SUPPLEMENTARY INFORMATION:

A. General

The Computer Matching and Privacy Protection Act of 1988 (Public Law (Pub.L.) 100-503), amended the Privacy Act (5 U.S.C. 552a) by establishing the conditions under which computer matching involving the Federal government could be performed and adding certain protections for individuals applying for and receiving Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub.L. 101-508) further amended the Privacy Act regarding protections for such individuals. The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State or local government records. Among other things, it requires Federal agencies involved in computer matching programs to:

(1) Negotiate written agreements with the other agency or agencies participating in the matching programs;

(2) Obtain the approval of the match agreement by the Data Integrity Boards (DIB) of the participating Federal Agencies;

(3) Furnish detailed reports about matching programs to Congress and OMB;

(4) Notify applicants and beneficiaries that their records are subject to matching; and

(5) Verify match findings before reducing, suspending, terminating or denying an individual's benefits or payments.

B. SSA Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of SSA's computer matching programs comply with the requirements of the Privacy Act, as amended.

Dated: July 13, 2000.

Susan M. Daniels,

Deputy Commissioner for Disability and Income Security Programs.

Notice of Computer Matching Program, Social Security Administration (SSA) with the Department of Labor (DOL)

A. Participating Agencies SSA and DOL

B. Purpose of the Matching Program

The purpose of this matching program is to establish the conditions, safeguards and procedures under which DOL agrees to disclose Part C Black Lung benefit data to SSA. SSA will use the match results to determine the correct amount of Social Security disability benefits for recipients of Part C Black Lung benefits, as required by the Social Security Act (the Act).

C. Authority for Conducting the Matching Program

Section 224(h)(1) of the Act, 42 U.S.C. (h)(1).

D. Categories of Records and Individuals Covered by the Match

DOL will provide SSA with a magnetic tape file extracted from the Office of Workers' Compensation Programs Black Lung Benefits Payments File. The extracted file will contain information about all live miners, under age 65, entitled to Part C Black Lung benefits. Each record on the DOL file will be matched with SSA's Master Beneficiary Record to identify individuals potentially subject to benefit reductions, due to their receipt of Part C Black Lung benefits, under section 224 of the Social Security Act, 42 U.S.C. 424.

E. Inclusive Dates of the Match

The matching program shall become effective upon the signing of the agreement by both parties to the agreement and approval of the agreement by the Data Integrity Boards of the respective agencies, but no sooner than 40 days after notice of the matching program is sent to Congress and the Office of Management and Budget, or 30 days after publication of this notice in the **Federal Register**, whichever is later. The matching program will continue for 18 months from the effective date and may be extended for an additional 12 months thereafter, if certain conditions are met.
