## DEPARTMENT OF TRANSPORTATION

## Saint Lawrence Seaway Development Corporation

## 33 CFR Part 401

[Docket No. SLSDC 2000-7543]

RIN 2135-AA11

## Seaway Regulations and Rules: Miscellaneous Amendments

**AGENCY:** Saint Lawrence Seaway Development Corporation, DOT.**ACTION:** Final Rule; corrections.

**SUMMARY:** In the Saint Lawrence Seaway Development Corporation (SLSDC) Final Rule amending the Seaway Regulations and Rules (33 CFR part 401) published in the **Federal Register** on August 31, 2000 (65 FR 52912), inadvertent errors were made in the amended authority citation and in the amendment to paragraph § 401.90(c)(2). This document corrects those errors.

**DATES:** Effective on October 2, 2000.**FOR FURTHER INFORMATION CONTACT:**

Marc C. Owen, Chief Counsel, Saint Lawrence Seaway Development Corporation, 400 Seventh Street, SW., Washington, DC 20590, (202) 366-6823.

**SUPPLEMENTARY INFORMATION:** In the Saint Lawrence Seaway Development Corporation (SLSDC) Final Rule amending the Seaway Regulations and Rules (33 CFR part 401) published in the **Federal Register** on August 31, 2000

(65 FR 52912), inadvertent errors were made in the amended authority citation and in the amendment to § 401.90(c)(2). In the authority citation, “49 CFR 1.50a” should have been “49 CFR 1.52(a)”. In § 401.90(c)(2) the word “reasonable” should have been “reasonably”. This correction makes those changes.

In rule SLSDC 2000-7543 published in the **Federal Register** on August 31, 2000 (65 FR 52912), make the following corrections:

1. On page 52913, in the second column, in the amendment to the authority citation (amendment 1), remove “49 CFR 1.50a” and add in its place “49 CFR 1.52(a)”.

2. On page 52915, in the second column, in the amendment to § 401.90(c)(2) (included in amendment 25), remove “reasonable” and add in its place “reasonably”.

Issued at Washington, DC on September 14, 2000.

Saint Lawrence Seaway Development Corporation.

**Marc C. Owen,**

*Chief Counsel.*

## ENVIRONMENTAL PROTECTION AGENCY

## 40 CFR Part 52

[CA 226-0251; FRL-6868-9]

## Revisions to the California State Implementation Plan, Tehama County Air Pollution Control District

**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

**SUMMARY:** EPA is finalizing limited approval and limited disapproval of revisions to the Tehama County Air Pollution Control District (TCAPCD) portions of the California State Implementation Plan (SIP). The actions were proposed in the **Federal Register** on April 17, 2000, and concern control of emissions of oxides of nitrogen (NO<sub>x</sub>) from industrial, institutional, and commercial boilers, steam generators, and process heaters, stationary piston engines, and stationary gas turbines. Under authority of the Clean Air Act as amended in 1990 (CAA or the Act), this action simultaneously approves local rules that regulate these emission sources and directs California to correct rule deficiencies.

**EFFECTIVE DATE:** This rule is effective on October 19, 2000.

**ADDRESSES:** You can inspect copies of the administrative record for this action at EPA's Region IX office during normal business hours. You can inspect copies of the submitted SIP revisions at the following locations:

Environmental Protection Agency,  
Region IX, 75 Hawthorne Street, San  
Francisco, CA 94105-3901.  
Environmental Protection Agency, Air  
Docket (6102), Ariel Rios Building,  
1200 Pennsylvania Avenue, N.W.,  
Washington D.C. 20460.  
California Air Resources Board,  
Stationary Source Division, Rule  
Evaluation Section, 2020 "L" Street,  
Sacramento, CA 95812.

Tehama County APCD, P.O. Box 38  
(1750 Walnut Street) Red Bluff, CA  
96080

**FOR FURTHER INFORMATION CONTACT:** Ed  
Addison, Rulemaking Office, AIR-4, Air  
Division, U.S. Environmental Protection  
Agency, Region IX, 75 Hawthorne  
Street, San Francisco, CA 94105-3901  
Telephone: (415) 744-1160.

#### **SUPPLEMENTARY INFORMATION:**

Throughout this document, "we," "us"  
and "our" refer to EPA.

#### **I. Proposed Action**

On April 17, 2000 (65 FR 20423), EPA  
proposed a limited approval and limited  
disapproval of the following rules that  
were submitted for incorporation into  
the California SIP.

