

products for which IPA is an input. *See*, section 351.525(b)(5) of the Department's countervailing duty regulations concerning the attribution of subsidies. Therefore, we preliminarily determine that the grants provide no benefit to the production of IPA.

III. Other Program Examined

Labor Training Grant

In its questionnaire response, Rotem reported that it had received a very small labor training grant as payment for hiring and training conducted in a prior period. In previous administrative reviews, we have found that this program was not used (*see, e.g., 1994 Final Results and 1996 Final Results*). Under section 351.524 of the countervailing duty regulations, grants for worker training are normally considered recurring and are expensed in the year of receipt. For purposes of this administrative review, we expensed this labor training grant and have found that any subsidy which could be calculated for this program would be so small (well under 0.005 percent *ad valorem*) that there would be no impact on the overall subsidy rate. Accordingly, because there would be no impact on the overall subsidy rate in the instant review, we do not consider it necessary to address the issue of specificity for purposes of this administrative review. *See e.g., Final Affirmative Countervailing Duty Determination: Steel Wire Rod from Germany*, 62 FR 54990, 54995 (October 22, 1997), *Certain Carbon Steel Products from Sweden: Final Results of Countervailing Duty Administrative Review*, 62 FR 16549 (April 7, 1997), and *Final Results of Countervailing Duty Administrative Review: Live Swine from Canada*, 63 FR 2204 (January 14, 1998).

Preliminary Results of Review

In accordance with 19 CFR 351.213(b), we calculated an individual subsidy rate for the producer/exporter subject to this administrative review. For the period January 1, 1998 through December 31, 1998, we preliminarily determine the net subsidy for Rotem to be 4.26 percent *ad valorem*. If the final results of this review remain the same as these preliminary results, the Department intends to instruct the U.S. Customs Service (Customs) to assess countervailing duties as indicated above.

As a result of the International Trade Commission's determination that revocation of this countervailing duty order would not likely lead to continuation or recurrence of material injury to an industry in the United

States in the reasonably foreseeable future, the Department, pursuant to section 751(d)(2) of the Act, revoked the countervailing duty order on IPA from Israel. *See Revocation Countervailing Duty Order: Industrial Phosphoric Acid from Israel*, 65 FR 114 (June 13, 2000). Pursuant to section 751(c)(6)(A)(iv) of the Act and 19 CFR 351.222(i)(2)(ii), the effective date of revocation was January 1, 2000. Accordingly, the Department has instructed Customs to discontinue suspension of liquidation and collection of cash deposits on entries of the subject merchandise entered or withdrawn from warehouse on or after January 1, 2000. The Department, however, will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

Public Comment

Pursuant to 19 CFR 351.224(b), the Department will disclose to parties to the proceeding any calculations performed in connection with these preliminary results within five days after the date of publication of this notice. Pursuant to 19 CFR 351.309, interested parties may submit written comments in response to these preliminary results. Normally, case briefs are to be submitted within 30 days after the date of publication of this notice, and rebuttal briefs, limited to arguments raised in case briefs, are to be submitted no later than five days after the time limit for filing case briefs. Parties who submit argument in this proceeding are requested to submit with the argument: (1) A statement of the issues, and (2) a brief summary of the argument. Case and rebuttal briefs must be served on interested parties in accordance with 19 CFR 351.303(f). Also, pursuant to 19 CFR 351.310, within 30 days of the date of publication of this notice, interested parties may request a public hearing on arguments to be raised in the case and rebuttal briefs. Unless the Secretary specifies otherwise, the hearing, if requested, will be held two days after the date for submission of rebuttal. Representatives of parties to the proceeding may request disclosure of proprietary information under administrative protective order no later than ten days after the representative's client or employer becomes a party to the proceeding, but in no event later than the date case briefs, under 19 CFR 351.309(c)(ii), are due. The Department will publish the final results of this administrative review, including the results of its analysis of issues raised in any case or rebuttal brief or at a hearing. These

preliminary results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act (19 U.S.C. 1675(a)(1) and 19 U.S.C. 1677f(i)(1)).
