

Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Linwood A. Watson, Jr.,
Acting Secretary.

Announcement of an Analysis of Oversight and Review of EPA Information Products

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice is to announce EPA's intent to perform an analysis of oversight and review mechanisms for EPA information products. Oversight and review of EPA information products is an aspect of accountability, which EPA is considering as the Agency develops its public access strategy. The analysis will provide useful background for EPA's strategy. Specifically, the analysis will focus on mechanisms to address concerns if inaccurate or misleading information products are published by EPA. The analysis will look at the scope and adequacy of various oversight mechanisms.

EPA will provide detailed issue papers prepared by independent experts from the fields of law, economics and public administration for each of the following issues:

1. What current mechanisms exist to address concerns about inaccurate or misleading information products published by the government? The analysis will address judicial and non-judicial mechanisms for review in both pre-publication and post-publication stages.
2. Generally, what types of additional pre-publication or post-publication mechanisms could be developed under existing law to ensure there is accountability for correcting errors?
3. Assuming the availability of judicial review, what are the costs and benefits (*e.g.*, to the government, to private parties, and to society in general)?

4. When considering the feasibility of new mechanisms to ensure accountability for accurate and clear information or data, what economic and social costs and benefits should be considered (*e.g.*, likelihood for abuse, timeliness of resolution, completeness of information disclosure, effectiveness for resolving issues)?

5. What are some pertinent case histories that show the costs and benefits for judicial and non-judicial review options?

These issue papers are intended to be neutral in tone; they will explain the range of opinions on each issue without advocating any specific position. EPA anticipates that the issue papers will be ready in January 2001. When they are complete, EPA will announce their availability in the **Federal Register** and on the EPA Website, and will post the full texts on the EPA Website. The Agency will open a 30-day public comment period on-line to solicit public input. EPA is interested in obtaining comments from a broad spectrum of its stakeholders, but is particularly interested in hearing from experts in the legal and administrative aspects of judicial and non-judicial review. The Agency would prefer that commenters use the EPA Website to send comments, but will also accept written comments by mail.

ADDRESSES: There will be a 30-day public comment period, announced on the EPA Website (www.epa.gov) and in the **Federal Register** when the issue papers are available. Written comments can be sent by mail to Kevin Donovan, Office of Environmental Information, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Mail Code 2843, Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: For more detailed information on specific aspects of the issue papers, contact Kevin Donovan (donovan.kevin-e@epa.gov) or Vipul Bhatt (bhatt.vipul@epa.gov), Office of Environmental Information, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Mail Code 2843, Washington, DC 20460.

Dated: October 6, 2000.

Elaine Stanley,

Director, Office of Information and Analysis and Access, Office of Environmental Information.

Interagency Project To Clean Up Open Dumps on Tribal Lands: Request for Proposals

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: The national Tribal Solid Waste Interagency Workgroup (Workgroup) is soliciting proposals for its Tribal Open Dump Cleanup Project (Cleanup Project) for Fiscal Year (FY) 2001. In FY 2000 the Workgroup made \$2.4 million available to fund or partially fund eleven proposed projects. The Workgroup believes that a similar dollar amount will be available to fund projects in FY 2001. In selecting Cleanup Project proposals, the Workgroup plans to use a two-step process. The first step is to submit a pre-proposal which generally outlines the proposed project and provides a general budget estimate. This will allow the tribes that are considering submitting full proposals to present their ideas to the Workgroup and receive feedback prior to submitting full proposals. It will also allow the Workgroup agencies to assess and plan for potential financial and technical needs early in the process. The second step of the proposal submission process is to submit a full proposal. Please note that tribes are eligible to submit full proposals even if they do not submit a pre-proposal.

The Cleanup Project is intended to assist tribal communities with closing or upgrading high threat waste disposal sites and providing alternative disposal options. In determining whether a site is high threat, the Workgroup will generally rely on the Indian Health Service's Report to Congress on open dumps on Indian lands. The Workgroup recognizes that an individual tribe may have information on high threat sites that are not included in the IHS Report. To address such sites, the Request for Proposals package includes criteria that allow a tribe to demonstrate that a site represents a serious threat to human health and the environment and should be considered high threat.

The Tribal Solid Waste Interagency Workgroup was established in April 1998 to design a Federal plan for helping tribes bring their waste disposal sites into compliance with the municipal solid waste landfill criteria (40 CFR Part 258), *i.e.*, closing or upgrading open dumps and planning for appropriate alternative disposal. Current Workgroup members include

representatives from EPA, the Bureau of Indian Affairs, the Indian Health Service, the Federal Aviation Administration, the National Oceanic and Atmospheric Administration, the U.S. Geological Survey, the Agency for Toxic Substances and Disease Registry, the United States Coast Guard and the Departments of Agriculture, Defense and Housing and Urban Development.

Criteria: Eligible recipients of assistance under the Cleanup Project include federally recognized tribes and multi-tribe 501(c)(3) organizations whose membership consists of federally recognized tribes. A full explanation of the submittal process, the qualifying requirements, and the criteria that will be used to evaluate proposals for this Project may be found in the Request for Proposals package.

DATES: For consideration, pre-proposals must be received by close of business on November 13, 2000 and full proposals must be received by close of business on February 23, 2001.