Air pollution agency	Rule #	Rule title	Adopted	Submitted
Tehama County Air Pollution Control District	4.31	Industrial, Institutional, and Commercial Boil- ers, Steam Generators, and Process Heat- ers.	03/14/95	5/13/99
Tehama County Air Pollution Control District	4.34	Stationary Piston Engines .....	06/03/97	5/13/99
Tehama County Air Pollution Control District	4.37	Determination of Reasonably Available Con- trol Technology for the Control of Oxides of Nitrogen from Stationary Gas Turbines.	04/21/98	5/13/99

We proposed a limited approval  
because we determined that these rules  
improve the SIP and are largely  
consistent with the relevant CAA  
requirements. We simultaneously  
proposed a limited disapproval because  
some rule provisions conflict with  
section 110 and part D of the Act. These  
provisions include the following:

Rule 4.31 and Rule 4.37 allow APCO  
discretion as to approval of units that  
are exempt from RACT emission  
requirements due to lack of technical or  
economic feasibility. Rule 4.31 allows  
unapprovable APCO discretion as to  
schedule of periodic compliance  
determinations. Rule 4.34 allows APCO  
discretion in approving the use of  
alternate portable analyzers.

Our proposed action contains more  
information on the basis for this  
rulemaking and on our evaluation of the  
submittals.

## **II. Public Comments and EPA Responses**

EPA's proposed action provided a 30-  
day public comment period. No  
comments were submitted regarding our  
proposed action.

## **III. EPA Action**

Therefore, as authorized in sections  
110(k)(3) and 301(a) of the Act, EPA is  
finalizing a limited approval of the  
submitted rules. This action  
incorporates the submitted rules into  
the California SIP, including those  
provisions identified as deficient. As  
authorized under section 110(k)(3), EPA  
is simultaneously finalizing a limited  
disapproval of the rules. As a result,  
sanctions will be imposed unless EPA  
approves subsequent SIP revisions that  
correct the rules deficiencies within 18  
months of the effective date of this

action. These sanctions will be imposed  
under section 179 of the Act according  
to 40 CFR 52.31. In addition, EPA must  
promulgate a federal implementation  
plan (FIP) under section 110(c) unless  
we approve subsequent SIP revisions  
that correct the rule deficiencies within  
24 months. Note that the submitted  
rules have been adopted by the Tehama  
County Air Pollution Control District,  
and EPA's final limited disapproval  
does not prevent the local agency from  
enforcing them.

## **IV. Administrative Requirements**

### *A. Executive Order 12866*

The Office of Management and Budget  
(OMB) has exempted this regulatory  
action from Executive Order (E.O.)  
12866, entitled "Regulatory Planning  
and Review."

### *B. Executive Order 13045*

Executive Order 13045, entitled  
Protection of Children from  
Environmental Health Risks and Safety  
Risks (62 FR 19885, April 23, 1997),  
applies to any rule that: (1) is  
determined to be "economically  
significant" as defined under E.O.  
12866, and (2) concerns an  
environmental health or safety risk that  
EPA has reason to believe may have a  
disproportionate effect on children. If  
the regulatory action meets both criteria,  
the Agency must evaluate the  
environmental health or safety effects of  
the planned rule on children, and  
explain why the planned regulation is  
preferable to other potentially effective  
and reasonably feasible alternatives  
considered by the Agency.

This rule is not subject to E.O. 13045  
because it does not involve decisions  
intended to mitigate environmental  
health or safety risks.

### *C. Executive Order 13084*

Under Executive Order 13084,  
Consultation and Coordination with  
Indian Tribal Governments, EPA may  
not issue a regulation that is not  
required by statute, that significantly  
affects or uniquely affects the  
communities of Indian tribal  
governments, and that imposes  
substantial direct compliance costs on  
those communities, unless the Federal  
government provides the funds  
necessary to pay the direct compliance  
costs incurred by the tribal  
governments. If the mandate is  
unfunded, EPA must provide to OMB,  
in a separately identified section of the  
preamble to the rule, a description of  
the extent of EPA's prior consultation  
with representatives of affected tribal  
governments, a summary of the nature  
of their concerns, and a statement  
supporting the need to issue the  
regulation. In addition, E.O. 13084  
requires EPA to develop an effective  
process permitting elected and other  
representatives of Indian tribal  
governments "to provide meaningful  
and timely input in the development of  
regulatory policies on matters that  
significantly or uniquely affect their  
communities."

Today's rule does not significantly or  
uniquely affect the communities of  
Indian tribal governments. Accordingly,  
the requirements of section 3(b) of E.O.  
13084 do not apply to this rule.

