

thereto, that requested approval of the direct transfer of the LaSalle facility operating licenses (and other facility operating licenses held by ComEd, which transfers were the subject of separate notices) to a new proposed licensee, Exelon Generation Company, LLC (EGC). EGC is to be formed in connection with a pending merger between Unicom and PECO Energy Company (PECO), under which merger EGC, ComEd, and PECO are to become direct or indirect subsidiaries of Exelon Corporation. ComEd indicated in the July 7, 2000, application that the direct transfer of the licenses to EGC may be delayed for an interim period following the completion of the merger, pending the receipt of other regulatory approvals of the direct transfer to EGC. During this interim period, ComEd, which will have become a subsidiary of Exelon Corporation upon the closing of the merger, would continue to hold the LaSalle licenses until they are transferred to EGC. The July 7, 2000, application requests approval of the indirect transfer of the LaSalle licenses that would occur upon Exelon Corporation becoming the new parent of ComEd while ComEd continues to hold the licenses for the above interim period. The direct transfer of the licenses from ComEd to EGC was recently approved by the NRC on August 3, 2000.

According to the July 7, 2000, application, Unicom shareholders will become shareholders of Exelon Corporation. ComEd's technical and financial qualifications, and its decommissioning funding arrangement will be unchanged by the establishment of the new holding company and the corresponding indirect transfer of the licenses. No changes to the licenses or technical specifications, and no physical changes to the facility or operational changes are being proposed in the application.

Pursuant to 10 CFR 50.80, no license, or any right thereunder, shall be transferred, directly or indirectly, through transfer of control of the license, unless the Commission shall give its consent in writing. The Commission will approve an application for the indirect transfer of a license if the Commission determines that the underlying transaction effecting the indirect transfer will not affect the qualifications of the holder of the license, and that the transfer is otherwise consistent with applicable provisions of law, regulations, and orders issued by the Commission pursuant thereto.

The filing of requests for hearing and petitions for leave to intervene, and

written comments with regard to the license transfer application, are discussed below.

By September 20, 2000, any person whose interest may be affected by the Commission's action on the application may request a hearing and, if not, the applicants may petition for leave to intervene in a hearing proceeding on the Commission's action. Requests for a hearing and petitions for leave to intervene should be filed in accordance with the Commission's rules of practice set forth in Subpart M, "Public Notification, Availability of Documents and Records, Hearing Requests and Procedures for Hearings on License Transfer Applications," of 10 CFR Part 2. In particular, such requests and petitions must comply with the requirements set forth in 10 CFR 2.1306, and should address the considerations contained in 10 CFR 2.1308(a). Untimely requests and petitions may be denied, as provided in 10 CFR 2.1308(b), unless good cause for failure to file on time is established. In addition, an untimely request or petition should address the factors that the Commission will also consider, in reviewing untimely requests or petitions, set forth in 10 CFR 2.1308(b)(1)-(2).

Requests for a hearing and petitions for leave to intervene should be served upon: Ms. Pamela B. Stroebel, Senior Vice President and General Counsel, Commonwealth Edison Company, P.O. Box 767, Chicago, Illinois 60690-0767; the General Counsel, U.S. Nuclear Regulatory Commission, Washington, DC 20555 (e-mail address for filings regarding license transfer cases only: OGCLT@NRC.gov); and the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemakings and Adjudications Staff, in accordance with 10 CFR 2.1313.

The Commission will issue a notice or order granting or denying a hearing request or intervention petition, designating the issues for any hearing that will be held and designating the Presiding Officer. A notice granting a hearing will be published in the **Federal Register** and served on the parties to the hearing.

As an alternative to requests for hearing and petitions to intervene, by October 2, 2000, persons may submit written comments regarding the license transfer application, as provided for in 10 CFR 2.1305. The Commission will consider and, if appropriate, respond to these comments, but such comments will not otherwise constitute part of the decisional record. Comments should be submitted to the Secretary, U.S. Nuclear

Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemakings and Adjudications Staff, and should cite the publication date and page number of this **Federal Register** notice.

For further details with respect to this action, see the application dated July 7, 2000, as supplemented on July 13, 2000, available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, and available electronically through the ADAMS Public Electronic Reading Room link at the NRC Web site (<http://www.NRC.gov>).

Dated at Rockville, Maryland this 23rd day of August 2000.

For the Nuclear Regulatory Commission.

Donna M. Skay,

Project Manager, Section 2, Project Directorate III, Division of Licensing Project Management, Office of Nuclear Reactor Regulation.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-254 and 50-265]

Commonwealth Edison Company and MidAmerican Energy Company; Quad Cities Nuclear Power Station, Units 1 and 2; Notice of Consideration of Approval of Application Regarding Proposed Corporate Restructuring and Opportunity for a Hearing

The U.S. Nuclear Regulatory Commission (the Commission) is considering the issuance of an order under 10 CFR 50.80 approving the transfer of Facility Operating Licenses Nos. DPR-29 and DPR-30 for Quad Cities Nuclear Power Station, Units 1 and 2, to the extent held by Commonwealth Edison Company (ComEd). ComEd currently owns 75% of Quad Cities, Units 1 and 2, and is the licensed operator of both stations. The remaining interest in Quad Cities, Units 1 and 2, is owned by MidAmerican Energy Company. The indirect transfer would be to a new holding company for ComEd, Exelon Corporation. ComEd is currently a subsidiary of Unicom Corporation (Unicom). The facility is located in Rock Island County, Illinois.

