

may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Status of environmental analysis:* This application is not ready for environmental analysis at this time.

l. *Description of the Project:* The Box Canyon Project is located in the northeast corner of Washington state in Pend Oreille County. The project dam is located at river mile 34.4 from the Pend Oreille River's confluence with the Columbia River. The site is 13 miles from the Canadian border, 14 miles from the Idaho border, and 90 miles north of the city of Spokane, WA. The existing Box Canyon Project consists of: (1) 46-foot-high, 160-foot-long reinforced concrete dam with integral spillway, (2) 217-foot-long, 35-foot-diameter diversion tunnel, (3) 1,170-foot-long forebay channel, (4) auxiliary spillway, (5) powerhouse containing four generating units with a combined capacity of 72 MW, (6) 8,850-acre reservoir at maximum operating pool elevation of 2030.6 feet, and other associated facilities. PUD No. 1 operates the project in a run-of-river mode.

PUD No. 1 proposes to upgrade all four turbines with new high efficiency, fish-friendly runners and to rewind the four generators to increase generating capacity to 90 MW. No new structures will be built and no construction in the river will be required. No operational changes will be needed although peak flow through each turbine will be increased from 6,850 cfs to 8,100 cfs which will ultimately result in an 8% increase in average annual energy output.

m. *Locations of the application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE, Room 2A, Washington, DC 20246, or by calling (202) 208-1371. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> [or call (202) 208-2222 for assistance]. A copy is also available for inspection and reproduction at the address in item h. above.

Scoping Process

The Commission intends to prepare an Environmental Impact Statement (EIS) for the proposed relicensing of the Box Canyon Hydroelectric Project (FERC No. 2042-013). The EIS will consider both site-specific and cumulative environmental impacts and reasonable alternatives to the proposed action.

Scoping Meeting

In addition to the two scoping meetings on August 14th and August 16th identified in the July 14, 2000 Notice, a third meeting will be held at 9:00 am on August 17, 2000 in the Kalispel Tribal Council Chambers at 1981 North Le Clair St, Usk, WA. This meeting will focus on the concerns of the Kalispel Tribe to assist the staff in identifying the scope of the environmental issues that should be analyzed in the EIS.

To facilitate discussions, a Scoping Document (SDI) outlining the subject areas to be addressed in the EIS, was previously distributed to parties on the Commission's mailing list.

Objectives

At this meeting, the staff will: (1) Summarize the environmental issues tentatively identified for analysis in the EIS; (2) solicit from the participants all available information, especially quantifiable data, on the resources at issue; (3) encourage statements from interested parties on issues that should be analyzed in the EIS, including viewpoints in opposition to, or in support of, the staff's preliminary views; (4) determine the resource issues to be addressed in the EIS; and (5) identify those issues that require a detailed analysis, as well as those issues that do not require a detailed analysis.

Procedures

If you are interested in attending this meeting, please contact Leslie Smythe at (781) 444-3331 ext. 481 before August 15, 2000.

David P. Boergers,
Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6848-7]

Proposed CERCLA Section 122(h) Administrative Agreement for Recovery of Past Costs for the Genzale Plating Superfund Site, Franklin Square, Nassau County, NY

AGENCY: Environmental Protection Agency.

ACTION: Notice; request for public comment.

SUMMARY: In accordance with section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42

