

Rules and Regulations

Federal Register

Vol. 65, No. 190

Friday, September 29, 2000

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

DEPARTMENT OF TRANSPORTATION

14 CFR Part 71

[Airspace Docket No. 00–AGL–16]

Modification of Class D Airspace; Gary, IN; and Establishment of Class E Airspace; Gary, IN, Correction

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correction.

SUMMARY: This action corrects an error in the type of action taken as described in the final rule that was published in the *Federal Register* on Wednesday, July 26, 2000 (65 FR 45840), Airspace Docket No. 00–AGL–16. The final rule modified Class D Airspace at Gary, IN, and established Class E Airspace at Gary, IN.

EFFECTIVE DATE: 0901 UTC, October 5, 2000.

FOR FURTHER INFORMATION CONTACT: Denis C. Burke, Air Traffic Division, Airspace Branch, AGL–520, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, IL 60018, telephone: (847) 294–7477.

SUPPLEMENTARY INFORMATION:

History

Federal Register Document 00–18888, Airspace Docket No. 00–AGL–16, published on July 26, 2000 (65 FR 45840), modified Class D Airspace at Gary, IN, and established Class E Airspace at Gary, IN. An error in the type of action taken concerning the Class E airspace was inadvertently made. The action described for the Class E airspace was given as a modification of existing airspace when in fact it is an establishment of new Class E airspace. This action corrects that error.

Correction to Final Rule

Accordingly, pursuant to the authority delegated to me, the

description for the type of action taken for the Class E airspace, Gary, IN, published in the *Federal Register* July 26, 2000 (65 FR 45840), (FR Doc. 00–18888), is corrected as follows:

1. On page 45840, Column 3, in the heading, beginning in line 6, correct “modification of Class E Airspace” to read “Establishment of Class E Airspace”.

2. On page 45840, Column 3, in the SUMMARY, beginning in line 2, correct “modifies Class E airspace” to read “establishes Class E airspace”.

3. On page 45841, Column 1, line 4 from the top of the column, add “creates” before “Class E airspace”.

4. On page 45841, Column 1, under “History”, line 3, add “establish” before “Class E airspace”.

5. On page 45841, Column 1, under “The Rule”, line 2, add “establishes” before “Class E airspace”.

PART 71—[CORRECTED]

§ 71.1 [Corrected]

6. On page 45841, Column 2, under Paragraph 6005, line 1 of the airspace description, correct “AGL IN E5 Gary, IN [Revised]” to read “AGL IN E5 Gary, IN [New]”.

Issued in Des Plaines, Illinois on September 13, 2000.

Douglas F. Powers,

Acting Manager, Air Traffic Division, Great Lakes Region.

BILLING CODE 4910–13–M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 00–ACE–31]

Amendment to Class E Airspace; Dexter, MO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action amends Class E airspace area at Dexter Municipal Airport, Dexter, MO. A review of the Class E airspace area for Dexter Municipal Airport indicates it does not comply with the criteria for 700 feet Above Ground level (AGL) airspace

required for diverse departures as specified in FAA Order 7400.2D. The Class E airspace has been enlarged to conform to the criteria of FAA Order 7400.2D.

In addition, the Nondirectional Radio Beacon (NDB) and coordinates have been included in the text header.

The intended effect of this rule is to provide additional controlled Class E airspace for aircraft operating under Instrument Flight Rules (IFR), include the NDB and coordinates in the text header and comply with the criteria of FAA Order 7400.2D.

DATES: 0901 UTC, January 25, 2001.

Comments for inclusion in the Rules Docket must be received on or before November 29, 2000.

ADDRESSES: Send comments regarding the rule in triplicate to: Manager, Operations and Airspace Branch, Air Traffic Division, ACE–530, DOT Regional Headquarters Building, Federal Aviation Administration, Docket Number 00–ACE–31, 901 Locust, Kansas City, MO 64106.

The official docket may be examined in the Office of the Regional Counsel for the Central Region at the same address between 9:00 a.m. and 3:00 p.m., Monday through Friday, except Federal holidays.

An informal docket may also be examined during normal business hours in the Air Traffic Division at the same address listed above.

FOR FURTHER INFORMATION CONTACT:

Brenda Mumper, Air Traffic Division, Operations and Airspace Branch, ACE–520a, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329–2524.

SUPPLEMENTARY INFORMATION: This amendment to 14 CFR part 71 revises the Class E airspace at Dexter, MO. A review of the Class E airspace for Dexter Municipal Airport, MO, indicated it does not meet the criteria for 700 feet AGL airspace required for diverse departures as specified in FAA Order 7400.2D. The criteria in FAA Order 7400.2D for an aircraft to reach 1200 feet AGL is based on a standard climb gradient of 200 feet per mile plus the distance from the Airport Reference Point (ARP) to the end of the outermost runway. Any fractional part of a mile is converted to the next higher tenth of a

mile. The amendment at Dexter Municipal Airport, MO, will provide additional controlled airspace for aircraft operation under IFR, include the NDB and coordinates in the text header and comply with the criteria of FAA Order 7400.2D. The area will be depicted on appropriate aeronautical charts. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9H, dated September 1, 2000, and effective September 16, 2000, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. The amendment will enhance safety for all flight operations by designating an area where VFR pilots may anticipate the presence of IFR aircraft at lower altitudes, especially during inclement weather conditions. A greater degree of safety is achieved by depicting the area on aeronautical charts. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Although this action is in the form of a final rule and was not preceded by a notice of proposed rulemaking, comments are invited on this rule. Interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. Communications should identify the Rules Docket number and be submitted in triplicate to the address specified under the caption **ADDRESSES**. All communications

received on or before the closing date for comments will be considered, and this rule may be amended or withdrawn in light of the comments received. Factual information that supports the commenter's ideas and suggestions is extremely helpful in evaluating the effectiveness of this action and determining whether additional rulemaking action would be needed.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy-related aspects of the rule that might suggest a need to modify the rule. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substance of this action will be filed in the Rules Docket.

Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this rule must submit a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. 00-ACE-31." The postcard will be date stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, navigation (air).

Accordingly, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9H, Airspace Designations and Reporting Points, dated September 1, 2000, and effective September 16, 2000, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ACE MO E5 Dexter, MO [Revised]

Dexter Municipal Airport, MO
(Lat 36°46'39" N., long. 89°56'28" W.)
Dexter NDB
(Lat 36°47'18" N., long. 89°56'27" W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of Dexter Municipal Airport and within 2.6 miles each side of the 183° bearing from the Dexter NDB extending from the 6.4-mile radius to 7.4 miles south of the NDB.

Amendments to Class E Airspace; Moberly, MO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments

SUMMARY: This action amends Class E airspace area at Omar N. Bradley Airport, Moberly, MO. A review of the Class E airspace area for Omar N. Bradley Airport indicates it does not comply with the criteria for 700 feet Above Ground Level (AGL) airspace required for diverse departures as specified in FAA Order 7400.2D. The
