## ENVIRONMENTAL PROTECTION AGENCY

[FRL-6867-1]

### Regulatory Reinvention (XL) Pilot Projects; Project XL Draft Final Project Agreement: Waste Management, Inc. Landfill Bioreactor Systems

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of availability of USA Waste of Virginia, Inc., and King George Landfills, Inc., wholly owned subsidiaries of Waste Management, Inc. (hereinafter Waste Management) Bioreactor Systems Project XL Draft Final Project Agreement.

**SUMMARY:** EPA is today requesting comments on a draft Project XL Final Project Agreement (FPA) for Waste Management.

**DATES:** The period for submission of comments on the draft FPA ends on September 22, 2000.

**ADDRESSES:** All comments on the draft Final Project Agreement should be sent to: Janet Murray, U.S. EPA, 1200 Pennsylvania Avenue, NW (m/c1802), Washington, DC 20460. Comments may also be faxed to Ms. Murray at (202) 260-3125. Comments will also be received via electronic mail sent to: [Murray.Janet@epa.gov](mailto:Murray.Janet@epa.gov).

**FOR FURTHER INFORMATION CONTACT:** To obtain a copy of the draft Final Project Agreement, contact: Chris Menen, USEPA Region 3 (m/c 3EIOO) 1650 Arch St. Philadelphia, PA 19103 or Janet Murray, U.S.EPA, 1200 Pennsylvania Ave, NW. (m/c 1802), Washington, DC 20460. The FPA and

related documents are also available via the Internet at the following location: [www.epa.gov/projectxl](http://www.epa.gov/projectxl). In addition, project documents are located at EPA Region 3, 1650 Arch St. Philadelphia, PA 19103. Questions to EPA regarding the documents can be directed to Chris Menen at (215) 814-2786 or Janet Murray at (202) 260-7570. Documents pertaining to the project will be maintained at the Virginia Department of Environmental Quality, 629 Main Street, Richmond, VA 22129 c/o Paul Farrell, (804) 698-4214. Documents will also be maintained at public libraries in King George County and Amelia County. The address for the library in Amelia County is: The James Hammer Memorial Library, 16351 Dunn Street, Amelia, Virginia 23002, and the file is entitled "Amelia County Landfill, Maplewood Site, Project XL." The address for the library in King George County is: L.F. Smoot Lewis Memorial, 9533 Kings Highway, King George, Virginia 22485, and the file will be entitled "King George County Landfill Project XL." Additional information on Project XL, including documents referenced in this notice, other EPA policy documents related to Project XL, application information, and descriptions of existing XL projects and proposals, is available via the Internet at [www.epa.gov/projectxl](http://www.epa.gov/projectxl).

**SUPPLEMENTARY INFORMATION:** The FPA is a voluntary agreement developed by Waste Management, the Commonwealth of Virginia, and USEPA. Project XL, announced in the **Federal Register** on May 23, 1995 (60 FR 27282), gives regulated entities the opportunity to develop alternative strategies that will replace or modify specific regulatory requirements on the condition that they produce greater environmental benefits. If implemented, the draft FPA will allow Waste Management to implement two slightly different waste treatment systems at two of its Virginia Landfills. Leachate recirculation would be implemented at its Maplewood Recycling and Waste Disposal Facility, owned and operated by Waste Management, Inc. subsidiary USA Waste of Virginia, Inc. Bioreactor operations would be implemented at the King George County Landfill and Recycling Facility, operated by Waste Management, Inc., subsidiary King George Landfills, Inc. Under the project, Waste Management is requesting flexibility from the regulatory requirement that restricts application of bulk liquids in municipal solid waste landfills (40 CFR 258.28) as well as similar flexibility under part V of Virginia Solid Waste Management

Regulations. EPA expects to shortly publish a document in the **Federal Register** proposing and seeking public comment on a site-specific rule to modify the requirements of 40 CFR 258.28 for this project.

Dated: September 1, 2000.

**Christopher Knopes,**

*Associate Director, Office of Environmental Policy Innovation.*

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-6867-2]

### Regulatory Reinvention (XL) Pilot Projects

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of availability of Draft Monitoring Plan Agreement for the Fort Worth, Texas XL Project.

**SUMMARY:** EPA is today requesting comments on a draft Monitoring Plan Agreement for Phase 1 of the Fort Worth XL Project.

**DATES:** The period for submission of comments on the draft Monitoring Plan Agreement ends on September 22, 2000.

**ADDRESSES:** All comments on the draft Monitoring Plan Agreement should be sent to: David Beck, U.S. EPA, Mail Drop 10, Research Triangle Park, NC 27711. Comments also may be faxed to David Beck at 919-541-2464 or sent via electronic mail to: [beck.david@epa.gov](mailto:beck.david@epa.gov).

**FOR FURTHER INFORMATION CONTACT:** To obtain a copy of the draft Monitoring Plan Agreement, contact: Adele Cardenas of EPA Region VI at 214-665-7210 or electronically at [cardenas.adele@epa.gov](mailto:cardenas.adele@epa.gov) or David Beck at 919-541-5421 or electronically at [beck.david@epa.gov](mailto:beck.david@epa.gov). In addition, project documents are located at EPA Region VI, First Interstate Bank Tower at Fountain Place, 1445 Ross Avenue, Suite 1200, Dallas, TX 75202. Questions to EPA regarding the documents can be directed to Adele Cardenas at 214-665-7210 or David Beck at 919-541-5421. Additional information on Project XL, including documents referenced in this notice, other EPA policy documents related to Project XL, application information, and descriptions of existing XL projects and proposals, is available via the internet at "<http://www.epa.gov/ProjectXL>."