FOR FURTHER INFORMATION CONTACT:

Copies of the Request for Proposals package may be downloaded from the Internet at www.epa.gov/tribalmsw by clicking on "What's New." Copies may also be obtained by contacting EPA, IHS or BIA regional or area offices or one of the following Workgroup representatives:

EPA—Melanie Barger Garvey, 202–564–2579, Beverly Goldblatt, 703–308–7278, or Tonya Barnett, 703–308–8278.

IHS—Steve Aoyama, 301–443–1046.

BIA—Jerry Gidner, 202–208–5696.

Dated: October 2, 2000.

Elizabeth A. Cotsworth,

Director, Office of Solid Waste.

Science Advisory Board; Notification of Public Advisory Committee Meetings

Pursuant to the Federal Advisory Committee Act, Public Law 92–463, notice is hereby given that two committees of the US EPA Science Advisory Board (SAB) will meet on the dates and times noted below. All times noted are Eastern Time. All meetings are open to the public, however, seating is limited and available on a first come basis. **Important Notice:** Documents that are the subject of SAB reviews are normally available from the originating EPA office and are not available from

the SAB Office—information concerning availability of documents from the relevant Program Office is included below.

1. Research Strategies Advisory Committee (RSAC)—October 27, 2000

The Research Strategies Advisory Committee (RSAC) will meet via public teleconference on Friday, October 27, 2000 from 10:00 am–12:00 pm. The teleconference meeting will be hosted out of Conference Room 6013 in the USEPA, Ariel Rios Building North, 1200 Pennsylvania Avenue, NW, Washington, DC 20460. Members of the public located in the Washington, DC area are encouraged to attend the meeting due to the limitation on teleconference lines.

Purpose of the Meeting: In this meeting, the Research Strategy Advisory Committee will hold a consultation on the Office of Research and Development's (ORD) draft Strategic Plan 2000.

Availability of Review Materials: A draft agenda will be available to the public at the SAB website (<http://www.epa.gov/sab>) by close-of-business on October 20, 2000. Copies of the ORD draft Strategic Plan 2000 are available from Greg Grinder, US EPA, ORD (8201R), 1300 Pennsylvania Avenue, NW, Washington, DC 20460, telephone (202) 564–6882 or via e-mail at: grinder.greg@epa.gov. The draft is also available on the ORD Website at: <http://www.epa.gov/ORD/SP2K>.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information concerning this meeting or wishing to submit brief oral comments must contact John "Jack" R. Fowle III, Designated Federal Officer, Science Advisory Board (1400A), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW, Washington, DC 20460; telephone (202) 564–4547; FAX (202) 501–0323; or via e-mail at fowle.jack@epa.gov. Requests for oral comments must be in writing (e-mail preferred) and received by Fowle no later than noon Eastern Time on October 20, 2000. For further information concerning participation via telephone, please contact Wanda Fields, Management Assistant, Committee Operations Staff, US EPA Science Advisory Board (1400A), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW, Washington, DC 20460; telephone (202) 564–4539; FAX (202) 501–0582; or via e-mail at fields.wanda@epa.gov.

2. Executive Committee (EC)—November 1–2, 2000

The Executive Committee (EC) of US EPA's Science Advisory Board (SAB)

will meet on Wednesday and Thursday, November 1–2, 2000 beginning at 8:30 a.m. each day and ending no later than 5:00 p.m. each day. The meeting will be held in Conference Room 6013 in the USEPA, Ariel Rios Building North, 1200 Pennsylvania Avenue, NW, Washington, DC 20460.

Purpose of the Meeting: In this meeting, the Executive Committee plans to review reports from some of its Committees/Subcommittee, most likely including, but not limited to, the following:

(a) *Environmental Engineering Committee* (EEC): (1) Commentary on Diffusion (For more details on this SAB commentary, please refer to 65 **Federal Register** 32089, May 22, 2000); (2) Commentary on Measures of Environmental Technology Performance (For more details on this SAB commentary, please refer to 65 **Federal Register** 1866, January 12, 2000).

(b) *Radiation Advisory Committee* (RAC): (1) Advisory on GENII ver. 2.0; and (2) Advisory on TENORM (Technologically Enhanced Naturally Occurring Radioactive Material) (For more details on these two SAB Advisories, please refer to 65 **Federal Register** 18095, April 6, 2000).

On the afternoon of November 1st, the Board will conduct the fourth and final workshop in its series on Science and New Approaches to Stakeholder Involvement. In addition, the EC is planning to conduct a Consultation with the Office of Environmental Information (OEI), discuss interactions with other Federal Advisory committees in the Agency, develop plans for a strategic planning retreat next spring, and confer with selected Agency officials.

Availability of Review Materials: The agenda for the meeting will be updated on the SAB Website (www.epa.gov/sab) up to the time of the meeting per se and will track which reports will be reviewed by EC. The draft SAB reports will also be posted on the Website at least one week prior to the meeting.

Important Notice: The Agency documents that are the subject of SAB reviews are normally available from the originating EPA office and are not available from the SAB Office. Information concerning availability of documents from the relevant Program Office is included in the FR references given above with each SAB report.

For Further Information: Any member of the public wishing further information concerning this meeting or wishing to submit brief oral comments must contact Donald Barnes, Designated Federal Officer, Science Advisory Board (1400A), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue,
