(d) * * *

(4) *Enrollment periods.*

(i) *Enrollment period for basic benefits.* The initial enrollment for the basic dental benefits described in paragraph (f)(1) of this section shall be for a period of 24 months followed by month-to-month enrollment as long as the enrollee remains eligible and chooses to continue enrollment. An enrollee's disenrollment from the TRDP at any time for any reason, including termination for failure to pay premiums, is subject to a lockout period of 12 months. After any lockout period, eligible individuals may elect to reenroll and are subject to a new initial enrollment period. The enrollment periods and conditions stipulated in this paragraph apply only to the basic benefit coverage described in paragraph (f)(1) of this section. Effective with the implementation of an enhanced benefit program, new enrollments for basic coverage will cease. Enrollees in the basic program at that time may continue their enrollment for basic coverage, subject to the applicable provisions of this section, as long as the contract administering the coverage is in effect.

(ii) *Enrollment period for enhanced benefits.* The initial enrollment period for enhanced benefit coverage described in paragraph (f)(2) shall be established by the Director, OCHAMPUS, or designee, when such coverage is offered, to be a period of not less than 12 months and not more than 24 months. The initial enrollment period shall be followed by renewal periods of up to 12 months as long as the enrollee chooses to continue enrollment and remains eligible. An enrollee's disenrollment from the TRDP during an enrollment period for any reason, including termination for failure to pay premiums, is subject to a lockout period of 12 months. This lockout provision does not apply to disenrollment during an enrollment grace period as defined in paragraph (d)(5)(ii) of this section or following completion of an initial or renewal enrollment period. Eligible individuals who elect to reenroll following a lockout period or a disenrollment after completion of an enrollment period are subject to a new initial enrollment period.

(5) *Termination of coverage.*

(i) *Involuntary termination.* TRDP coverage is terminated when the member's entitlement to retired pay is terminated, the member's status as a member of the Retired Reserve is terminated, a dependent child loses

eligible child dependent status, or a surviving spouse remarries.

(ii) *Voluntary termination.* Regardless of the reason, TRDP coverage shall be cancelled, or otherwise terminated, upon written request from an enrollee if the request is received by the TRDP contractor within thirty (30) calendar days following the enrollment effective date and there has been no use of TRDP benefits by the enrolled member, enrolled spouse, or enrolled dependents during that period. If such is the case, the enrollment is voided and all premium payments are refunded. However, use of benefits during this 30-day enrollment grace period constitutes acceptance by the enrollee of the enrollment and the enrollment period commitment. In this case, a request for voluntary disenrollment before the end of the initial enrollment period will not be honored, and premiums will not be refunded.

* * * * *

(f) *Plan benefits.* The Director, OCHAMPUS, or designee, may modify the services covered by the TRDP to the extent determined appropriate based on developments in common dental care practices and standard dental programs. In addition, the Director, OCHAMPUS, or designee, may establish such exclusions and limitations as are consistent with those established by dental insurance and prepayment plans to control utilization and quality of care for the services and items covered by the TRDP.

(1) *Basic benefits.* The minimum TRDP benefit is basic dental care to include diagnostic services, preventive services, basic restorative services (including endodontics), oral surgery services, and emergency services. The following is the minimum TRDP covered dental benefit (using the American Dental Association's The Council on Dental Care Program's Code on Dental Procedures and Nomenclature):

* * * * *

(2) *Enhanced benefits.* In addition to the minimum TRDP services in paragraph (f)(1) of this section, other services that are comparable to those contained in § 199.13 (e)(2) may be covered pursuant to TRDP benefit policy decisions made by the Director, OCHAMPUS, or designee. In general, these include additional diagnostic and preventive services, major restorative services, prosthodontics (removable and fixed), additional oral surgery services, orthodontics, and additional adjunctive general services (including general anesthesia and intravenous sedation). Enrollees in the basic plan will be given

an enrollment option at the time the enhanced plan is implemented.

(3) *Alternative course of treatment policy.* The Director, OCHAMPUS, or designee, may establish, in accordance with generally accepted dental benefit practices, an alternative course of treatment policy which provides reimbursement in instances where the dentist and TRDP enrollee select a more expensive service, procedure, or course of treatment than is customarily provided. The alternative course of treatment policy must meet the following conditions:

(i) The service, procedure, or course of treatment must be consistent with sound professional standards of generally accepted dental practice for the dental condition concerned.

(ii) The service, procedure, or course of treatment must be a generally accepted alternative for a service or procedure covered by the TRDP for the dental condition.

(iii) Payment for the alternative service or procedure may not exceed the lower of the prevailing limits for the alternative procedure, the prevailing limits or dental plan contractor's scheduled allowance for the otherwise authorized benefit procedure for which the alternative is substituted, or the actual charge for the alternative procedure.

