Title: Separate Affiliate Requirement for Independent Local Exchange Carrier (ILEC) Provision of International, Interexchange Services, 47 CFR Sec. 64.1901-64.1903.

Form Number: N/A.

Type of Review: Extension of existing collection.

Respondents: Businesses or other for-profit entities.

Number of Respondents: 10.

Estimated Time Per Response: 6,056 hours (avg).

Frequency of Response:

Recordkeeping requirement.

Total Annual Burden: 60,563 hours.

Total Annual Cost: \$1,003,000.

Needs and Uses: In CC Dockets 96-149 and 96-61, the FCC imposed recordkeeping requirements on independent local exchange carriers (ILECs). ILECs wishing to offer international, interexchange services must comply with the separate affiliate requirements of the Competitive Carrier Fifth Report and Order, which requires that an ILEC's international, interexchange affiliate must maintain books of account separate from such ILECs' local exchange and other activities. The regulation does not require that the affiliate maintain books of account that comply with the Commission's Part 32 rules; rather, as a separate legal entity, the international, interexchange affiliate must maintain its own books of account. Thus, this regulation ensures that ILECs providing international, interexchange services through a separate affiliate are in compliance with the Communications Act, as amended.