In an application dated July 7, 2000, as supplemented by a submittal dated July 13, 2000, ComEd referenced an earlier license transfer application dated December 20, 1999, and supplements thereto, that requested approval of the direct transfer of the Quad Cities facility operating licenses (and other facility

operating licenses held by ComEd, which transfers were the subject of separate notices) to a new proposed licensee, Exelon Generation Company, LLC (EGC). EGC is to be formed in connection with a pending merger between Unicom and PECO Energy Company (PECO), under which merger EGC, ComEd, and PECO are to become direct or indirect subsidiaries of Exelon Corporation. ComEd indicated in the July 7, 2000, application that the direct transfer of the licenses to EGC may be delayed for an interim period following the completion of the merger, pending the receipt of other regulatory approvals of the direct transfer to EGC. During this interim period, ComEd, which will have become a subsidiary of Exelon Corporation upon the closing of the merger, would continue to hold the Quad Cities licenses until they are transferred to EGC. The July 7, 2000, application requests approval of the indirect transfer of the Quad Cities licenses that would occur upon Exelon Corporation becoming the new parent of ComEd while ComEd continues to hold the licenses for the above interim period. The direct transfer of the licenses from ComEd to EGC was recently approved by the NRC on August 3, 2000.

According to the July 7, 2000, application, Unicom shareholders will become shareholders of Exelon Corporation. ComEd's technical and financial qualifications, and its decommissioning funding arrangement will be unchanged by the establishment of the new holding company and the corresponding indirect transfer of the licenses. No changes to the licenses or technical specifications, and no physical changes to the facility or operational changes are being proposed in the application.

Pursuant to 10 CFR 50.80, no license, or any right thereunder, shall be transferred, directly or indirectly, through transfer of control of the license, unless the Commission shall give its consent in writing. The Commission will approve an application for the indirect transfer of a license if the Commission determines that the underlying transaction effecting the indirect transfer will not affect the qualifications of the holder of the license, and that the transfer is otherwise consistent with applicable provisions of law, regulations, and orders issued by the Commission pursuant thereto.

The filing of requests for hearing and petitions for leave to intervene, and written comments with regard to the license transfer application, are discussed below.

By September 20, 2000, any person whose interest may be affected by the Commission's action on the application may request a hearing and, if not, the applicants may petition for leave to intervene in a hearing proceeding on the Commission's action. Requests for a hearing and petitions for leave to intervene should be filed in accordance with the Commission's rules of practice set forth in Subpart M, "Public Notification, Availability of Documents and Records, Hearing Requests and Procedures for Hearings on License Transfer Applications," of 10 CFR Part 2. In particular, such requests and petitions must comply with the requirements set forth in 10 CFR 2.1306, and should address the considerations contained in 10 CFR 2.1308(a). Untimely requests and petitions may be denied, as provided in 10 CFR 2.1308(b), unless good cause for failure to file on time is established. In addition, an untimely request or petition should address the factors that the Commission will also consider, in reviewing untimely requests or petitions, set forth in 10 CFR 2.1308(b)(1)-(2).

Requests for a hearing and petitions for leave to intervene should be served upon: Ms. Pamela B. Stroebel, Senior Vice President and General Counsel, Commonwealth Edison Company, P.O. Box 767, Chicago, Illinois 60690-0767; the General Counsel, U.S. Nuclear Regulatory Commission, Washington, DC 20555 (e-mail address for filings regarding license transfer cases only: OGCLT@NRC.gov); and the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemakings and Adjudications Staff, in accordance with 10 CFR 2.1313.

The Commission will issue a notice or order granting or denying a hearing request or intervention petition, designating the issues for any hearing that will be held and designating the Presiding Officer. A notice granting a hearing will be published in the **Federal Register** and served on the parties to the hearing.

As an alternative to requests for hearing and petitions to intervene, by October 2, 2000, persons may submit written comments regarding the license transfer application, as provided for in 10 CFR 2.1305. The Commission will consider and, if appropriate, respond to these comments, but such comments will not otherwise constitute part of the decisional record. Comments should be submitted to the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemakings and Adjudications Staff, and should cite

the publication date and page number of this **Federal Register** notice.

For further details with respect to this action, see the application dated July 7, 2000, as supplemented on July 13, 2000, available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, and available electronically through the ADAMS Public Electronic Reading Room link at the NRC Web site (<http://www.NRC.gov>).

Dated at Rockville, Maryland this 23rd day of August 2000.

For the Nuclear Regulatory Commission.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-295 and 50-304]

Commonwealth Edison Company; Zion Nuclear Power Station, Units 1 and 2; Notice of Consideration of Approval of Application Regarding Proposed Corporate Restructuring and Opportunity for a Hearing

The U.S. Nuclear Regulatory Commission (the Commission) is considering the issuance of an order under 10 CFR 50.80 approving the indirect transfer of Facility Operating Licenses Nos. DPR-39 and DPR-48 for Zion Nuclear Power Station, Units 1 and 2, currently held by Commonwealth Edison Company (ComEd), as the owner and licensed operator. The indirect transfer would be to a new holding company for ComEd, Exelon Corporation. ComEd is currently a subsidiary of Unicom Corporation (Unicom). The facility is located in Lake County, Illinois.

In an application dated July 7, 2000, as supplemented by a submittal dated July 13, 2000, ComEd referenced an earlier license transfer application dated December 20, 1999, and supplements thereto, that requested approval of the direct transfer of the Zion facility operating licenses (and other facility operating licenses held by ComEd, which transfers were the subject of separate notices) to a new proposed licensee, Exelon Generation Company, LLC (EGC). EGC is to be formed in connection with a pending merger between Unicom and PECO Energy Company (PECO), under which merger
