CompAir LeRoi, Independence, Virginia; Notice of Revised Determination on Reopening

By letter of July 10, 2000, one of the petitioners requested administrative reconsideration of the Department's denial of Trade Adjustment Assistance (TAA) for workers and former workers of the subject firm.

The workers at CompAir LeRoi, Independence, Virginia, engaged in employment related to the production of air compressor pumps, were denied eligibility to apply for TAA based on the finding that criterion (3) of the worker group eligibility requirements of Section 222 of the Trade Act, as amended, was not met. The notice of negative determination was signed on June 14,

2000, and was published in the **Federal Register** on June 29, 2000 (65 FR 40134)

Review of the information provided by the subject firm shows that when the company implemented plans to shift production to another domestic location, the final product to be relocated from Independence, Virginia, was the reciprocating compressor line. Further review of the information contained in the investigation file shows that although the company intended to temporarily source assembled reciprocating compressors from a foreign supplier, no immediate plan was in place for domestic production of that product. During the first quarter of 2000, sales or production and employment declined when production ceased, and company imports of reciprocating compressors began.

The workers were not separated identifiable by product line.

Conclusion

After careful consideration of the new facts obtained on reopening, it is concluded that the workers of CompAir LeRoi, Independence, Virginia, were adversely affected by increased imports of compressors like or directly competitive with the articles produced at the subject firm.

"All workers of CompAir LeRoi, Independence, Virginia, who became totally or partially separated from employment on or after May 19, 1999, through two years from the date of this determination, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed at Washington, D.C. this 8th day of August 2000.

Program Manager, Division of Trade Adjustment Assistance.

Enefco International Limited, Footwear Subdivision, Waterjet Subdivision, Auburn, Maine; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on July 31, 2000, applicable to all workers of Enefco International Limited, Footwear Subdivision located in Auburn, Maine.

The notice will soon be published in the **Federal Register**.

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. New findings show that the Department's certification inadvertently omitted the workers at the plant in the Waterjet Subdivision. The subject firm reported increased reliance on imports of cushioning pads formerly produced by the sole worker in the Waterjet Subdivision. Accordingly, the Department is amending the certification to include workers in the Waterjet Subdivision Enefco International Limited in Auburn, Maine.

The amended notice applicable to TA-W-37,586 is hereby issued as follows:

All workers of Enefco International Limited, Footwear Subdivision, Waterjet Subdivision, Auburn, Maine, who became totally or partially separated from employment on or after April 7, 1999 through July 31, 2002, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, D.C., this 18th day of August 2000.

Voyager Emblem Incorporated, Sanborn, New York; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on July 19, 2000, applicable to workers of Voyager Emblem Incorporated, Sanborn, New York. The notice was published in the **Federal Register** on August 1, 2000 (65 FR 46954).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers produce embroidered emblems. New findings show that there was previous certification for the subject firm workers, TA-W-34,392, which was issued on May 15, 1998. That certification expired May 15, 2000. To avoid an overlap in worker group

coverage, the certification for TA-W-37,636 is being amended to change the impact date from April 19, 1999, to May 16, 2000.

The amended notice applicable to TA-W-37,636 is hereby issued as follows:

"All workers of Voyager Emblem Incorporated, Sanborn, New York, who become totally or partially separated from employment on or after May 16, 2000 through July 19, 2002, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

NATIONAL COUNCIL ON DISABILITY

Advisory Committee Conference Call

AGENCY: National Council on Disability (NCD).

SUMMARY: This notice sets forth the schedule of the forthcoming conference call for NCD's advisory committee—Technology Watch. Notice of this meeting is required under Section 10(a)(1)(2) of the Federal Advisory Committee Act (Pub. L. 92-463).

Technology Watch: NCD's Technology Watch is a community-based, cross-disability, consumer task force on technology. Tech Watch provides information to NCD on issues relating to emerging legislation on technology and helps monitor compliance with civil rights legislation, such as Section 508 of the Rehabilitation Act of 1973, as amended.

DATES: September 15, 2000, 1:00 p.m. EDT.

For Technology Watch Information, Contact: Martin Gould, Research Specialist, National Council on Disability, 1331 F Street NW, Suite 1050, Washington, D.C. 20004; 202-

272-2004 (voice), 202-272-2074 (TTY), 202-272-2022 (fax), mgould@nacd.gov (e-mail).

Agency Mission: The National Council on Disability is an independent federal agency composed of 15 members appointed by the President of the United States and confirmed by the U.S. Senate. Its overall purpose is to promote policies, programs, practices, and procedures that guarantee equal opportunity for all people with disabilities, regardless of the nature of severity of the disability; and to empower people with disabilities to achieve economic self-sufficiency, independent living, and inclusion and integration into all aspects of society.

This committee is necessary to provide advice and recommendations to NCD on assistive technology, information technology, telecommunication issues, and accessibility for people with disabilities.

We currently have balanced membership representing a variety of disabling conditions from across the United States.

Open Meeting/Conference Call: This advisory committee conference call of the National Council on Disability will be open to the public. However, due to fiscal constraints and staff limitations, a limited number of additional telephone lines will be available. Individuals can also participate in the conference call at the NCD office. Those interested in joining this conference call should contact the appropriate staff member listed above.

Records will be kept of all Technology Watch meetings/conference calls and will be available after the meeting for public inspection at the National Council on Disability.

Signed in Washington, DC, on August 24, 2000.
