[Docket No. ER00-3674-000]

Virginia Electric and Power Company; Notice of Filing

Take notice that on September 14, 2000, Virginia Electric and Power Company (Virginia Power or the Company) tendered for filing the following:

1. Service Agreement for Firm Point-to-Point Transmission Service by Virginia Electric and Power Company to Virginia Electric Marketing LLC designated as Service Agreement No. 297 under the Company's FERC Electric Tariff, Second Revised Volume No. 5;

2. Service Agreement for Non-Firm Point-to-Point Transmission Service by Virginia Electric and Power Company to Virginia Electric Marketing LLC designated as Service Agreement No. 298 under the Company's FERC Electric Tariff, Second Revised Volume No. 5.

The foregoing Service Agreements are tendered for filing under the Open Access Transmission Tariff to Eligible Purchasers effective June 7, 2000. Under the tendered Service Agreements, Virginia Power will provide point-to-point service to Virginia Electric Marketing LLC under the rates, terms and conditions of the Open Access Transmission Tariff.

Virginia Power requests an effective date of September 14, 2000, the date of filing of the Service Agreements.

Copies of the filing were served upon Virginia Electric Marketing LLC, the Virginia State Corporation Commission, and the North Carolina Utilities Commission.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commissions's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before October 5, 2000. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to

intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.red.us/online/rims.htm> (call 202-208-2222 for assistance).

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****Notice of New Docket Prefix**

September 26, 2000.

Notice is hereby given that a new docket prefix has been established to accommodate compliance with the Commission's regulations at 18 CFR 35.34(c) and (h), which were implemented by Order No. 2000. Those regulations require that all public utilities that own, operate, or control electric transmission facilities in interstate commerce, must file either a proposal to participate in a Regional Transmission Organization (RTO) or an explanation of why they are not proposing to participate in an RTO. These filings must be made no later than October 16, 2000 or January 16, 2001, depending on which category the utility is in.

In order to properly docket and manage this type of case and assess Commission resources applicable to this type of work, it is necessary to establish a new docket prefix for this filing requirement. The new docket prefix will be RTFY-NNNN-000, where the FY stands for fiscal year in which the filing is made and the NNNN is a sequential number. For example, the first filing of a utility (or group of utilities) to comply with Order No. 2000, made in fiscal year 2001, will be assigned RT01-1-000, the second will be RT01-2-000, etc.

Public utilities making Order No. 2000 compliance filings are requested to put the "RT" docket prefix in the docket area of their filings.

Secretary.

BILLING CODE 6717-01-U

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6879-4]

Notice of Availability of Persistent Toxic Substance Reports Published in Response to the United States' Commitments in "The Great Lakes Binational Toxics Strategy"

AGENCY: Environmental Protection Agency.

ACTION: Notice of availability and opportunity to comment.

SUMMARY: "The Great Lakes Binational Toxics Strategy; Canada-United States Strategy for the Virtual Elimination of Persistent Toxic Substances in the Great Lakes" (the Strategy), was signed on April 7, 1997. The Strategy set forth a number of challenges to be met on the path toward virtual elimination of the Level I Strategy substances.

In addition, the Strategy identifies a four-step analytical process that Environment Canada and the United States Environmental Protection Agency, in cooperation with their partners, will use in working toward virtual elimination of the Level I

Strategy substances. The four-step process addresses technical and source-related information about the substances (step 1); the analysis of current regulations, initiatives, and programs which manage or control the substances (step 2); the identification of cost-effective options to achieve further reductions (step 3); and the implementation of actions toward the goal of virtual elimination (step 4).

The reports referred to in the title of this notification are in accordance with step 3 of the analytical process, and pertain to Mercury, Polychlorinated Biphenyls, Dioxins/Furans, and Benzo(a)Pyrene and Hexachlorobenzene.

In addition, all step 1 and 2 reports for the substances subject to this notification, including Dioxins/Furans, are available on the Binational Toxics Strategy website.

The intended effect of this notification is to make the step 3 reports available to the public and to allow for discussion of these reports. Comments can be submitted to the Binational Toxics Strategy website, creating a forum that will explore the implementation opportunities for actions leading to the goal of virtual elimination of the aforementioned substances.

DATES: The reports will be made available to the public by September 29, 2000. There will be no closing date for comments, as these reports are intended to initiate an on-going discussion of implementation actions to be taken.

ADDRESSES: The reports, along with electronic comment submission instructions, can be found on the Internet at the following address: <http://www.epa.gov/glnpo/bns/>. In addition, written comments may be sent to the appropriate contact person for each report (see table below) at the following address: U.S. EPA, 77 West Jackson Boulevard, Chicago, Illinois, 60604.