### *D. Executive Order 13132*

Executive Order 13132, entitled  
Federalism (64 FR 43255, August 10,  
1999) revokes and replaces Executive  
Orders 12612, Federalism and 12875,  
Enhancing the Intergovernmental  
Partnership. E.O. 13132 requires EPA to  
develop an accountable process to

ensure “meaningful and timely input by State and local officials in the development of regulatory policies that have federalism implications.” “Policies that have federalism implications” is defined in the Executive Order to include regulations that have “substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.” Under E.O. 13132, EPA may not issue a regulation that has federalism implications, that imposes substantial direct compliance costs, and that is not required by statute, unless the Federal government provides the funds necessary to pay the direct compliance costs incurred by State and local governments, or EPA consults with State and local officials early in the process of developing the proposed regulation. EPA also may not issue a regulation that has federalism implications and that preempts State law unless the Agency consults with State and local officials early in the process of developing the proposed regulation.

This rule will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in E.O. 13132, because it merely acts on a state rule implementing a federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. Thus, the requirements of section 6 of the Executive Order do not apply to this rule.

#### *E. Regulatory Flexibility Act*

The Regulatory Flexibility Act (RFA) generally requires an agency to conduct a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. Small entities include small businesses, small not-for-profit enterprises, and small governmental jurisdictions.

This final rule will not have a significant impact on a substantial number of small entities because SIP approvals under section 110 and subchapter I, part D of the Clean Air Act do not create any new requirements but simply act on requirements that the State is already imposing. Therefore, because the Federal SIP approval does not create any new requirements, I certify that this action will not have a

significant economic impact on a substantial number of small entities.

EPA’s disapproval of the state request under section 110 and subchapter I, part D of the Clean Air Act does not affect any existing requirements applicable to small entities. Any pre-existing federal requirements remain in place after this disapproval. Federal disapproval of the state submittal does not affect state enforceability. Moreover, EPA’s disapproval of the submittal does not impose any new Federal requirements. Therefore, I certify that this action will not have a significant economic impact on a substantial number of small entities.

Moreover, due to the nature of the Federal-State relationship under the Clean Air Act, preparation of flexibility analysis would constitute Federal inquiry into the economic reasonableness of state action. The Clean Air Act forbids EPA to base its actions concerning SIPs on such grounds. *Union Electric Co. v. U.S. EPA*, 427 U.S. 246, 255–66 (1976); 42 U.S.C. 7410(a)(2).

#### *F. Unfunded Mandates*

Under section 202 of the Unfunded Mandates Reform Act of 1995 (“Unfunded Mandates Act”), signed into law on March 22, 1995, EPA must prepare a budgetary impact statement to accompany any proposed or final rule that includes a Federal mandate that may result in estimated costs to State, local, or tribal governments in the aggregate; or to private sector, of \$100 million or more. Under section 205, EPA must select the most cost-effective and least burdensome alternative that achieves the objectives of the rule and is consistent with statutory requirements. Section 203 requires EPA to establish a plan for informing and advising any small governments that may be significantly or uniquely impacted by the rule.

EPA has determined that the approval action promulgated does not include a Federal mandate that may result in estimated costs of \$100 million or more to either State, local, or tribal governments in the aggregate, or to the private sector. This Federal action acts on pre-existing requirements under State or local law, and imposes no new requirements. Accordingly, no additional costs to State, local, or tribal governments, or to the private sector, result from this action.

#### *G. National Technology Transfer and Advancement Act*

Section 12 of the National Technology Transfer and Advancement Act (NTTAA) of 1995 requires Federal

agencies to evaluate existing technical standards when developing a new regulation. To comply with NTTAA, EPA must consider and use “voluntary consensus standards” (VCS) if available and applicable when developing programs and policies unless doing so would be inconsistent with applicable law or otherwise impractical.

EPA believes that VCS are inapplicable to today’s action because it does not require the public to perform activities conducive to the use of VCS.

#### *H. Submission to Congress and the Comptroller General*

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This rule is not a “major” rule as defined by 5 U.S.C. 804(2).

#### *I. Petitions for Judicial Review*

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 20, 2000. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

#### **List of Subjects in 40 CFR Part 52**

Environmental protection, Air pollution control, Hydrocarbons, Incorporation by reference, Intergovernmental relations, Nitrogen dioxide, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Dated: August 3, 2000.

**John Wise,**

*Acting Regional Administrator, Region IX.*

Part 52, Chapter I, Title 40 of the Code of Federal Regulations is amended as follows:

## **PART 52—[AMENDED]**

1. The authority citation for part 52 continues to read as follows:

**Authority:** 42 U.S.C. 7401 *et seq.*

## **Subpart F—California**

2. Section 52.220 is amended by adding paragraph (c) (263) (i)(D) to read as follows:

### **§ 52.220 Identification of plan.**

\* \* \* \* \*

(c) \* \* \*

(263) \* \* \*

(i) \* \* \*

(D) Tehama County Air Pollution Control District.

