Background

On June 21, 2000, the Federal Aviation Administration (FAA) issued Notice No. 00-05, Certification of Airports (65 FR 38636, June 21, 2000). Comments to that document were to be received on or before September 19, 2000.

By letters dated July 13 and August 2, 2000, the Augusta (ME) State Airport, the Hancock County-Bar Harbor (ME) Airport, and the State of Maine Department of Transportation requested that the FAA extend the comment period for Notice No. 00-05 until December 20, 2000. Operators of these airports stated that the FAA has underestimated the economic impact of the proposal on their facilities, which would be newly certificated airports under the proposal. The State of Maine Department of Transportation is concerned about the economic implications of the proposal on certain airports. All petitioners requested an extension of the comment period by 90 days to provide sufficient time to obtain cost data and fully evaluate this proposal before submitting comments to the FAA.

While the FAA concurs with the petitioners' requests for an extension of the comment period on Notice No. 00-05, the FAA believes that a 90-day extension would be excessive. As Notice No. 00-05 is lengthy, the FAA provided a 90-day comment period. Although the FAA agrees that additional time for comments may be needed by operators of airports that would be newly certificated under the proposal, this need must be balanced against the need to proceed expeditiously with a rulemaking that Congress has indicated needs to be completed. The FAA believes an additional 45 days would be adequate for these petitioners to collect

cost and operational data necessary to provide meaningful comment to Notice No. 00-05. This will also allow commenters who may have anticipated an extension in the comment period to submit their comments by a date certain. Absent unusual circumstances, the FAA does not anticipate any further extension of the comment period for this rulemaking.

Extension of Comment Period

In accordance with § 11.29(c) of Title 14, Code of Federal Regulations, the FAA has reviewed the petitions made by Augusta (ME) State Airport, the Hancock County-Bar Harbor (ME) Airport, and the State of Maine Department of Transportation for extension of the comment period to Notice No. 00-05. These petitioners have shown a substantive interest in the proposed rule and good cause for the extension. The FAA also has determined that extension of the comment period is consistent with the public interest, and that good cause exists for taking this action.

Accordingly, the comment period for Notice No. 98-5 is extended until November 3, 2000.

David L. Bennett,

Director, Office of Airport Safety and Standards.

RIN 2139-AA07

Amendment to the Definitions of Revenue and Nonrevenue Passengers

AGENCY: Office of the Secretary, DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Office of the Secretary proposes to revise its definitions of *revenue passenger* and *nonrevenue passenger* in 14 CFR 241.03 to specify that a passenger traveling on a ticket or voucher received as compensation for denied boarding or as settlement of a consumer complaint is considered to be a revenue passenger. The revised definitions will be added to 14 CFR parts 217 and 298. The definitions will be in harmony with the definitions of revenue and non revenue passenger adopted by the International Civil Aviation Organization (ICAO). Harmonizing of DOT's and ICAO's

definitions will prevent air carriers from being required to keep two sets of traffic enplanement statistics—one for reporting to ICAO and one for reporting to DOT. This action is taken at DOT's initiative.

DATES: Comments are due October 23, 2000.

ADDRESSES: Comments should be directed to the Docket Clerk, Docket OST-00-7735, Room PL 401, Office of the Secretary, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590-0001. The public can inspect the docket at the Department from 10 AM to 5 PM ET, Monday through Friday, except Federal Holidays, or via the internet on <http://dms.dot.gov>.

Comments should identify the regulatory docket number and be submitted in duplicate to the address listed above. Commenters wishing the Department to acknowledge receipt of their comments must submit with those comments a self-addressed stamped postcard on which the following statement is made: Comments on Docket OST-00-7735. The postcard will be dated/time stamped and returned to the commenter. All comments submitted will be available for examination in the Rules Docket both before and after the closing date for comments.