U.S.C. 9622(i), notice is hereby given by the U.S. Environmental Protection Agency ("EPA"), Region II, of a proposed administrative agreement pursuant to section 122(h) of CERCLA, 42 U.S.C. 9622(h), for recovery of past response costs concerning the Genzale Plating Superfund Site ("Site") located in Franklin Square, Nassau County, New York, with three parties: M. Genzale Plating Company, Inc. ("Genzale"), Michael J. Genzale, and Michael F. Genzale. The agreement is an "ability to pay" settlement. Under the settlement, respondents, who are closing the business at the Site, agree to sell the facility property and convey the net proceeds of the sale into an escrow account. They also agree to pay \$505,000 into the escrow account, which is to be used for, *inter alia*, environmental expenses attendant to properly shutting the business' facility. The remaining funds in the escrow account will be paid to the United States. Because the price of the property and the amount of expenses are not currently known, the ultimate amount which the United States will receive from the settlement is also not known, but is likely to exceed \$500,000. For thirty (30) days following the date of publication of this notice, EPA will receive written comments relating to the settlement. EPA will consider all comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations that indicate that the proposed settlement is inappropriate, improper, or inadequate. EPA's response to any comments received will be available for public inspection at the EPA, Region II, 290 Broadway, New York, New York 10007-1866.

DATES: Comments must be submitted on or before September 11, 2000.

ADDRESSES: The proposed settlement is available for public inspection at the EPA, 290 Broadway, New York, New York 10007-1866. Comments should reference the Genzale Plating Superfund Site located in Franklin Square, Nassau County, New York, Docket No. CERCLA-02-2000-2010. A copy of the proposed settlement may be obtained from the individual listed below.

FOR FURTHER INFORMATION CONTACT: James F. Doyle, Assistant Regional Counsel, New York/Caribbean Superfund Branch, Office of Regional Counsel, U.S. Environmental Protection Agency, 17th Floor, 290 Broadway, New York, New York 10007-1866. Telephone: 212-637-3165.

Dated: July 31, 2000
William J. Muscynski,
Acting Regional Administrator, Region 2.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

August 4, 2000.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before October 10, 2000. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commissions, 445 12th Street, S.W., Room 1-A804, Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0684

Title: Amendment to the Commission's Rules Regarding a Plan for Sharing the Costs of Microwave Relocation.

Form No.: N/A.

Type of Review: Extension and revision of a currently approved collection.

Respondents: Business or other for-profit institutions (Personal Communications Services providers and Fixed Microwave Service providers), not-for-profit institutions (associations representing providers listed above); public safety agencies.

Number of Respondents: Existing collection approval—2,000 industry respondents submitting information to each other and to the clearinghouses, 1 industry respondent serving as the clearinghouse; Additional collection—20 (of the 2000) industry respondents hiring third-party appraisers; 1 industry respondent serving as another clearinghouse.

Estimated Time Per Response: Existing collection approval—.875 hours for the 2000 respondents, 40 hours for the clearinghouse; Additional collection—8 hours for the 20 third-party appraisers, 15,125 hours (annual) for a second clearinghouse, and 15,125 hours (annual) for the existing clearinghouse.

Frequency of Response: On occasion reporting requirement for the 2000 respondents and the 20 third-party appraisers; biannual reporting requirement and yearly operation and recordkeeping for the two clearinghouses.

Total Annual Burden: 32,200 hours (1790 existing collection approval, 30,410 additional collection).

Total Annual Cost: \$862,000 (\$180,000 existing collection approval, \$682,000 additional collection).

Needs and Uses: The information collections in this proceeding are necessary to effectuate the relocation of fixed microwave incumbents from the 2 GHz band to clear spectrum for the development of PCS. In addition, the collections are necessary to effectuate the Commission's plan for PCS relocators and subsequent PCS licensees to share the costs of relocating existing 2 GHz microwave facilities, thus providing for a fair and efficient relocation process. The information is used by: 2000 respondents to negotiate relocation costs and submit relocation information to the clearinghouses; and two clearinghouses to determine the reimbursement obligations owed by later-entrant PCS entities. This information collection revises a collection approved by the Office of Management and Budget (OMB) on

August 19, 1996, which revised the new collection that was approved by OMB on December 31, 1995. In particular, this information collection makes the following additions to the currently-approved collection: (1) reflects an additional burden of independent third party appraisal of the relocation costs for self-relocating incumbents; (2) reflects a new estimate of the burden on industry to set up and maintain the clearinghouses.

Federal Communications Commission.

Magalie Roman Salas,

Secretary.
