INTERNATIONAL TRADE COMMISSION

[Investigation No. TA-201-71]

Crabmeat From Swimming Crabs

Determination

On the basis of the information in the investigation, the Commission determines,¹ pursuant to section 202(b) of the Trade Act of 1974, that crabmeat from swimming crabs² is not being imported into the United States in such increased quantities as to be a substantial cause of serious injury or the threat of serious injury to the domestic industry producing an article like or directly competitive with the imported article.

Background

Following receipt of a petition filed on behalf of the Blue Crab Coalition, the Commission, effective March 2, 2000, instituted investigation No. TA-201-71, Crabmeat from Swimming Crabs, under section 202 of the Trade Act of 1974 to determine whether crabmeat from swimming crabs is being imported into the United States in such increased quantities as to be a substantial cause of serious injury, or the threat thereof, to the domestic industry producing an article like or directly competitive with the imported article.

Notice of the institution of the Commission's investigation and of the scheduling of public hearings to be held in connection therewith was given by

¹ Chairman Stephen Koplan and Vice Chairman Deanna Tanner Okun dissenting.

² For the purposes of this investigation, the subject merchandise is defined as crabmeat from swimming crabs (family Portunidae), in all its forms (except shelf-stable crabmeat in airtight containers), including frozen, fresh, and chilled crabmeat, however packed, preserved, pasteurized, or prepared, and of any grade or size (such as jumbo lump, lump, backfin, claw, select, and the like). Such crabmeat is generally classified in subheadings 1605.10.20 and 1605.10.40 of the Harmonized Tariff Schedule of the United States (HTS), but may also be entering under HTS subheadings 0306.14.20 and 0306.24.20. The petition and scope of investigation initially included shelf-stable crabmeat packed in airtight containers, which is produced using additives and a thermal manufacturing process so that it requires no refrigeration. However, in a letter to the Commission dated April 14, 2000, the petitioner requested the scope of the investigation be amended to exclude such shelf-stable crabmeat. On June 23, 2000, the Commission amended the scope of its investigation to exclude such shelf-stable crabmeat (65 FR 40691, June 30, 2000).

posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of March 20, 2000 (65 FR 15008). The hearing in connection with the injury phase of the investigation was held on June 15, 2000, in Washington, DC; all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the President on August 29, 2000. The views of the Commission are contained in USITC Publication 3349 (August 2000), entitled Crabmeat from Swimming Crabs: Investigation No. TA-201-71.

By order of the Commission.

Issued: August 31, 2000.

INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 731-TA-885-887 (Preliminary)]

Desktop Note Counters and Scanners From China, Korea, and the United Kingdom

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission determines,² pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)), that there is no reasonable indication that an industry in the United States is materially injured or threatened with material injury, or that the establishment of an industry in the United States is materially retarded, by reason of imports from China, Korea, and the United Kingdom of desktop note counters and scanners, provided for in subheading 8472.90.95 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV).

Background

On July 17, 2000, a petition was filed with the Commission and the Department of Commerce by Cummins-Allison Corp., Mt. Prospect, IL, alleging

¹ The record is defined in § 207.2(f) of the Commission's rules of practice and procedure (19 CFR 207.2(f)).

² Commissioner Bragg dissenting.

that an industry in the United States is materially injured and threatened with material injury by reason of LTFV imports of desktop note counters and scanners from China, Korea, and the United Kingdom. Accordingly, effective July 17, 2000, the Commission instituted antidumping duty investigations Nos. 731-TA-885-887 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of July 25, 2000 (65 FR 49224). The conference was held in Washington, DC, on August 7, 2000, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on August 31, 2000. The views of the Commission are contained in USITC Publication 3348 (September 2000), entitled Desktop Note Counters and Scanners from China, Korea, and the United Kingdom: Investigations Nos. 731-TA-885-887 (Preliminary).

Overview of the Collection

Problem-Solving Management Survey

(1) *Type of information collection.* Extension of a currently approved collection.

(2) *The title of the form/collection.* Problem-Solving Management Survey.

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection.*

Form: COPS PPSE/01. Office of Community Oriented Policing Services, United States Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Captains, Chiefs, Detectives/Sergeants, and Crime analysts from 75 large police agencies that have received COPS 1999 School Based Partnership Grants will be asked to respond (approximately 300). The Problem-solving Management Survey will collect basic information about the capacity of police agencies to prioritize problems, their knowledge of agency resources, and their understanding of problem-solving information as it relates to problem-oriented policing.

The COPS office will use the information collected to identify the information necessary for police executives to effectively utilize resources as it relates to problem-solving and to examine existing problem-oriented policing tracking systems for the purpose of identifying best practices in problem-solving management.