(g) *Maximum coverage amounts.* Each enrollee is subject to an annual maximum coverage amount for non-orthodontic dental benefits and, if an orthodontic benefit is offered, a lifetime maximum coverage amount for orthodontics as established by the Director, OCHAMPUS, or designee.

RIN 2115-AE46

Special Local Regulations for Marine Events; Chesapeake Challenge, Patapsco River, Baltimore, MD

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is adopting temporary special local regulations

during the "Chesapeake Challenge" powerboat race to be held on the waters of the Patapsco River near Baltimore, Maryland. These special local regulations are necessary to provide for the safety of life on navigable waters during the event. This action is intended to restrict vessel traffic in portions of the Patapsco River during the event.

DATES: This rule is effective from 1 p.m. on August 26, 2000 to 4 p.m. on August 27, 2000.

ADDRESSES: You may mail comments and related material to Commander (Aoax), Fifth Coast Guard District, 431 Crawford Street, Portsmouth, Virginia 23704-5004, or deliver them to the same address between 9 a.m. and 2 p.m., Monday through Friday, except Federal holidays. Comments and materials received from the public as well as documents indicated in this preamble as being available in the docket, are part of docket CGD05-00-032 and are available for inspection or copying at Commander (Aoax), Fifth Coast Guard District, 431 Crawford Street, Portsmouth, Virginia 23704-5004, between 9 a.m. and 2 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Chief Warrant Officer R. Houck, Marine Events Coordinator, Commander, Coast Guard Activities Baltimore, telephone number (410) 576-2674.

SUPPLEMENTARY INFORMATION:

Request for Comments

Although this rule is being published as a temporary final rule without prior notice, an opportunity for public comment is nevertheless desirable to ensure the rule is both reasonable and workable. Accordingly, we encourage you to submit comments and related material. If you do so, please include your name and address, identify the docket number (CGD05-00-032), indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related materials in an unbound format, no larger than 8.5 by 11 inches, suitable for copying. If you would like to know they reached us, please enclose a stamped, self-addressed postcard or envelope.

Regulatory Information

A notice of proposed rulemaking (NPRM) was not published for this regulation. In keeping with 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a NPRM. The Coast Guard was notified of the need for special local regulations

with insufficient time to publish a NPRM, allow for comments, and publish a final rule prior to the event.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. We had insufficient time to prepare and publish this rule in the **Federal Register** 30 days in advance of the events. To delay the effective date of the rule would be contrary to the public interest since a timely rule is necessary to protect mariners from the hazards associated with high speed powerboat races.

Background and Purpose

On August 26 and August 27, 2000, the Chesapeake Bay Power Boat Association will sponsor the "Chesapeake Challenge" powerboat race, on the waters of the Patapsco River, Baltimore, Maryland. The event will consist of 65 to 80 offshore powerboats racing in heats around an oval race course. A large fleet of spectator vessels is anticipated. Due to the need for vessel control during the races, vessel traffic will be temporarily restricted to provide for the safety of spectators, participants and transiting vessels.

Discussion of Regulations

The Coast Guard is establishing temporary special local regulations on specified waters of the Patapsco River. The temporary special local regulations will be in effect from 1 p.m. on August 26, 2000 to 4 p.m. on August 27, 2000. The effect will be to restrict general navigation in the regulated areas during the event. Except for participants in the "Chesapeake Challenge" powerboat race and vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area. This rule also establishes three spectator viewing areas for the exclusive use of spectator vessels. These regulations are needed to control vessel traffic during the event to enhance the safety of participants, spectators and transiting vessels.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979).

We expect the economic impact of this temporary final rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary.

Although this regulation prevents traffic from transiting a portion of the Patapsco River during the event, the effect of this regulation will not be significant due to the limited duration of the regulation and the extensive advance notifications that will be made to the maritime community via the Local Notice to Mariners, marine information broadcasts, and area newspapers, so mariners can adjust their plans accordingly.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), we considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: The owners or operators of vessels intending to transit or anchor in the effected portions of the Patapsco River during the event.

Although this regulation prevents traffic from transiting or anchoring in a portion of the Patapsco River during the event, the effect of this regulation will not be significant because of its limited duration and the extensive advance notifications that will be made to the maritime community via the Local Notice to Mariners, marine information broadcasts, and area newspapers, so mariners can adjust their plans accordingly.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

We have analyzed this rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that Order.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local, or tribal government or the private sector to incur direct costs without the Federal Government's having first provided the funds to pay those costs. This rule will not impose an unfunded mandate.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Environment

We prepared an "Environmental Assessment" in accordance with Commandant Instruction M16475.1C, and determined that this rule will not significantly affect the quality of the human environment. The "Environmental Assessment" and "Finding of No Significant Impact" is available in the docket where indicated under **ADDRESSES**.