(1) Rule 4:31 adopted on March 14, 1995, Rule 4:34 adopted on June 3, 1997, and Rule 4:37 adopted on April 21, 1998. (EAD)

BILLING CODE 6560–50–P

## **DEPARTMENT OF TRANSPORTATION**

### **National Highway Traffic Safety Administration**

### **49 CFR Part 593**

[Docket No. NHTSA–2000–7882]

RIN 2127–AI17

### **List of Nonconforming Vehicles Decided To Be Eligible for Importation**

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This document revises the list of vehicles not originally manufactured to conform to the Federal motor vehicle safety standards that NHTSA has decided to be eligible for importation. This list is contained in an appendix to the agency's regulations that prescribe procedures for import eligibility decisions. The revised list includes all vehicles that NHTSA has decided to be eligible for importation since October 1, 1999. NHTSA is required by statute to publish this list annually in the **Federal Register**.

**DATES:** Effective September 19, 2000.

**FOR FURTHER INFORMATION CONTACT:** George Entwistle, Office of Vehicle

Safety Compliance, NHTSA (202–366–3306).

**SUPPLEMENTARY INFORMATION:** Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards. Where there is no substantially similar U.S.-certified motor vehicle, 49 U.S.C. 30141(a)(1)(B) permits a nonconforming motor vehicle to be admitted into the United States if its safety features comply with, or are capable of being altered to comply with, all applicable Federal motor vehicle safety standards based on destructive test data or such other evidence as the Secretary of Transportation decides to be adequate.

Under 49 U.S.C. 30141(a)(1), import eligibility decisions may be made “on the initiative of the Secretary of Transportation or on petition of a manufacturer or importer registered under [49 U.S.C. 30141(c)].” The Secretary's authority to make these decisions has been delegated to NHTSA. The agency publishes notice of eligibility decisions as they are made.

Under 49 U.S.C. 30141(b)(2), a list of all vehicles for which import eligibility decisions have been made must be published annually in the **Federal Register**. On October 1, 1996, NHTSA added the list as an appendix to 49 CFR Part 593, the regulations that establish procedures for import eligibility decisions (61 FR 51242). As described in the notice, NHTSA took that action to ensure that the list is more widely disseminated to government personnel who oversee vehicle imports and to interested members of the public. See 61 FR 51242–43. In the notice, NHTSA expressed its intention to annually revise the list as published in the appendix to include any additional vehicles decided by the agency to be eligible for importation since the list was last published. See 61 FR 51243. The agency stated that issuance of the document announcing these revisions will fulfill the annual publication requirements of 49 U.S.C. 30141(b)(2). *Ibid.*

## **Rulemaking Analyses and Notices**

### **1. Executive Order 12866 (Federal Regulatory Planning and Review) and DOT Regulatory Policies and Procedures**

This rulemaking action was not reviewed under Executive Order 12866. NHTSA has analyzed this rulemaking action and determined that it is not “significant” within the meaning of the Department of Transportation's regulatory policies and procedures.

### **2. Regulatory Flexibility Act**

In accordance with the Regulatory Flexibility Act, NHTSA has evaluated the effects of this action on small entities. Based upon this evaluation, I certify that the revisions resulting from this rulemaking will not have a significant economic impact on a substantial number of small entities. Accordingly, the agency has not prepared a regulatory flexibility analysis.

Because this rulemaking does not impose any regulatory requirements, but merely furnishes information by revising the list in the Code of Federal Regulations of vehicles for which import eligibility decisions have been made, it has no economic impact.

### **3. Executive Order 12612 (Federalism)**

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that this rule does not have sufficient Federalism implications to warrant preparation of a Federalism Assessment. No State laws will be affected.

### **4. National Environmental Policy Act**

The agency has considered the environmental implications of this rule in accordance with the National Environmental Policy Act of 1969 and determined that it will not significantly affect the human environment.

### **5. Paperwork Reduction Act**

In accordance with the Paperwork Reduction Act of 1980, P.L. 96–511, the agency notes that there are no information collection requirements associated with this rulemaking action.

### **6. Civil Justice Reform**

This rule does not have any retroactive effect. It does not repeal or modify any existing Federal regulations. A petition for reconsideration or other administrative proceeding will not be a prerequisite to an action seeking judicial review of this rule. This rule does not preempt the states from adopting laws or regulations on the same subject, except that it will preempt a state
