

Washington, DC 20585, (202) 586-7092 or (202) 586-6279 (fax).

SUPPLEMENTARY INFORMATION: The purpose of the Secretary of Energy Advisory Board's Panel on Emerging Technological Alternatives to Incineration is to provide independent external advice and recommendations to the Secretary of Energy Advisory Board on emerging technological alternatives to incineration for the treatment of mixed waste which the Department of Energy should pursue. The Panel will focus on the evaluation of emerging non-incineration technologies for the treatment of low-level, alpha low-level and transuranic wastes containing polychlorinated biphenyls (PCBs) and other hazardous constituents. Waste categories to be addressed include inorganic homogeneous solids, organic homogeneous solids, and soils. The Panel will also evaluate whether the emerging non-incineration technologies could be implemented in a manner that would allow the Department of Energy to comply with all legal requirements, including those contained in the Settlement Agreement and Consent Order signed by the State of Idaho, Department of Energy, and the U.S. Navy in October 1995.

Tentative Agenda

The agenda for the September 27 meeting has not been finalized. However, the meeting will include panel discussion and presentations on Waste Characterization and R&D Plans for Tru Mixed Waste. Members of the Public wishing to comment on issues before the Panel on Emerging Technological Alternatives to Incineration will have an opportunity to address the Panel during the scheduled public comment period. The final agenda will be available at the meeting.

Tentative Agenda

8:00-8:10 Opening Remarks
8:10-8:30 Review of Minutes from the Idaho Falls, Idaho and Jackson, Wyoming Meetings
8:30-9:00 INEEL Wastes to be Treated: Volumes vs Criteria
9:00-9:30 Characterization Video
9:30-9:45 Break
9:45-10:30 R&D Plan for TRU Mixed Waste
10:30-11:00 RFI Review and Technical Analysis Plan/Responses Received
11:00-12:00 Discussion of Report Outline and Writing Assignments
12:00-12:30 Lunch
12:30-01:00 Public Comment
1:00-2:00 Actions and Plans for future meetings
2:00-2:30 Specific Questions to be Answered by DOE/Closing

Public Participation

In keeping with procedures, members of the public are welcome to observe the business of the Panel on Emerging Technological Alternatives to Incineration and submit written comments or comment during the scheduled public comment period. Members of the public will be heard in the order in which they sign up at the beginning of the meeting. The Panel will make every effort to hear the views of all interested parties. The Chairman of the Panel is empowered to conduct the meeting in a fashion that will, in the Chairman's judgment, facilitate the orderly conduct of business. You may submit written comments to Mary Louise Wagner, Executive Director, Secretary of Energy Advisory Board, AB-1, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, D.C. 20585. This notice is being published less than 15 days before the date of the meeting due to the late resolution of programmatic issues.

Minutes

A copy of the minutes and a transcript of the meeting will be made available for public review and copying approximately 30 days following the meeting at the Freedom of Information Public Reading Room, 1E-190 Forrestal Building, 1000 Independence Avenue, SW., Washington, DC, between 9 a.m. and 4 p.m., Monday through Friday except Federal holidays. Further information on the Secretary of Energy Advisory Board and its subcommittees may be found at the Board's web site, located at <http://www.hr.doe.gov/seab>.

Issued at Washington, DC, on September 14, 2000.

Rachel M. Samuel,

Deputy Advisory Committee Management Officer.

Federal Energy Regulatory Commission

[Docket No. EL00-109-000]

Alternate Power Source, Inc., Complainant v. ISO New England, Inc., Respondent; Notice of Complaint

September 13, 2000.

Take notice that on September 11, 2000, Alternate Power Source, Inc. (APS), tendered for filing a Complaint under Section 206 and 306 of the Federal Power Act in which APS petitions the Commission for an order

directing ISO New England, Inc. (ISO-NE) to suspend the April, 2000 ICAP auction "clearing price"; cease and desist from requiring APS to pay into escrow \$700,000 for the month of April, 2000; cease and desist from "settling" the ICAP prices for the months of May, June and July, 2000, and from requiring any payments into escrow until a thorough investigation of all conduct and actions is completed; and if, after an investigation, there is a finding of anomalous conduct in the so-called ICAP auction "market" for the months April through July, 2000, direct ISO-NE to mitigate ICAP prices for those months.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests must be filed on or before September 21, 2000. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222) for assistance. Answers to the complaint shall also be due on or before September 21, 2000.

Linwood A. Watson, Jr.,

Acting Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP00-457-000]

Canadian-Montana Pipeline Corporation and 3698157 Canada Ltd; Notice of Application to Transfer Natural Gas Act Section 3 Authorization and Presidential Permit

September 13, 2000.

On September 7, 2000, The Canadian-Montana Pipeline Corporation (CMPL) and 3698157 Canada Ltd. (Canada Ltd.) filed an application pursuant to Section 3 of the Natural Gas Act (NGA) and Section 153 of the Commission's Regulations and Executive Order No.

10485, as amended by Executive Order No. 12038, seeking authorization to transfer CMPL's existing NGA Section 3 authorization and Presidential Permit to Canada Ltd., all as more fully set forth in the application which is on file with the Commission and which is open to the public for inspection. This filing may be viewed at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Any questions regarding the applications should be directed to William A. Pascoe, Vice President of Gas Operations, 40 East Broadway, Butte, Montana 59701, (406) 497-4212.

Specifically, CMPL and Canada Ltd. request the Commission to issue an order: (1) transferring NGA Section 3 authorization to site, construct and operate facilities for the importation of natural gas from the Province of Saskatchewan, Canada, into Montana; and (2) authorizing the assignment of CMPL's June 18, 1999 Presidential Permit to construct, operate and maintain facilities at the Saskatchewan, Canada/Montana import point.

The import facilities consist of (1) a gas meter station in LSD 5-4-1-14 W3M adjacent to Highway 4 approximately 0.5 mile north of the Village of Monchy, Saskatchewan; and (2) a 219.1 mm O.D. pipeline located directly south of this meter station across the Canada-United States border at Section 6 T37N R30E, extending a distance of approximately 2438 feet. The pipeline crosses the International Boundary and interconnects with a gathering line owned by North American Resources Company in Montana at the property line of the Montana landowner.

CMPL and Canada Ltd. states that the requested transfer and assignment would facilitate the sale of facilities pursuant to a June 28, 2000 Agreement of Purchase and Sale and the transfer and assignment would not affect the underlying use of the facilities.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 4, 2000, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 and 385.211). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a

motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, an intervenor must submit copies of comments or any other filings it makes with the Commission to every other intervenor in the proceeding, as well as an original and 14 copies with the Commission.

A person does not have to intervene, however, in order to have environmental comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for CMPL and Canada Ltd.

to appear or be represented at the hearing.

Linwood A. Watson, Jr.,
Acting Secretary.

[Docket No. CP99-284-000]

Koch Gateway Pipeline Company; Amended Notice of Site Visit

September 13, 2000.

The route review originally scheduled for September 19 and 20, 2000, has been rescheduled for September 20 and 21, 2000. The staff of the Office of Energy Projects (OEP) will conduct the route review of the existing Index 1 Pipeline and related laterals proposed for abandonment by Koch Gateway Pipeline Company (Koch). These facilities were the subject of an Environmental Assessment prepared by the OEP staff and issued for public review and comment on January 27, 2000. The routes, located in the Dallas-Fort Worth area of Texas, will be inspected by automobile. Representatives of Koch will accompany the OEP staff.

Anyone interested in attending the route review or obtaining further information may contact Mr. Paul McKee of the Commission's External Affairs Office at (202) 208-1088. Attendees must provide their own transportation.
