the Preliminary Results

We received no comments from interested parties, and we have made no changes to our preliminary results.

Use of Facts Available

For reasons set forth in our preliminary determination, we have determined that the use of adverse facts available is warranted in this case. In addition, we preliminarily determined that the rate assigned to Hoogovens in the current review is corroborated. *See Cold-Rolled Carbon Steel Flat Products From the Netherlands: Preliminary Results of Antidumping Duty Administrative Review*, 65 FR 30062 (May 10, 2000).

Section 776(b) of the Tariff Act permits the Department to use an inference that is adverse to a particular party under certain circumstances, and specifies that "[s]uch adverse inference may include reliance on information derived from (1) the petition, (2) a final determination in the investigation under this title, (3) any previous review under section 751 or determination under section 753, or (4) any other information placed on the record." The rate we have applied to Hoogovens in the current review, 19.32 percent, is the actual rate calculated for Hoogovens in the

amended final determination of the original less than fair value (LTFV) investigation.

In corroborating this rate, we note that Hoogovens has been the only respondent subject to this antidumping duty order since its inception. Hoogovens' rates, calculated for review periods subsequent to the LTFV, ranged from a high of 5.54 percent in the first administrative review period (August 18, 1993 through July 31, 1994) to a *de minimis* rate in the most recently completed segment of these proceedings (August 1, 1997 through July 31, 1998). However, these lower rates were calculated during review periods in which Hoogovens cooperated to the best of its ability. In the current review, Hoogovens failed to cooperate to the best of its ability. Based upon the premise that Hoogovens would have cooperated to the best of its ability if it had a dumping margin of less than 19.32 percent, and absent any evidence to the contrary, we have determined that 19.32 percent, the rate calculated for the amended final determination of the LTFV investigation, is probative of the rate that Hoogovens would have received had it fully cooperated in this review. Therefore, as adverse facts available we have assigned a margin of 19.32 percent to Hoogovens for the current review.

Final Results of Review

As a result of our review, we determine that the weighted-average margin for Hoogovens Staal B.V. for the period of August 1, 1998 through July 31, 1999 is 19.32 percent.

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. For assessment purposes, the duty assessment rate will be an *ad valorem* rate applied to the entered value of the subject merchandise. The Department will issue appraisal instructions directly to the Customs Service.

Furthermore, the following deposit requirements will be effective upon publication of this notice of final results of review for all shipments of cold-rolled carbon steel flat products from the Netherlands entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(1) of the Tariff Act: (1) The cash deposit rate for Hoogovens will be 19.32 percent; (2) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of

the merchandise; and (3) if neither the exporter nor the manufacturer is a firm covered in this review, the cash deposit rate will be 19.32 percent. This is the "all others" rate from the amended final determination in the less than fair value investigation. *See Amended Final Determination Pursuant to CIT Decision: Certain Cold-Rolled Carbon Steel Flat Products from the Netherlands*, 61 FR 47871 (September 11, 1996).

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO. Timely notification of return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act and sections 351.213 and 351.221 of the Department's regulations.

Dated: July 27, 2000.

Acting Assistant Secretary for Import Administration.

Thomas Gilgunn or Maureen Flannery, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-0648 and (202) 482-3020, respectively.

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act) are to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR part 351 (1999).

Background

On March 30, 1999, the Department received a request from Yancheng Haiteng Aquatic Products & Foods Co., Ltd. to conduct a new shipper review of the antidumping duty order on freshwater crawfish tail meat from the People's Republic of China. On May 6, 1999, the Department published its initiation of this new shipper review covering the period September 1, 1998 through February 28, 1999 (64 FR 24328). On March 15, 2000, the Department published the preliminary results of review (65 FR 13939). On May 1, 2000, the Department extended the time limit for the final results of this new shipper review to June 23, 2000 (65 FR 25309). On June 28, 2000, the Department extended the time limit for the final results of this new shipper review to July 14, 2000 (65 FR 39868).

Extension of Time Limits for Final Results

Because of the complexities enumerated in the *Memorandum from Edward C. Yang to Joseph A. Spetrini, Extension of Time Limit for the Final Results of New Shipper Review of Freshwater Crawfish Tail Meat from the People's Republic of China*, dated July 13, 2000, we find this case is extraordinarily complicated and thus are unable to complete this review by the scheduled deadline. Therefore, in accordance with section 351.214(i)(2) of the Department's regulations, the Department is extending the time period for issuing the final results of review until July 24, 2000.

Dated: July 14, 2000.

Joseph A. Spetrini,

Deputy Assistant Secretary, AD/CVD Enforcement Group III.

Freshwater Crawfish Tail Meat From the People's Republic of China: Notice of Partial Rescission of New Shipper Antidumping Duty Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Partial Rescission of New Shipper Antidumping Duty Review.

EFFECTIVE DATE: August 4, 2000.

SUMMARY: On November 15, 1999, the Department of Commerce (the Department) published in the **Federal Register** (64 FR 61833) a notice announcing the initiation of six new shipper reviews of the antidumping duty order on freshwater crawfish tail meat (crawfish) from the People's Republic of China (PRC), covering the period September 1, 1998 through August 31, 1999. One new shipper review is now being rescinded as a result of the withdrawal of request for a new shipper antidumping duty review by Yixing Ban Chang Foods Co., Ltd. (Yixing).

FOR FURTHER INFORMATION CONTACT: Thomas Gilgunn, AD/CVD Enforcement Group III, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230, telephone: (202) 482-0648.

SUPPLEMENTARY INFORMATION:

Background

On September 19, 1999, Yixing, an exporter of the subject merchandise, requested a new shipper review of the antidumping duty order on crawfish from the PRC in accordance with 19 CFR 351.214(b). On November 14, 1999, in accordance with 19 CFR 351.221(c)(1)(i), we initiated a new shipper review of this order for the period September 1, 1998 through August 31, 1999. On February 25, 2000, Yixing withdrew its request for this review.

Rescission of Review

The Department's regulations at 19 CFR 351.214(f)(1) provide that a party

may withdraw its request for review within 60 days of the date of publication of the notice of initiation of the requested review. Although Yixing's request for withdrawal was more than 60 days from the date of initiation, consistent with the Department's past practice in context of administrative reviews conducted under section 751(a) of the Act, the Department has discretion to extend the time period for withdrawal on a case-by-case basis. (See e.g. *Iron Construction Casings from Canada: Notice of Rescission of Antidumping Duty Administrative Review*, 63 FR 45797 (August 27, 1998).) Rescission of this review would not prejudice any party in this proceeding, as Yixing would continue to be included in the PRC-wide rate to which it was subject at the time of its request for this new shipper review. Yixing is the only party that requested a review of Yixing of its sales for the September 1, 1998 through August 31, 1999 period and no other party has objected to its withdrawal of that request. Therefore, we are rescinding this review. This determination is issued and published in accordance with section 751 of the Tariff Act of 1930, as amended (19 U.S.C. 1675) and 19 CFR 351.214(f).

Dated: June 22, 2000.