**SUPPLEMENTARY INFORMATION:** Project XL, announced in the **Federal Register** on May 23, 1995 (60 FR 27282), gives

regulated entities the opportunity to develop alternative strategies that will replace or modify specific regulatory requirements on the condition that they produce greater environmental benefits. Under the Fort Worth XL project, the City of Fort Worth proposes to demonstrate that use of an alternative demolition method on abandoned buildings containing asbestos will protect the public from asbestos emissions as well as the demolition method specified in an asbestos emission standard issued by EPA under section 112 of the Clean Air Act. Moreover, the City expects that their lower cost demolition method will allow them to accelerate demolitions, thereby eliminating sites potentially harboring illegal activities and reducing safety/health hazards associated with the abandoned structures. To demonstrate the effectiveness of their method, the City will monitor asbestos emissions during the demolition of a single structure in Phase 1 of the project and, if Phase 1 monitoring results indicate the Fort Worth method is equivalent to the regulatory method, two additional structures during Phase 2. The project entails a set number of Fort Worth method demolitions under a third and final phase of the project, provided the results of Phase 2 continue to show equivalency.

The draft Monitoring Plan Agreement is a voluntary agreement developed with input from the City of Fort Worth, the Texas Department of Health, and EPA which lays out the protocol for capturing and analyzing asbestos emissions for Phase 1 of the project. The agreement also spells out the criteria by which the Fort Worth method can be shown equivalent to the Federal method, for the purposes of proceeding to Phase 2 of the project. The City does not require regulatory relief to perform the Phase 1 demolition, since the structure to be demolished is of a type that can be demolished under the asbestos standard using the Fort Worth method. To conduct phases 2 and 3 of the project, Fort Worth will need regulatory relief (specifically from 40 CFR part 61 subpart M—National Emission Standard for Asbestos). The details of these phases will be negotiated with stakeholders and set forth in a Final Project Agreement (FPA). A draft of the FPA will be available for public comment through a future **Federal Register** notice.

### Pesticides; Science Policy on Use of Data on Cholinesterase Inhibition in Risk Assessment

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of availability.

**SUMMARY:** EPA is announcing the availability of the revised version of the pesticide science policy document entitled "The Use of Data on Cholinesterase Inhibition for Risk Assessments of Organophosphorus and Carbamate Pesticides." This notice is one in a series concerning science policy documents related to implementation of the Federal Food, Drug, and Cosmetic Act, as amended by the Food Quality Protection Act.

**FOR FURTHER INFORMATION CONTACT:** Dr. Penelope A. Fenner-Crisp, Environmental Protection Agency (7501C), 1200 Pennsylvania, Ave., NW., Washington, DC 20460; telephone number: (703) 605-0654; fax number: (703) 308-4776; e-mail address: fenner-crisp.penelope@epa.gov.

#### SUPPLEMENTARY INFORMATION:

##### I. General Information

###### A. Does this Action Apply to Me?

You may be potentially affected by this action if you manufacture or formulate pesticides. Potentially affected categories and entities may include, but are not limited to:

Categories	NAICS	Examples of potentially affected entities
Pesticide Producers .....	32532	Pesticide manufacturers Pesticide formulators

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether or not this notice affects certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

### B. How Can I Get Additional Information, Including Copies of this Document or Other Related Documents?

1. *Electronically.* You may obtain electronic copies of this document, the science policy documents, and certain other related documents that might be available from the Office of Pesticide Programs' Home Page at <http://www.epa.gov/pesticides/>. On the Office of Pesticide Programs' Home Page select "FQPA" and then look up the entry for this document under "Science Policies." You can also go directly to the listings at the EPA Home page at <http://www.epa.gov>. On the Home Page select "Laws and Regulations," "Regulations and Proposed Rules," and then look up the entry for this document under "**Federal Register**—Environmental Documents." You can go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

2. *Fax-on-Demand.* You may request a faxed copy of the science policy documents, as well as supporting information, by using a faxphone to call (202) 401-0527. Select item 6065 for the document entitled "Office of Pesticide Programs' Science Policy on the Use of Data on Cholinesterase Inhibition for Risk Assessments of Organophosphorus and Carbamate Pesticides." Select item 6066 for the document entitled "Responses to Public Comments on the Office of Pesticide Programs' 1997 Science Policy: The Use of Data on Cholinesterase Inhibition for Risk Assessments of Organophosphorus and Carbamate Pesticides." You may also follow the automated menu.

3. *In person.* The Agency has established an official record for this action under docket control number OPP-00560A which includes a document summarizing an objection received during internal EPA review and EPA response to the objection. In addition, the documents referenced in the framework notice, which published in the **Federal Register** on October 29, 1998 (63 FR 58038) (FRL-6041-5) have also been inserted in the docket under docket control number OPP-00557. The official record consists of the documents specifically referenced in this action, and other information related to this action, including any information claimed as Confidential Business Information (CBI). This official record includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of the official record, which includes printed, paper versions of any
