Reliant Energy Power Generation, Inc., Dynegy Power Marketing, Inc., and Southern Energy California, L.L.C., Complainants v. California Independent System Operator Corporation, Respondent; Notice of Complaint

August 4, 2000.

Take notice that on August 3, 2000, Reliant Energy Power Generation, Inc., Dynegy Power Marketing, Inc., and Southern Energy California, L.L.C. (Complainants), tendered for filing a complaint against the California Independent Systems Operator Corporation (CAISO) alleging that the CAISO's failure to provide a mechanism by which generators will be fully compensated for curtailed exports is unjust and unreasonable. Complainants request that the Commission find that the CAISO must compensate participating generators, scheduling coordinators or other sellers for any actual damages and for lost opportunity costs in the event that the CAISO curtails a market participant's export schedule in response to conditions within the CAISO Control Area. Complainants further request, in light of the severe economic and practical impact on market participants and markets presented by the current uncertainty on this issue, that the Commission act as quickly as possible.

Copies of the filing were served upon the CAISO and other interested parties.
